January 20, 2022

Dear Maple Avenue Elementary School Parents, Guardians, Students, and Staff,

This letter is to communicate that a student within the K/1 cohort tested positive Monday and a student in the 2/3 cohort and another in the 4/5 cohort tested positive Tuesday.

Due to the structure of our school day, students within any grade level may have been exposed to the infected individuals. We continue to encourage all students and staff to continually monitor for symptoms. Please see the second page for the new protocols.

Per protocol, please follow the recommendations as outlined in the NEW [self-observation guidelines](#) by the NH Department of Health and Human Services (DHHS). Please continue to come to school and self-monitor for [symptoms](#) for the next 14 days. No other actions are needed.

If you have any questions or concerns, please contact our nurse Roni Januszewski via email at vjanuszewski@sau6.org.

Thank you for your continued efforts in keeping our schools and community safe during these times. We will continue to mask, social distance, and sanitize as directed by our [Matrix](#). Our top priority is to keep our students happy, safe, and in school. Please remember to complete the home screening tool daily, and if your student is not feeling well, please keep them home.

Sincerely,

Handwritten signature of Nicole Bailey in blue ink.

Nicole Bailey

Principal, Maple Avenue Elementary School
