

# Using Social Media in the Classroom K-12

How can you utilize social media so that it enhances communication, creativity, and collaboration and leads to improvement in student learning?

Join eLearning Specialists from Richmond Community School Corporation for an exciting, hands-on workshop that will focus on using Instagram, Twitter, Snapchat, Facebook and YouTube. No prior experience is necessary. This workshop will start with the basics of each platform, then move towards integration into your classroom so that you can speak the lingo and use the tool like a pro! Find out how you can ramp up your teaching with social media that is easy to access and cutting edge in this digital age!

**Date:** Thursday, September 20, 2018
