.....At the end

From the Desk of Mr. Roby

Once again, we had a fantastic prom held at Honey Creek Resort on Friday, April 8th. Our students looked fantastic and seemed to have a lot of fun throughout the evening. A special thank you must go out to junior class sponsors, Andrea Moore and Stephanie Mitrison, for all of their hard work to put together the event.

I can't believe I'm saying this, but graduation is right around the corner. Where does the time go?? The Class of 2016 will be walking across the stage on May 15th at 2:00 in our gym. Please make it point to come out and honor this wonderful group of graduates who have worked extremely hard to achieve this goal.

FFA

The last week of March was very successful for our FFA Chapter. We had four science fair projects attend the state FFA Agri-Science Fair and kicked some butt. Rachel Beary and Hailey Groenendyk placed 1st in their division Animal System with their project "DEWlicious Decay." Anna Lopez and Riley Kelderman placed 1st in their division Earth and Environmental Science with their project "BZZZZZZZZ", Kayla Carter received 1st in her division of Social Systems with her project "Is a Hemispherectomy Worth It" and Nathan Payne and Kenzie French received a silver in the plant systems division with their project "Plant Systems." They now have a chance to compete at the National FFA Agri-Science Fair in October! Good Job to All

During the month of April our FFA chapter has been working hard again. This year four students attended our State FFA Convention. Spencer McCarty, Rachel Beary, Lane Anderson, and Pat Dykstra all competed in poultry judging at state convention, they received silver in this contest. Here is also where our current chapter president, Spencer McCarty, received his Iowa Degree. Pat Dykstra received silver in the Greenhand Quiz and Kenzie Ogden received gold on her chapter display board. All around the students had a great

time at State Convention and can not wait to go again next year.

Officer Interviews are currently happening. This is where all of the people who put in the applications to possible become an FFA officer next year, will sit down with two current officers and answer a few questions. The entire chapter will be voting soon to see who will become next year's officers. This will be announced at our banquet that is being held on April 26 at 6. One thing new that will be happening this year is that Erica Baier will be attending as a guest speaker. Some other things that you can look forward to at banquet is a silent auction, along with a meal prepared by the FFA members and advisor.

One last thing to look forward to at the end of April is our annual Ag Safety Day. This is when elementary and high school students are encouraged to come and learn about ways to stay safe while working with animals, equipment, and so much more. A couple business and organizations have volunteered their time to come and teach everyone about safety is their line of work. This year we were able to provide 1st-6th grade with Ag Safety Day t-shirts. Hope to see everyone wearing theirs!

With school coming to an end, everyone needs to like our facebook page, Twin Cedars FFA, or follow us on twitter, @Twin_Cedars_FFA, to stay in the loop with all of our summer activities. Hope everyone has a great rest of the school year and an even better summer!

Personal Finance:

The Personal Finance class would like to thank Jeff Arkema of Farm Bureau Financial Services and Michael Busch from Edward Jones for stopping in during the last month to speak to our class. Mr. Arkema spoke to us about insurance and the different types that are available. Mr. Busch spoke to us about planning for our futures and talked about the different retirement investment options that are available. We want to again thank both of them for coming to our class and imparting their wisdom to us.

Art

The 3rd annual Bluegrass Conference Art Fair was held in Moravia on April 14 & 15. Every high school student that is taking an art class had at least one project entered. On the 15th, several students attended the fair and participated in workshops and watched demonstrations. Good job to everyone for their hard work this year!

The results were:

Iowa Youth Survey

Fall 2016

Grades 6, 8, 11

Dear Parent/Legally Authorized Adult:

Between September 26 and November 4 of 2016, your child/children will be invited to join their 6th, 8th, and 11th grade classmates in completing the 2016 Iowa Youth Survey. Since 1975, students in Iowa have been filling out this questionnaire to provide information about their values, beliefs, attitudes, and activities. **Participation in the survey is anonymous and strictly voluntary, and no student is required to fill out the questionnaire.** The survey will take one class period, approximately 40 minutes, to complete.

Purpose of the Survey:

The 2016 Iowa Youth Survey is directed by the Iowa Department of Public Health (IDPH), Division of Behavioral Health. Your school system has agreed to administer the survey for 2016.

The purpose of the survey is to collect information about Iowa youth so we can better understand their beliefs, values, and decisions about what makes them feel secure, strong, and safe in their communities, schools, and families. In addition, information is collected about their ideas on alcohol, tobacco, drugs, bullying and harassment, and violence prevention. The information collected will help the state planning agencies, our schools, and local community task forces put together valuable future programming. It is important to ask children to tell us what is good and working about their life in Iowa, and what needs improvement, in their eyes.

The Attorney General for the Iowa Department of Public Health (IDPH) has developed a plan for making sure that the survey is voluntary and has parent approval. This plan is called a "passive consent" procedure and it has three parts:

1. An Information Summary to give you the basic information about the survey. (Included)

2. An opportunity to read the survey questions at your child's school or online at:

<http://www.iowayouthsurvey.iowa.gov/> before your child/children volunteer to answer the questions.

3. An opportunity for you to provide written refusal if you do not want your child/children to participate in such a survey.

Part 1. The Information Summary

Parental Rights:

- You have the right and the responsibility to be informed about that which your child volunteers to participate in school.
- You have the right to receive accurate information about the Iowa Youth Survey questionnaire in order for you to make good decisions for your family.

Iowa Youth Survey Content:

Some of the areas on the questionnaire will have sensitive questions about tobacco, alcohol, illegal drugs, and thoughts on violence and safety. It is important to remember that our school children do not live in identical environments. All children and families do not have the same beliefs, attitudes or values. Your child/children may make very different life choices than other children. If we are going to plan programming that keeps all children safe and connected to their families, schools and communities, we need to know what all Iowa children are thinking, saying and doing.

Confidentiality:

All information collected will be anonymous. Students will not put names, birthdates, or student numbers on the survey, and all surveys will be confidential. Additional reporting restrictions further protect student confidentiality. For example, if fewer than 16 students in a grade level answer a question, no information about that question will be reported for that grade level. Grade level information will be added together and reported as a school system. The information will then be analyzed by the Iowa Consortium for Substance Abuse Research and Evaluation.

Compensation:

There will be no compensation or reward for students participating in the survey.

Voluntary:

- All students in 6th, 8th, and 11th grades will be invited to complete the Iowa Youth Survey. Students will have the right to refuse to answer any questions on the survey. If students decide they want to change their mind and quit answering the survey, during the survey, they may do so.
- If, as a parent or legally authorized representative, you do not want your child/children to participate, you must send the school the Refusal of Consent form provided at the end of this letter (Part 3), and your child/children will be provided a neutral activity during the survey class period. There is no penalty for anyone who decides not to participate.

Risk:

There is no direct risk involved in filling out the survey. Students may find some questions uncomfortable to answer. They may skip any question they do not wish to answer or stop completing the survey entirely at any point.

Benefits:

There will be no direct benefits to the students the day of the survey. The data collected throughout the state will provide schools and communities with the information they need to provide programs that will support schools, communities and families in keeping their children safe and hopeful about their future. The data is vital for grant writing purposes and legislative decisions.

Questions:

Questions regarding the Iowa Youth Survey are encouraged. Please contact your school principal, superintendent, or the Iowa Department of Public Health at iowayouthsurvey@idph.iowa.gov.

Part 2: Reviewing the Survey

A copy of the Iowa Youth Survey will be available to preview at the school office and may also be viewed at: <http://www.iowayouthsurvey.iowa.gov/>.

Part 3: Refusal of Consent

I have read the Information Summary provided. I understand that my child/children's participation in the survey is strictly *voluntary*. I also understand my right to review the survey online, at the school office and/or District Administration Office.

I do not want my child/children listed below to participate in the 2016 Iowa Youth Survey. I understand that a neutral activity will be provided for them during the survey time and that there is no penalty for not participating. I understand that this refusal of consent needs to be received by the school system no later than September 12, 2016. Please return this form to the building principal.

Names of child/children who *will not* participate in the 2016 Iowa Youth Survey:
(The school needs this information to be sure the student will not be in the survey area.)
