

Hemlock High School

2021–2022 Annual Education Report

Keith Green, Principal

Annual Education Report

January 10, 2022

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2021-22 educational progress for Hemlock High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Keith Green for assistance.

The AER is available for you to review electronically by visiting the following website [Hemlock High School student data](#), or you may review a copy in the main office at your child's school.

For the 2021-22 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2018-19. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2017-18. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2016-17. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school **has not** been given one of these labels.

Hemlock High School has a distorted graduation rate due to having a separate early middle college program. Each year 20+ students are members of a cohort group who are dual-enrolled at Delta College as Early College students. This Early College status allows the students enrolled in this program the opportunity to receive 20+ transferable college credits in their junior and senior year. In addition, these students attend the 5th year at Delta College at no cost to them with the ability to reach an associate's degree or additional transferable credits. These students do have a negative reflection in graduation rate as calculated by the State of Michigan.

State law requires that we also report additional information.

Hemlock High School

2021–2022 Annual Education Report

Keith Green, Principal

1. Hemlock High School provides education to students in 9th-12th grade. Programs provided at the school include online learning using Edgenuity and Michigan Virtual programming. These classes are used for credit recovery and Credit earning classes respectively. Students are assigned to the grade depending on the credits needed to earn Graduation per the Michigan merit curriculum.
2. We are currently in the implementation phase of the 3-5 year plan for improvement in our school's goals. Our school's goals are to achieve college readiness for all students in reading and math on the SAT.
3. Hemlock High School has Hemlock Early Middle college in the building. This gives students an opportunity to receive up to 60 free college credits earned through a partnership with Delta College. Many students also elect to attend the Saginaw Career Complex. This education is focused on CTE and getting students hands-on work experience and education.
4. Hemlock High School follows the Michigan merit curriculum.
5. Students at Hemlock High School annually take the SAT test in their junior year. This is a nationally normed test that colleges use for college admittance. Hemlock scored above the state average this past school year.
6. With our Covid 19 protocols, we have moved to Virtual conferencing. This has shown an increase in parent participation over previous years. We had 189 students represented in parent-teacher conferences this past fall totaling a 58% participation rate.
7. FOR HIGH SCHOOLS, ONLY ALSO REPORT ON THE FOLLOWING:
 - a. THE NUMBER AND PERCENT OF POSTSECONDARY ENROLLMENTS- 60 Students - 18% of enrolled students are dual-enrolled
 - b. THE NUMBER OF COLLEGE EQUIVALENT COURSES OFFERED (AP/IB)- NA
 - c. THE NUMBER AND PERCENTAGE OF STUDENTS ENROLLED IN COLLEGE EQUIVALENT COURSES -NA
 - d. THE NUMBER AND PERCENTAGE OF STUDENTS RECEIVING A SCORE LEADING TO COLLEGE CREDIT>NA

As we move through the Covid-19 pandemic, I am encouraged by our staff, students, parents, and our District and everyone's ability to adapt to the situation. As a district, we have adopted learning plans for each child's needs. As a district, we are the leader in educating students in this trying time.

Sincerely,

Keith Green
Hemlock High School Principal
