1st SEPTEMBER 2021

My dear sponsors The high school of St.Thomas.

I hope you are fine and I am fine too. I am doing well my studies.

The aim of writing this letter is to thank you for paying former school fees and preparing my future life. Also I thank you for the rewards that you gave me. At the moment I am in grade 7 even. I like reading story books and drawing pictures. I would like to become a soldier when I grow up. So that I can protect my country from stronger and harmful people. I thank God for getting kind people like you.

I live at Karatu district in Kigoma region. My favourite food is ugali and fish. My favourite colour is black. At school I study different subjects like: Mathematics, Science, Social studies, Civic and moral, English and Kiswahili. My best subjects are Mathematics, Science, Civic and moral and English.

My lovely animals are giraffes. I like giraffes because they are tall and they are our national animals. The custom that I can describe in our family, when we are eating we are sitting in a round as a sign of unity. I like our customs and my country Tanzania. It is my home. I am proud of my skin colour and the school I study. It is good and a nice school. I like it.

On 8th September this year I will start my national examinations. Please pray for me so that I can perform my examinations. And on 10th September I will leave the school back to my parents. And start the secondary education. I have nothing to say more than to say thank you for everything you did for me. May God bless you. I will remember you in my all life on the earth.

Welcome to our country Tanzania.

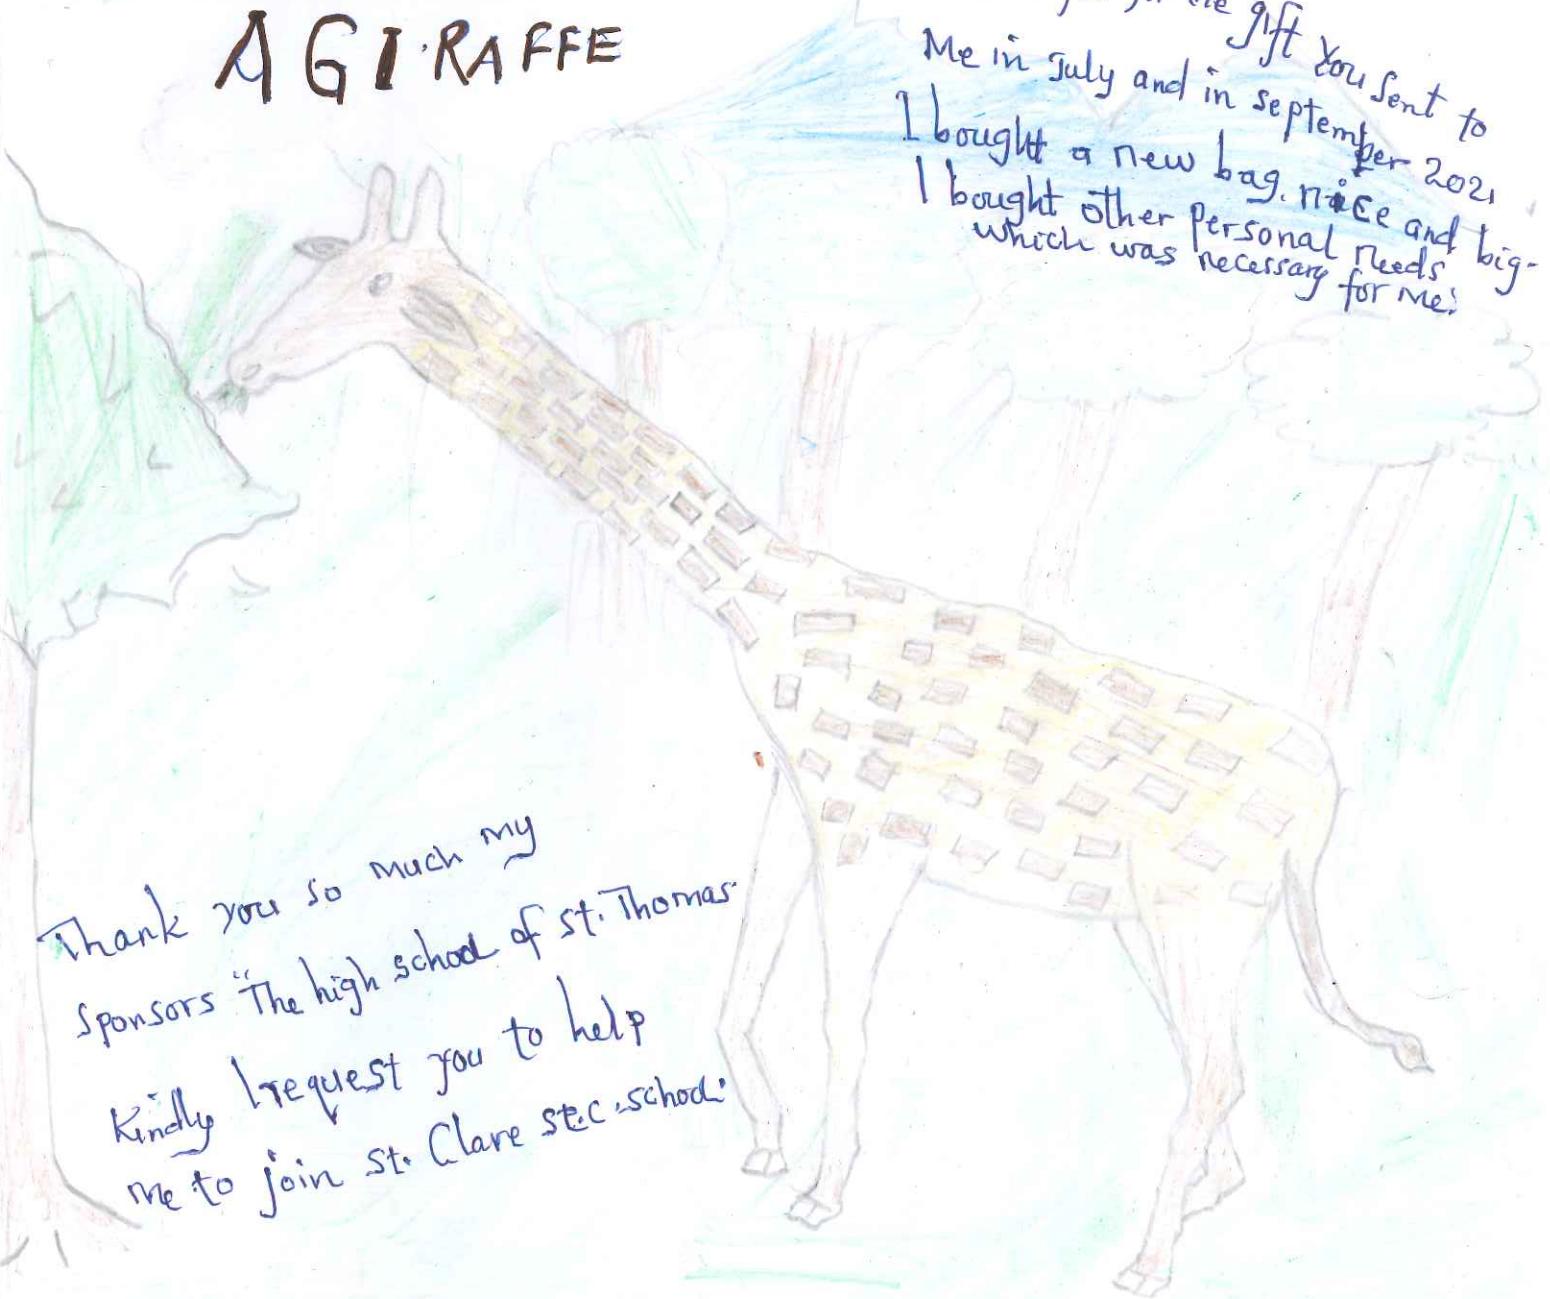

Your lovely:

Rebeca-Yona.
