BUDGET HIGHLIGHTS

The Second Interim Budget is based on the latest assumptions available from the Governor's 2019/20 budget proposal. Highlights and descriptions of items effecting the district's budget are provided below.

Average Daily Attendance (ADA)

Funding is based on the higher of current or prior year ADA.

- Current year 2019/20 is funded on current year projected ADA of 1,003.50 with a CBEDS count of 1,055 and current enrollment at 1,057.
- Fiscal year 2020/21 ADA is projected at 1002.96 but funded at prior year estimated ADA of 1,003.50.
- Fiscal year 2021/22 ADA is projected at 996.26 but funded at prior year estimated ADA of 1002.96.

Note: District projected ADA for 2019/20 P2 ADA is projected using historical attendance declines from P-1 Attendance to P-2 Attendance. The Historical trend is that attendance participation drops as the school year progresses. The 1003.50 ADA projection reflects these historical trends.

REVENUE

Local Control Funding Formula (LCFF)

State Aid and Property Tax

The LCFF funding provides 79.3% of the districts total revenue. The formula is based upon ADA multiplied by LCFF factors and offset by property taxes. The portion remaining after deducting property taxes is provided in a combination of State Aid and the Education Protection Act (Prop 30). LCFF funding is projected to be \$9,567,592, which is higher than the First Interim Budget because of the re-classification of students who became designated as homeless as a result of the Camp Fire. There was no increase or decrease to estimated ADA.

LCFF base funding for 2019/20 is \$8,272 per ADA, and average supplemental funding is \$725 per ADA. The total of LCFF funding results in \$9,534 per ADA. In addition to the aforementioned components of LCFF, there are several add-ons for grade span, Supplemental Funding, and Concentration Fund (which the district does not qualify).

Federal Funding

Federal funding provides 4.7% of the district's overall funding. Federal revenue is projected at \$567,727, which is a \$257,867 increase over the First Interim Budget. The increase is due to a confirmation of the EIA grant to be received by Durham to reimburse the District for services to students who became enrolled in Durham Unified School District as a result of the Camp Fire in November of 2018. Federal funds are restricted in nature for purposes determined by the grantor, not the local Board of Education. Federal Funds are usually closer to 2.5% of the District budget, but due to the EIA grant, the Federal Funding resulted in a larger portion of the current year budget. It is expected that this figure will decrease again in the 2020/21 school year.

State Funding

State funding contributes 13.2% of the district's overall funding this year. Normally the amount is closer to 6% but is higher as a result of one-time funding from the state for the California Technical Incentive Education Grant, or CTEIG, (\$99,490) and a the award of two electric school buses including a grant of \$120,000 for infrastructure to accommodate the new buses (\$638,568). The major sources of other state revenue are State Lottery, Mandated Reimbursement, and Special Education. State funding is projected at \$1,592,758, which is \$404,150 less than First Interim due to a STRS on-behalf not being included in the Governor's budget in January.

Local Funding

Local funding contributed 2.7% of the district's overall funding. Local Funding consists of revenue received from the Butte County Office of Education for contracted services and local revenue generated by rents, leases, donations, interest, and miscellaneous transactions. The local revenue projection is \$331,038, which is \$5,889 more than expected at the First Interim Budget. The increase is a result of adjusting amounts budgeted for donations to actual levels to date.

Other Financing Sources

"Transfers Ins" should not be confused with actual new revenue. The transfer in transaction is merely a transfer of funds from one fund to another e.g. Technology Fund to General Fund. Acceptable uses are for planned one time purchases or major projects. In cases of financial distress, districts may use this option to balance the budget. For this purpose, the district will not be making a one-time transfer of funds from the Special Reserve Fund. This is the first time in several years the District has not projected this transfer. This decrease was due to the EIA Grant being sufficient to cover the originally projected deficit spending. The District will be making a \$37,000 one-time transfer from the Special Reserve for Capital Outlay Fund to the General Fund to offset the cost of a major school bus repair.

GENERAL FUND EXPENDITURES

The majority of the district's expenditures are committed to the salaries and benefits for the district staff. Education is a people based business; therefore, 76.37% of the district's expenditures are for salaries and benefits at the total cost of \$9,031,042, a \$558,108 decrease over First Interim. The largest piece of the decrease is the STRS on-behalf contribution which represented a decrease of \$404,247. There is also savings related to one classified employee retirement, one certificated employee retirement, and the retirement of the Superintendent. Also included in the decrease is projected decreases in sub costs for both classified and certificated.

Staffing Full Time Equivalent (FTE) Cost of Salaries: \$6,550,524

Certificated Administration; 6 FTE

Certificated Teaching and Student Support: 56.6 FTE

Classified Confidential and Assistant Supertendent of Business: 3 FTE

Classified Support: 38.4 FTE

Total Salaries decreased by \$112,711 compared to First Interim due to a reduction in projected certificated substitutes, certificated extra-duty, and employee retirements.

Benefits cost \$2,616,554

Benefits consist of the additional cost to salaries that include: STRS & PERS retirement systems, social security, Medicare, workers compensation, state unemployment, health insurance, and retiree benefits. The Governor proposed increasing the cost of the certificated and classified retirement plans to offset the retirement liability incurred, as a result we expect to incur significant increases in expenditures for both STRS and PERS over

the next several years. The district has budgeted for following percentages for statutory benefits.

