

TASA HB 5 Self Evaluation Toolkit Directions

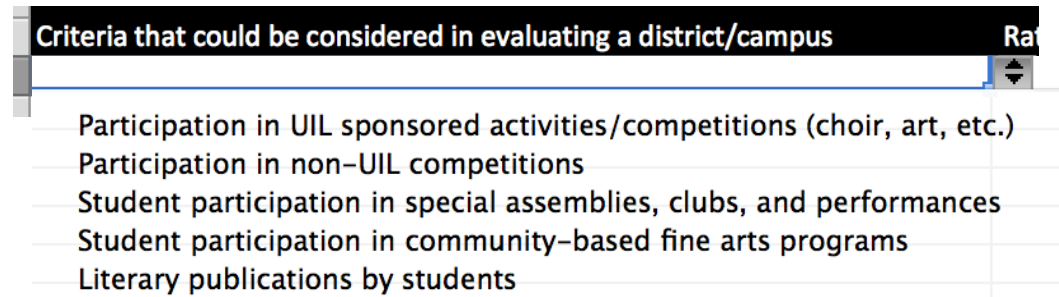

Prior to completing this Excel document, a review of the TASA overview that outlines the background and requirements of TEC 39.0545 may be useful (*Background/Description of Community Engagement Under HB 5*).

To complete the TASA HB 5 Evaluation Tool (Excel):

1. Click one of the 9 factors (tabs) located at the bottom of the document.

2. Once a factor has been selected, click on a cell under *Criteria that could be considered in evaluating a district/campus* for a list of pre-populated items that a district/campus could use as criteria for evaluation or click on the cell under *List of other factors* (which allows districts/campuses to use criteria created locally). If you click on a cell under, *Criteria that could be considered in evaluating a district/campus*, an arrow will appear to the right allowing you to scroll through a list of pre-populated criteria a district may want to consider. Please note the list is not exhaustive and is only meant to serve as a tool to assist districts/local committees in determining the criteria to be evaluated.

3. Once the criteria for evaluation that was developed by the local committee is decided, click on a cell under, *Rating*. Once you have clicked on a cell under *Rating*, an arrow will appear on the right allowing you to choose: exemplary, recognized, acceptable or unacceptable.

4. Then, click on a cell under, *Description of Programs, Services, etc.*, and provide a description/narrative of the work, programs, services, etc. that was evaluated.

5. Districts/Campuses wishing to provide a link that would further illustrate the programs and services related to the criteria used, may include the link in the cell under, *Link to content illustrating these criteria*.

6. Districts/Campuses wanting to describe ongoing work, targeted goals, next steps, etc., related to the criteria used for evaluation, may include that information in the cell provided under, *Description of ongoing work/future goals*.

7. On the factor tab titled, *Compliance and Policy Reporting Requirements*, the rating for this criteria is not recognized, acceptable, etc., but "yes" or "no".

8. Once the district/campus ratings have been completed, go to the top of the Excel sheet and complete information in the cells labeled for each of the 9 factors, District, Overall Rating, Campus (if applicable), Name of Person Completing Form, Title.

District	Overall Rating	Campus (if applicable)	Name of Person Completing Form	Title

9. Once all of the Excel sheets are completed districts/campuses may want to use the Excel tab labeled, *Overall Ratings*, to compile all data at the district and campus levels.

Note: This is an Excel document that can be modified to meet the individual needs of the district/campuses.

10. Once districts have completed assigning district and campus ratings, they should input the ratings in PEIMS as directed by TEA. Directions and deadline information on when and how this information should be submitted to TEA can be found in the TASA HB 5 Toolkit at www.tasanet.org, under the *Advocacy* tab. Districts are only required to submit the district/campus ratings to PEIMS. No supporting documentation is required to be submitted under the statute.

11. Districts are required to make the ratings publicly available. This Excel document may be used as developed by TASA, or districts can create their own.
