January 18, 2022

RCSC Parents/Students/Staff,

As I am sure you have noticed from our daily updates, the number of positive Covid-19 cases in our schools has continued to climb and that has clearly impacted our students, staff, and families.

Because of the increased number of staff positives and our shortage of substitute teachers we have decided to switch to eLearning beginning tomorrow and continuing through this Friday (1/19-1/21).

We plan to resume in-person instruction in our buildings on Monday (1/24). Building Principals will send a message out to families with necessary information for parents.

Thank you and have a good evening!

Sincerely,

Rolland Abraham  
Superintendent
