

# MAD SCIENCE STEM ENRICHMENT

## AFTERSCHOOL PROGRAMS

-Getting Kids Back To Curiosity, Collaboration, & Creativity-

**\*Sponsored By Hampton Parks & Recreation Department\***

### WINTER TOPIC: Innovation-Nation

Calling all innovators...! Come blast off into the 21st century as we inspire your inner innovator! Embark upon a quest for alternative energy and experiment with solar power and fuel cells. Explore the planet's atmosphere and make a meteorological station. Learn about robots as you laugh hysterically at an animated automaton. Hop on board the chemistry express and perform split-second chemical reactions that go like mad. Get charged up about current electricity by building circuits. Conduct hair-raising experiments and watch flying saucers skyrocket from our Van De Graff Generator! Wire your brain by creating a real telephone network to talk to your classmates. Experiment with lasers, learn the principles of radar technology, and so much more!

**Classes include:** Super Power Sources, Radical Robots, Atmosphere & Beyond, Get Connected, Chem In A Flash, Current Events, Space Technology, & Watts Up!
