BUDGET HIGHLIGHTS

Key Assumptions:

- Funded ADA (2010-11 P2 actual) of 989.50
- Most categorical program revenue based on award letters received
- Other categorical program revenue based on BCOE estimate or prior year
- Certificated and classified staffing includes all current positions
- Scheduled step/column placement for all employees
- Certificated salaries based on 2009-10 salary schedule, classified salaries based on 2010-11 salary schedule
- Medical contributions at \$780/month (\$648 medical; \$112 dental; \$20 vision) for all full-time employees plus 50% of the premium increase over the prior year (prior two years of premiums for certificated employees). The contributions are pro-rated for eligible, part-time employees
- Retirement incentives for certificated \$51,813 (three 403b contributions @ \$17,271 each) and classified \$8,000 (actual cost of a cash incentive option for one eligible employee that retired between 7/1/11 and 9/30/11)
- Special education services and transportation based on projected student participation and current contract rates

BUDGET NARRATIVE

The Federal and State budgets have been highly volatile over the past several years. This has translated to a roller coaster effect to Durham Unified School District's budget. The State has implemented unprecedented deficits (approx. 20%) to the school district revenue limit funding (the per pupil funds provided for school district operation). For Durham Unified this equates to a loss of over \$1,200 per student per year for a total loss of over \$1.3 million for just the 2011-12 school year.

The Federal government has stepped in over the last few years to provide one-time stimulus funding meant to help bridge the gap for the shortfall in State funding. These unanticipated, one-time funds have provided relief to districts; however they created an inconsistency in our budget patterns most specifically in our ending fund balance projections.

The 2011-12 State budget included provisions for mid-year cuts to education funding should revenues not meet projections. These "triggers" were based on actual revenues through December 2011 as well as the projection through June 2012. The triggers were implemented as the revenue projections were not met. These reductions are included in the 2nd Interim budget.

The Governor's proposed budget for the 2012-13 fiscal year was presented in January 2012. Once again his proposal contains trigger language for mid-year year reductions should tax increases not be passed in the November 2012 election. As there is no guarantee that these tax measures will be approved by the voters, the multi-year projection assumes that the proposed triggers will go into effect in 2012-13. The on-going loss of transportation funding (approx \$130,000) and the reduction of \$370/ADA (approx. \$360,000) are reflected in the 2012-13 and 2013-14 projected budgets.

2011-12 Second Interim General Fund School District Criteria and Standards Review

Durham Unified Butte County

7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since first interim projections in the projected contributions for facilities maintenance funding as required pursuant to Education Code sections 17584 (Deferred Maintenance) and 17070.75 (Ongoing and Major Maintenance Account).

7A. Determining the District's Compliance with the Contribution Requirement for EC Section 17584 - Deferred Maintenance

NOTE: SBX3 4 (Chapter 12, Statutes of 2009), as amended by SB 70 (Chapter 7, Statutes of 2011), eliminates the local match requirement for Deferred Maintenance from 2008-09 through 2014-15. Therefore, this section has been inactivated for that period.

7B. Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766 and amended by SB 70 (Chapter 7, Statutes of 2011), effective 2008-09 through 2014-15 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: SB 70 (Chapter 7, Statutes of 2011) extends EC Section 17070.766 from 2008-09 through 2014-15. EC Section 17070.766 reduced the contributions required by EC Section 17070.75 from 3 percent to 1 percent. Therefore, the calculation in this section has been revised accordingly for that period.

8. CRITERION: Deficit Spending

STANDARD: Unrestricted deficit spending (total unrestricted expenditures and other financing uses is greater than total unrestricted revenues and other financing sources) as a percentage of total unrestricted expenditures and other financing uses, has not exceeded one-third of the district's available reserves as a percentage of total expenditures and other financing uses in any of the current fiscal year or two subsequent fiscal years.

¹Available reserves are the unrestricted amounts in the Reserve for Economic Uncertainties and the Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

²A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

8C. Comparison of District Deficit Spending to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Unrestricted deficit spending has exceeded the standard percentage level in any of the current year or two subsequent fiscal years. Provide reasons for the deficit spending, a description of the methods and assumptions used in balancing the unrestricted budget, and what changes will be made to ensure that the budget deficits are eliminated or are balanced within the standard.

Explanation: (required if NOT met)

Future deficit spending levels are based on the loss of one-time stimulus funding received in prior years. The district will have to make the appropriate staffing and program changes to reduce the deficit spending. There are adequate one-time reserves available to buffer the shortfall in the near future.

S8. Status of Labor Agreements

Durham Unified

Butte County

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