Certificated Statutory Benefits	2019/20	2020/21	2021/22
STRS	17.10	18.40	18.10
M/C	1.45	1.45	1.45
SUI	0.50	0.50	0.50
W/C	2.218	2.218	2.218
Retiree	1.344	1.344	1.344
Disability	0.22	0.22	0.22
Total Certificated	22.832%	24.132%	23.982%
Classified Statutory Benefits			
PERS	19.721	22.80	24.90
M/C	1.45	1.45	1.45
SUI	0.50	0.50	0.50
W/C	2.218	2.218	2.218
FICA	6.20	6.20	6.20
Retiree	0.259	0.259	0.259
Total Classified	30.348%	33.427%	35.527%

Health Benefits cost \$1,062,237

The cost of health benefits includes retiree health benefits as well as active staff. The budget projections for the cost of health benefits are as follows:

Certificated Active: \$704,183

Classified Active: \$358,054

Total health benefits decreased by \$12,344 compared to the First Interim Budget due retirements within the District.

Other Expenditures

Other expenditures include the normal cost of operating a school district from supplies to utilities.

- <u>Books and Supplies</u> are budgeted at \$607,177, which is \$62,387 more than at the First Interim Budget and is miscellaneous adjustments to reflect new donations received, as well as the shifting of funds from professional services to supplies to allow for more in-house training.
- <u>Service and Other Operating Expenditures</u> are budgeted at \$769,570, which is an increase of \$30,788 that is due to an increase in legal fees, an increase in Technology, and an increase in utilities to cover the annual settle-up for solar, and various other adjustments to projected levels.

Contributions from Unrestricted Sources

Contributions represent programs that the District chooses to operate or is mandated to operate but the revenues provided do not cover the costs incurred to provide the services required by that program. In these cases, the District's unrestricted revenues must subsidize those operations by transferring monies to those programs. A typical example would be Special Education where the district is required by both the federal and State governments to provide certain services to students, yet the district is provided relatively little in the form of revenues to provide those services. Below is a listing of the programs currently receiving contributions and the amounts contributed.

•	Special Education (State)	\$	868,318
•	Special Education (Federal)	\$	127,535
•	Title I	\$	90,900
•	Maintenance (RRM)	\$	300,392
•	CTEIG (Match)	\$	199,134
•	LCAP Supplemental	\$	868,318
•	DHS Athletic Transportation	\$	29,965
•	DHS Athletics	\$	67,264
•	Site Class/Department Accounts	\$	58,443
	Total:	\$2	2,711,307

Fund Balances and Reserves

Revenues not fully expended in the prior year are carried over into the subsequent year and identified as the District's "Net Ending Fund Balance." In most cases, this is the only reserve account a school district has for general operational purposes. The Net Ending Balance of one year becomes the Net Beginning Balance of the subsequent year.

Included in the projected Net Ending Balance is a "Reserve for Economic Uncertainties." The state required minimum reserve for Durham Unified School District is 4% of the total general fund expenditures. The Board has adopted a resolution to maintain a minimum 8% for economic uncertainty; however, the available reserves are not currently sufficient to permit the district to designate at 8% due to the nature of the composition of the full reserve.

The unrestricted portion of the district's projected reserve levels are noted below for informational purposes only and do not represent the amounts designated for economic uncertainties. Because restricted reserves are specifically designated for specific purposes they <u>are not</u> included in the totals below.

Unrestricted Reserves:

2019/20 6.35% = \$754,706

2010/21 8.73% = \$971,472

2021/22 10.83% = \$1,210,844

Potential Budget Adjustments

The financial outlook at the State level has improved with the Governor's full funding of the LCFF Gap percentage in the current year and the District's enrollment has been steadily increasing over several years. Nonetheless, the District's reserves have suffered a steady decline due to increasing encroachment from Special Education mandates, reductions in funding levels in Title I and Title II, and staffing demands. Increases in PERS and STRS rates remain a challenge in managing the District's budget. Due to these limitations, the District has taken action to meet the State Mandated Minimum Reserve levels, as well as the reserve level created by Board policy.

Upon any significant changes in staffing, expenditure levels, and funding sources, the budget will be adjusted accordingly to accommodate continuing operations. Within the current year MYP (Multiple Year Projection) Staffing changes that have been identified are reflected and result in savings to the District.

It is also important to note that due to the District not currently meeting the Board Policy Mandated Minimum Reserve level of 8%, the District is required to recover the District reserves at a rate of 1% per year. Currently the MYP does meet these requirements.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occui

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6)

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

Deviations from the standards must be explained and may affect the interim certification.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's ADA Standard Percentage Range: -2.0% to +2.0%

1A. Calculating the District's ADA Variances

DATA ENTRY: First Interim data that exist will be extracted into the first column, otherwise, enter data for all fiscal years. Second Interim Projected Year Totals data that exist for the current year will be extracted; otherwise, enter data for all fiscal years. Enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for all fiscal years.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
