COVID Guidelines
as of 01/14/2022

- Daycare (zero tolerance for any symptoms- must be tested or stay home)
    - No quarantine required if:
        - Had COVID in last 90 days;
        - Vaccinated and/or boosted
    - If child or staff member tests +:
        - Out for 10 calendar days;
        - Day 0= 1st day of symptoms;
        - Quarantine anyone w/close contact to +
            - 10 days
            - Release from health department w/date
    - If + within staff or child's home:
        - Quarantine likely start after + person is released;
            - Likely 10 additional days

- K-12 students/staff
    - Close contact (within 6 ft for total of 15 min. or more over 24-hr period)
        - Quarantine for 5 days;
            - Can attend school if antigen tested during 5 day period
        - Mask for 5 days after;

    - EXCEPTION: (re: close contact status)
        - Classroom where mask use can be observed;
        - Outside;
        - Student is NOT considered a close contact if + person and close contact were wearing properly fitted mask;

    - Rapid AntigenTesting Recommendations:
        - Test upon notification of exposure; then
            - Every other day through day 7 (min. Of 3 times with 1 test on day 5 or later)

    - Isolation:
        - 5 days (asymptomatic or symptomatic)
            - Fever free for 24 hours without use of fever-reducing medication;
            - Symptoms are resolving;

- 5 days of consistent and correct masking when around others
