RE: Distribution of N95 Masks to Students

Recently, our district received an allotment of N95 masks from the state and local health departments. Our district will be distributing these masks for *all* faculty/staff and students this week.

Each student and staff member will receive 1 (one) mask for their personal use. Wearing this mask is not a requirement but simply an offering from our health departments for your use during this pandemic.

Please do not hesitate to contact us with any questions or concerns.
