

Dear Pre-K Student Families,

The Lebanon School Readiness Council is looking for parents of Pre-Kindergarten students to join our School Readiness Council for the 2021-2022 school year!

Members of the School Readiness Council will have the opportunity to provide input regarding the type of family activities that are planned for Pre-Kindergarten students and their families. Parents will also join the council in the development of the School Readiness Grant and how funds received are from the grant allocated.

This year the School Readiness Council will be meeting in person, but members can also attend virtually via Google Meet. You will find the meeting dates and times listed below. If you're interested in joining the council please contact your child's Pre-K teacher or Dawn DeLea, Director of Pupil Services & Chairperson of School Readiness Council at:
