

TOO MANY LOGINS? USE

# ClassLink

<http://my.classlink.com/nclusd>

1. If this is the first time running Classlink from home, Google may ask to install the Classlink Extension. Allow the Extension to be installed.
2. Click on Sign in with Google and use Google Account username and password.

Classlink will work at home the same way it works for the student at school. Students can select the apps they want to use and Classlink will automatically log them in.
