# **BUDGET HIGHLIGHTS**

## **Key Assumptions:**

- Revenue Limit deficits based on Governor's May Revision (19.75%)
- Federal programs funded at various rates depending upon federal budget
- Most state categorical programs funded at the same level as 2010-11
- K-3 class size reduction funding for 59 kindergarteners and June 2011 enrollment in first through third grades
- Certificated staffing based on 2010-11 staffing levels. Classified staffing based on 2010-11 staffing levels less positions reduced / eliminated via layoff resolutions.

- Scheduled step increases for all employees
- Medical contributions at \$780/month (\$648 medical; \$112 dental; \$20 vision) for all employees plus 50% of premium increases from 2010-11 to 2011-12.
- Retirement incentives for certificated \$34,542 (two 403b contributions @ \$17,271 each) and classified \$10,000 (one employee taking cash benefit)
- Special education services adjustments based on projected student participation and inflation for those service rates

## **BUDGET NARRATIVE**

The Federal and State budgets have been highly volatile over the past several years. This has translated to a roller coaster effect to Durham Unified School District's budget. The State has implemented unprecedented deficits (approx. 20%) to the school district revenue limit funding (the per pupil funds provided for school district operation). For Durham Unified this equates to a loss of over \$1,350 per student per year for a total loss of over \$1.3 million for just the 2011-12 school year.

The 2011-12 Original budget is based on the Governor's proposed budget as presented in May. On June 15, 2011 the Legislature passed the 2011-12 state budget, unfortunately the Governor vetoed the budget the next day. Both the Governor's proposed budget and the budget passed by the Legislature reflect no additional cuts to education. However, after the veto the Governor asked the Legislature to "try again" to present a balanced budget. The final state budget may indeed include additional cuts to education.

The Federal government has stepped in over the last couple of years to provide one time stimulus funding meant to help bridge the gap for the shortfall in State funding. These unanticipated, onetime funds have provided relief to districts; however they created an inconsistency in our budget patterns most specifically in our ending fund balance projections.

# **General Fund Revenues**

Most of the District's General Fund revenue is generated from the District's Revenue Limit, which yields funds based on a state-determined dollar amount multiplied by the average number of students who are in attendance throughout the school year. Public education--unlike any other public agency--receives most of its revenue based on the population it serves.

The second biggest source of revenue is state categorical income that must be spent for selected state-determined programs. The two largest categorical programs are Special Education services, a restricted program, and K-3 Class-Size Reduction, an unrestricted program.

Federal income is a small portion of the entire District income. Most of the federal income is restricted since it must be expended for purposes that are determined by the grantor, not the local Board of Education.

The most significant characteristic for determining District income is the calculation of the average number of students that are in school and in attendance on a daily basis. This average daily attendance or ADA is multiplied by the District's revenue limit per ADA to determine the total Revenue Limit income for the District.

Since ADA is such an important part of the District's income base, the projection of ADA for this next fiscal year is an important part in projecting the District's income. Even small fluctuations in the District's ADA can mean tens of thousands of dollars as a gain or loss of income. District attendance records are monitored monthly and ADA is updated throughout the year to ensure that the projected revenue limit income matches the District's budgeted or revised projections.

Public schools are the only agencies that receive income based on the population they serve. Cities or counties, as an example, do not have either increases or decreases in their revenue based on the number of citizens in their community. Public schools, however, receive most of their income based on attendance and if a student misses even one day in Durham Unified School District, the District loses approximately \$40. The state does not pay the District for enrollment-just attendance--so all of the costs of setting up the instructional program will be a loss unless the student attends every day.

## **Revenue Limit:**

• <u>Decline of 31.88 Funded ADA</u>: Enrollment and ADA are the basis for nearly all school funding. The impact of the continued enrollment decline experienced by the District in 2010-11 (a loss of 31.88 ADA) will reduce 2011-12 funding by \$178,000. Enrollment is projected to decline another 30 students in 2011-12 and continue in subsequent years as well.

**Federal Revenues:** Both the Title I and Title II program revenues are budgeted at 80% of the amounts received in 2010-11 based on the anticipated reduction in the federal budget. 2011-12 amounts were reduced by the one-time Federal stimulus funding received and or spent in 2010-11. Special education funding has been budgeted based on estimates provided by the Butte County Office of Education (BCOE).

**State Revenues:** The Governor's budget proposes to continue funding most state categorical programs at the same levels as 2010-11. The categorical programs that have been given flexibility provisions are now included in the unrestricted state revenues.

<u>Class Size Reduction (CSR)</u>: Funding for K-3 CSR is estimated on the enrollment estimates as of June 2011 at rates estimated by School Services of California. Funding is estimated to be \$211,000 with 59 kindergarten students. The funding is also adjusted accordingly for penalties incurred for classes anticipated to exceed 20:1. At this time class sizes for K-3 vary from 20:1 up to 24:1.

Funding for class size reduction in 9<sup>th</sup> grade is based on 2007-08 base amount reduced by approximately 19% and is included in the flexibility provisions.

- <u>Lottery</u>: Lottery funding is now allocated by the state to instructional materials estimated at \$17.50 per estimated annual ADA and unrestricted funding at \$111.00 per estimated annual ADA.
- <u>Mandated Costs</u>: The Governor's budget does not propose to fund any mandated cost reimbursements, thus none are included in this budget.
- <u>Special Education</u>: This funding formula is based primarily on district-wide ADA, regardless of the special education costs which are constant or increasing. This budget draft includes the estimates for this funding prepared by BCOE.

**Local Revenues:** Generally, local revenues are estimated at the same level as 2010-11, except one-time donations have not been budgeted.

# **General Fund Expenditures**

Most of the expenditures of the District are committed to the salaries and benefits for district employees. It takes people to teach students. In Durham Unified School District, 86% of the District's budgeted expenditures are for the services of District employees.

Employee salaries are divided into three separate line items-certificated, management, and classified employees. Certificated
employees include teachers, counselors, nurses, librarians,
psychologists, and others who provide services that require credentials
from the state of California. Management employees include principals, vice principals,
instructional leaders, classified management personnel, and district superintendents.

It takes people to teach students and 86% of the District's total expenditures are committed to the employees of the District.

Classified employees include all of the support personnel in the District, including secretaries, accountants, bus drivers, mechanics, painters, and custodial personnel.

## **Salaries**

• Staffing levels reflect the 2010-11 staffing levels less the classified reductions and additions enacted by the Board in May and June of 2011. District-wide certificated staff is budgeted at 52.11 full-time equivalents (FTE) and classified staff includes 32.9 FTE. The following vacant positions are also funded in this budget:

## **Certificated Staff**

o Speech Therapist - .30 FTE

## Classified Staff (daily hours)

- o Bus Driver / Custodian 7.5 hours
- o Special Education Paraeductor 4.0 hours
- o Maintenance I Person 8.0 hours (funded from Deferred Maintenance Fund)
- Salaries are based on the 2009-10 salary schedules. Each additional 1% increase in the salary schedule for all employees costs approximately \$60,000.
- Where due, step increases are budgeted.

## **Employee Benefits**

- Contributions for all full-time and electing part-time employees are budgeted at \$780/month (\$648 medical, \$112 dental and \$20 vision) plus 50% of the premium increase from 2010-11 to 2011-12
- Statutory benefits are budgeted at:

| Employee Benefits as % of Wages for 2011-2012               | Certificated  | Classified |
|---|---------------|------------|
|   |               |            |
| Retirement (not all classified staff)                       | 8.25%         | 13.02%     |
| Unemployment  | 1.61          | 1.61       |

| OASDI (some certificated substitutes; all classified staff) | n/a           | 6.20       |

| Long-term Disability (classroom duty, only)                 | 0.22          | 0.00       |
| Total % of Wages (most staff)                               | <u>13.66%</u> | 24.41%     |
|   |               |            |

**Special Education Expenditures:** School districts throughout the state face a continuing challenge in funding the costs for serving special education students. Durham Unified School District is proud of the special education support provided to our students, but the District is also faced with mounting increases in the difference between the federal and state government's funding and the mandated costs for these vital student services.

Unfortunately, the federal government has not provided the funding that was envisioned when the laws mandating programs for special education students were adopted. The nation's capital community committed to providing funding for 40% of the costs for special education but has never been able to match much more than about a 17% funding level.

This shortfall in dedicated funding has led to very significant encroachment into the District's Unrestricted General Fund. Encroachment--the difference between Special Education income and expense--has forced the District into making cuts in other District programs in order to make up for the funding shortfall by federal and state governments. During 2011-12, it is estimated that Durham Unified School District will contribute nearly \$245,000 from the District's Unrestricted General Fund to cover the encroachment costs for Special Education.

**Site Allocations:** A total of \$84,000 of unrestricted funds is allocated to the sites to cover the cost of all non-custodial site materials, supplies and discretionary spending.

**Utilities:** Gas and electricity charges are estimated at \$220,000 after a 10% increase over the estimated 2010-11 costs.

## **Fund Balances and Reserves**

Revenues that have not been expended during a budget year are carried over into the subsequent year and identified as the District's "Net Ending Balance." In most cases, this is the only reserve account that a school district has for general operational purposes. The Net Ending Balance of one year becomes the Net Beginning Balance of the subsequent year.

Included within the projected Net Ending Balance is a "Reserve for Economic Uncertainties," which is a minimum balance that the state of California requires to be retained to cover unforeseen shortfalls in revenues or higher-than-expected expenditures. The state's minimum "Reserve for Economic Uncertainties" for Durham Unified School District is 4% of the total General Fund expenditures. Many districts have reserves that are higher than the minimum state requirement, due to the significant fluctuations in public education revenues and/or due to local circumstances and risk factors.

