All students will be placed in English, math, reading, science, social studies, rotation (fine arts, physical education, and keyboarding/health), and Academic Opportunity classes.

Advanced Courses-a block of Advanced classes will be offered for all core content areas. These classes will consist of a more rigorous curriculum. **Parents/Guardians who would like to enroll their child to be in Advanced courses must come to Washington Middle School to complete the necessary consent form. This must be completed by May 1, 2023 to be guaranteed consideration for this program. Not filling out this consent form or not meeting the required deadline will result in your student being placed on a waiting list and considered for placement as spots are available. If a student was previously enrolled in Advanced courses for 5th grade, a new consent form is NOT required.**

Gifted and Talented Students will be serviced through Advanced class offerings with monthly pullouts. If a student is failing any Advanced courses at the end of a semester, they may be removed from the program.

All students will receive at least 1 elective. Students who are considered to be meeting grade level or close to grade level expectations will receive a 2nd elective. Those students who are significantly below grade level will be placed in a Tier 3 intervention class to address math, literacy, or both. We try to ensure that a student gets at least 1 of their top 3 choices as an elective, but some electives are size limited. Students will be assigned to electives as space is available. **After electives are assigned, changes will not be made unless there are extenuating circumstances and must be approved by an administrator**

Please indicate your elective choices by numbering your preferences 1-7 (1 is **MOST** wanted).

_____ Agriculture Engineering	_____ Basketball-Girls	_____ Journalism
_____ Archery	_____ Cheerleading	_____ Music Production
_____ Advanced Band	_____ Competition Shake	_____ Rapocity
_____ Beg. Band	_____ Competition STEM	_____ Robotics
_____ Advanced Orchestra	_____ Computer Coding	_____ Spanish
_____ Beg. Orchestra	_____ Drum Line	_____ STEM Discovery Zone
_____ Basketball-Boys	_____ Fashion Design	_____ Studio Art
_____ Basketball-Girls	_____ Graphic Design	_____ Ukulele
	_____ Intramural Sports	_____ Ukulele 2

Archery placement will be based on tryout results or results from PE class. Competition STEM is based on student success in science, technology, engineering, and math, and is based on teacher/staff recommendation. Competition Shake is also based on teacher/staff recommendation.
