There was considerable discussion about the new data presented in two major areas: 1) the school-wide implementation of Accelerated Reader and the STAR Reading Assessment, specifically at HGMS and 2) interventions for students who are reading 2 or more grade levels below grade level, who are also struggling in math.

- Regarding the school-wide implementation of AR and the STAR Reading Assessment, the Team sees this as an opportunity for growth and development for the HGMS site. During the first trimester of this school year, staff participated in professional development on the PearsonRenaissance Accelerated Reader Program. It will be important to revisit the content of this professional development and determine next steps moving forward and these next steps may be supported in the 2017-18 LCAP. It is also important to note that Principal White is very knowledgeable of the Accelerated Reader Program as she did her Master's Thesis on the program. She stated the research is clear that there are ways to implement the AR program that deliver positive reading growth and reading motivation for students and there are ways to implement AR that does exactly the opposite.
The Mission of the Mother Lode Union School District is the successful education of every student.
- Regarding interventions for students who are two or more grade levels below in reading and struggling in math, the Team considered a small targeted summer school for students but after much deliberation, felt it would be better to spend the resources and energy in building a program into the regular school year. Director of SPED Lofton reminded the Team that Response to Intervention (RTI) \{Multi-tiered System of Supports (MTSS) \} are a school-wide commitment and therefore would drive changes in a master-schedule. He gave the example of the PAWS program and Folsom Middle School. There was continued discussion on the unique needs of the HGMS master schedule that is currently under development for the 2017-18 school year.

V. Budget: Local Control Funding Formula (LCFF)

If MLUSD was at "LCFF Target" we would have an LCFF Budget of $\$ 9,414,757$ and the Supplemental and Concentration funds would be $\$ 1,017,720$.

For 2017-18, MLUSD is not at the "LCFF Target" and will receive $23.67 \%$ of "LCFF Gap Funding".
The "Gap" is the difference between the 2016-17 LCFF Floor funding and the "LCFF Target" funding.
The "Gap" between the 2016-17 Floor and Target is $\$ 462,674$.
$23.67 \%$ of the "Gap" is $\$ 109,514.94$
2017-18 estimated LCFF funding is $\$ 8,547,226.94$ after budgeting for Transportation and County Office of Education (COE) transfers, for special education.

The Mission of the Mother Lode Union School District is the successful education of every student.

## LCFF - The Details

| 2017-18 estimated LCFF <br> March 2017 |  |  |
| :--- | :--- | ---: |
| 2017-18 Target | $\$$ | $9,414,757.00$ |
| 2016-17 Floor | $\$$ | $8,952,083.00$ |
| gap | $\$$ | $462,674.00$ |
| \% gap funding |  | $23.67 \%$ |
| gap funding | $\$$ | $109,514.94$ |
|  |  |  |
| 2016-17 Floor | $\$$ | $8,952,083.00$ |
| gap funding | $\$$ | $109,514.94$ |
| LCFF funding | $\$$ | $9,061,597.94$ |
| Transportation | $\$$ | $(414,914)$ |
| COE transfer | $\$$ | $(99,457.00)$ |
| Available LCFF 2017-18 | $\$$ | $8,547,226.94$ |

- The "Floor" is what the district received in the prior year (adjusted for funded ADA)
- The "Gap" is the difference between the Floor and Target

## LCAP-BACT BUDGET

## Base Expenditures:

- Base expenditures $\$ 7,480,300$
- Certificated \$3,171,300
- Aides/Yard Supervisors/Clerical \$878,000
- H/W \$1,884,000
- M/O \$1,112,000
- Supplies \$435,000

## Base Expenditures

| I use tech every day or almost every day | 50 | 76 |
| Teacher teaches with tech every day or almost every <br> day | 80 | 86 |

Student responses are surprisingly consistent from 2016 to 2017. There were some areas of positive movement. Some highlights for example:

- Teachers treat students fairly from $66 \%$ to $79 \%$
- Teacher or other Adult treats all students with respect from $60 \%$ to $75 \%$
- Students use technology every day/almost every day from $50 \%$ to $76 \%$
- Teachers use technology every day/almost every day from $80 \%$ to $86 \%$

The Team did not analyze the HGMS Student Survey data as it is not yet compiled. They take the California Healthy Kids Survey. It is anticipated that we will have survey data for grades 5, 7 and 8.
VII. Homework: The Team will be thinking about ways to increase or improve services for our "Unduplicated Pupils" to recommend actions for our 2017-18 LCAP.
VIII. Next Meeting: April 6, 2017 Goal 3 Writing