Also included in the Net Ending Balance are restricted carryover balances that originated from sources that can only be used for selected purposes. These revenues can only be expended for the purposes determined by the grantor, and the balances in these accounts carry the same restrictions as the originating income. Thus, a Net Ending Balance is composed of two types of accounts--those that are "restricted" that can be used for selected purposes only and those that are "unrestricted" that can be expended by decisions of the local agency.

## **Restricted Funds:**

- Revolving Cash: This money is set aside in a separate bank account for small emergency cash needs.
- <u>Legally Restricted</u>: Many revenues sources are considered entitlements. When the total revenues to which the District is entitled are not expended by the end of the fiscal year, the unspent balance is required to be set aside as restricted fund balance and re-budgeted for expenditure in the subsequent years.

## **Unrestricted Funds:**

The Board may designate unrestricted amounts for any purpose. An amount has been designated as assigned fund balance that is equivalent to a potential reduction of \$330 per ADA (989.43 ADA x 330 = \$326,500): This is based on the uncertainty of the state budget, specifically the potential shortfall of state revenues.

## POTENTIAL BUDGET ADJUSTMENTS

The following items should be considered as potential budget adjustments:

- The Governor's Budget (-\$\$ impact unknown): As noted earlier, the revenue limit and other state revenues included in this budget draft are based on the Governor's May Revise proposal. Until a state education budget is signed by the Governor, the funding is uncertain.
- <u>Class Size Reduction</u>: Class-size reduction funding is directly tied to enrollment and class configurations which also impacts staffing costs. Until final enrollment is known, these estimates are subject to fluctuation.
- Negotiations (-\$ unknown): As discussed above, this budget assumes no increase in salary schedules effective July 1, 2011. As a point of reference, a 1% increase to the salary schedule effective July 1, 2011, costs approximately \$60,000.

## RECOMMENDATION

It is recommended that the Original Budget be adopted as presented with a positive certification that the District will have sufficient cash and be able to meet its economic obligations for the current and subsequent two fiscal years.

Explanation: (required if Yes)

The increase in books and supplies is due to carryover in site budgets. The decrease in subsequent years is the adjustment for this one time carryover of funds.

#### 6D. Comparison of District Total Operating Revenues and Expenditures to the Standard Percentage Range

DATA ENTRY: Explanations are linked from Section 6B if the status in Section 6C is not met; no entry is allowed below.

STANDARD NOT MET - Projected total operating revenues have changed by more than the standard in one or more of the budget or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating revenues within the standard must be entered in Section 6A above and will also display in the explanation box below.

**Explanation:** Federal Revenue (linked from 6B if NOT met)

Increase between 2010-11 and 2011-12 due to ARRA funds in 2010-11 are less than Federal Jobs funds that are budgeted in 2011-12. The dramatic decrease in 2012-13 is due to the end of the one time federal stimulus funds.

**Explanation:** Other State Revenue (linked from 6B if NOT met)

**Explanation:** Other Local Revenue (linked from 6B if NOT met)

Decrease in local revenue from 2010-11 to 2011-12 due mainly to one time donations received in 2010-11 not anticipated in subsequent years.

STANDARD NOT MET - Projected total operating expenditures have changed by more than the standard in one or more of the budget or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating expenditures within the standard must be entered in Section 6A above and will also display in the explanation box below.

Explanation: **Books and Supplies** (linked from 6B if NOT met)

The increase in books and supplies is due to carryover in site budgets. The decrease in subsequent years is the adjustment for this one time carryover of funds

Explanation: Services and Other Exps (linked from 6B if NOT met)

The increase in other operating expenditures due in most part to the anticipated increase in utilities and insurance costs in the subsequent years.

#### 7. CRITERION: Facilities Maintenance

STANDARD: Confirm that the annual contribution for facilities maintenance funding is not less than the amounts required pursuant to Education Code sections 17584 (Deferred Maintenance) and 17070.75 (Ongoing and Major Maintenance/Restricted Maintenance Account), if applicable.

#### 7A. Determining the District's Compliance with the Contribution Requirement for EC Section 17584 - Deferred Maintenance

NOTE: SBX3 4 (Chapter 12, Statutes of 2009) eliminates the local match requirement for Deferred Maintenance for a five-year period from 2008-09 through 2012-13. Therefore, this section has been inactivated for that period.

7B. Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766, effective 2008-09 through 2012-13 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: EC Section 17070.766 reduces the contributions required in EC Section 17070.75 from 3 percent to 1 percent for a five-year period from 2008-09 through 2012-13. Therefore, the calculation in this section has been revised accordingly for that period.

### S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

## If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
