WHEN'S GRADUATION?

JUNE 24, 2022

TIME TO START THINKING ABOUT NEXT YEAR...

It's hard to believe it, but as we come to a close on the first semester, it's time for us to start planning and preparing for the 2022-23 school year. Please keep your eyes peeled, as you will be getting more information about different things within the upcoming week!

Now...

Take some time to review the information provided in the 2022-23 [MHS Program of Studies](#). It is available on the MHS Website Main Page, as well as linked above.

Next...

Go to the Counseling Tab on the MHS Website and click on the section entitled "[Scheduling and Course Planning](#)." This will give parents and students a better idea about how the course planning process will occur.

Finally...

Be on the lookout for an email from the MHS School Counseling Office next week that will provide you with all of the instructions necessary for pre-planning prior to your meeting with your school counselor.

Have questions? Write them down and bring them to your meeting with your school counselor!

VACCINATION UPDATES

Metuchen High School continues to collect vaccination status in order to most accurately report the data. We need your assistance by logging onto the Genesis Parent Portal and providing the information requested.

Please follow the directions below to guide the updating of your child's records:

Step One: Log onto Genesis.

Step Two: Go to the Forms section and locate the **COVID-19 Vaccination Status** form.

Step Three: Fill out the question with the red asterisk. Next, if your child is fully vaccinated, upload a picture of the card.

Step Four: Click "Update Answers."

Note: If your child is not fully vaccinated, you may update the form if/when their status changes.

Please understand that, as with all student immunization records, we will maintain the student's privacy regarding this record.

Thank you for your help!
