STUDENT PARTICIPATION IN PHYSICAL EDUCATION WEARING GLASSES

Dear Parents:

Students involved in physical education activities, who require glasses, must wear “impact resistant” glasses with a safety headband. If this is not possible, safety glass guards, provided by the school district, must be worn over the “regular” glasses. An alternative is to have the student participate without glasses, providing that it does not handicap the participant.

Please check one of the statements below to insure your child’s full participation in physical education activities.

1. _____ Presently wears “impact resistant” glasses with a headband.
May participate as is.
2. _____ Presently wears “impact resistant” glasses. May participate with the aid
of safety glass guard.
3. _____ May participate without glasses.
4. _____ Does not wear “impact resistant” glasses. Must wear a safety glass
guard for physical education activities.
5. _____ Wears contact lenses.

Parent/Guardian Signature _____ Date _____

Name of Student _____ Grade _____

School _____
