- 6/3** Kindergarten Field Trip
- 6/7** Promotion Ceremony for Early Kindergarten and 2nd Grade
- 6/8** Last day of School

Elections

Mail-in ballots were sent out. Ballots are due by May 2nd, so please allow enough time for delivery prior to the May 2nd, 2023 deadline. There are four candidates for school board: Matt Ives, Sam Jovanovich, Kevin Patrick, and Kevin Morley. If you have questions, please contact John Sullivan at (406)563-6141 ext. 1602

Levy

Anaconda citizens are also voting on a Mill Levy due to the sunset of the TIFD money and contracts. The election will be on the same ballot as the School Board election. For more information about the Mill Levy, visit this website.

COVID - Protocol

As per our past practice with any illness, students with self-reported illnesses (including COVID) are not Medically Excused [MD] absences from school unless the illness has been confirmed by a healthcare provider (this can include the school nurse and/or the health department's contagious disease rep). Illnesses are marked as unexcused Parent Call [PC] absences if they are not confirmed by a healthcare provider.

Upon the official conclusion of the COVID pandemic scheduled for May 11th, COVID care at school will not change between May 11-June 8, 2023 as the illness care, transmission vectors, and prevention is not altered by the fact that COVID is no longer at pandemic levels. In the same way that our schools manage other contagious diseases such as Pertussis or Chickenpox or Strep according to their disease processes, we will continue to manage COVID illness according to its disease process.

Voluntary Student Information form

A paper copy of the form is being sent home. Remember this is a voluntary form, but it's helpful when placing students for next year. These are due back by **Friday, May 5th**.

LINCOLN PRIMARY SCHOOL
AND
FRED MOODRY INTERMEDIATE
Student Information for the 2023-2024 School Year

Over the next few weeks, we will begin the process of assigning students to an appropriate class for next year. In putting together our roster of classes, we will take into consideration many factors including: girl/boy ratio, academic ability, behavioral characteristics, talents, personalities, needs, and learning styles. Our goal is to ensure that each child is in a class that has an appropriate balance of students with the proper teacher. We will assess each child using the data collected from the present classroom teacher(s), specialists, and the input of the counselor, interventionists, and principal. Class placement will be made after reviewing this considerable data

If you feel that we would benefit from additional information, please send the attached form in an envelope addressed to Mrs. Bjerke to Lincoln Primary School or email the form to hbjerke@anacondaschools.org or Mr. Kelly at jkelly@anacondaschools.org. You **SHOULD NOT** name a specific teacher. This form is designed to speak to your child's areas of strength and need, and not to a specific teacher preference. **Requests for specific teachers will not be considered.**

Much time and attention goes into creating well-balanced class groupings that consider the social, academic, and emotional needs of our students, as well as any input which is shared by parents on the Class Placement Input Form. We ask all parents to respect the amount of hard work and thought that the principal, school counselors, interventionists, classroom teachers, and special education teachers put into this process. Please do not request changes to your child's placement

Moving even one child from a class could upset the balance of a classroom and have an impact that extends far beyond your child. Your son may not have gotten his "first" choice of teacher. Your daughter may not be with all of her friends from last year. You may be disappointed because you've heard through the grapevine that Mr. "A" isn't as "warm and fuzzy" as Mrs. "B". All of our teachers are caring, capable, and highly qualified educators, and our job as adults is to support students and to help them develop confidence and a positive outlook as they begin the new school year, encouraging them to look forward to the challenges and excitement that accompany making new friends and getting to know a new teacher. **Thank you for your cooperation in not requesting changes and for your understanding, trust, and support.** Families will learn of official classroom placements when 4th Quarter report cards are sent home in June.

For your convenience, a form is provided to allow your input in the placement process. You are not required to fill out this form. Student Information forms must be returned by **Friday, May 5th**. Forms received after this date will not be considered.

Thank you for your continued support.

Mr. Kelly and Ms. Bjerke

DRESS UP WEEK

Staff Appreciation Week

Monday	Tuesday	Wednesday	Thursday	Friday
<p>Wear your favorite superhero costume!</p>	<p>Wear floral prints to create a garden of students!</p>	<p>Wear your pajamas and have a relaxing day!</p>	<p>Dress like your favorite teacher!</p>	<p>Show your school spirit and wear your Anaconda gear or blue and silver!</p>

Lincoln Families-

Our teachers and staff work so hard for our students every day - this week is our chance to show them how much we appreciate them and say “*thank you.*” We would love for students to participate in our Staff Appreciation dress up week, as a way of showing your thanks to the staff who are working hard to positively impact your child. If you have any questions, please contact the office!

CIRCLE OF SECURITY PARENTING AT ANACONDA FAMILY RESOURCE CENTER

*“All my child
needs is for
me To be
good enough.
It is never too
late for
Good things to
happen
For my child
and I.”*

What is Circle of Security Parenting (COSP)?

- It is an Evidence-Based parenting class that helps parents form a healthy attachment to their children.
- COSP helps parents build on their strengths and work through their weaknesses.
- In COSP we accept that there is no such thing as a perfect parent and that no matter what you are always good enough.

How can COSP help?

- COSP helps you identify how to read your child’s behavior, though there is no instruction manual to parenting, our children become that instruction manual.
- COSP can help you identify what is “hidden in plain sight that you may not see in the rush of everyday life and parenting.”

Who is it for:

- Parents of children ages 0-5
- Expectant parents

Cost

We offer a confidential, sliding scale fee. This will all depend on what you make. If you receive Snap or TANF cash assistance you automatically qualify for a lower fee.

We hope to soon offer scholarships for those who are unable to pay.

We will be offering a **morning** and an **early afternoon-evening class**, depending on participants.

**If Interested Please RSVP By May 15th,
2023.**

Summer Reading Skills PROGRAMS

REGIS UNIVERSITY

DIVISION OF EDUCATION

Sponsored by Regis University

Designed and taught by instructors
from the Institute of Reading
Development

Phonics

Fluency

Comprehension

Love of Reading

Vocabulary

Textbook Skills

Writing Skills

Reading Speed

Learning to Read Program for 4-Year-Olds and Entering Kindergartners

In this fun summer program, your child will develop beginning reading skills. Children learn letter recognition, beginning phonics, and easy sight words. Your child will learn to read simple words and short sentences and get excited about books and reading.

Reading Skills Program for Entering 1st Graders

In this fun summer program, your child will learn to read more independently. Children learn phonics and sight words and build comprehension skills. Your child will develop a love of books and reading and get off to a great start in first grade.

Reading Skills Program for Entering 2nd Graders

In this fun summer program, your child will become a more confident fluent reader. Children build phonics and word-attack skills and develop reading fluency and comprehension. Your child will develop a love of books and reading and get off to a great start in second grade.

Reading Skills Program for Entering 3rd Graders

In this fun summer program, your child will become a stronger, more enthusiastic reader. Children improve reading fluency and develop comprehension skills. They build long-word decoding skills and expand their vocabulary. Your child will gain confidence, develop a lifelong love of books and reading, and get off to a great start in third grade.

Reading and Writing Skills Programs for Entering 4th and 5th Graders

In these fun single-grade programs, your child will become a more skilled, confident reader with stronger comprehension skills in fiction, nonfiction, and textbooks. Students expand their vocabulary and learn to read more fluently and rapidly. They learn effective techniques that improve writing skills and build confidence. As a result, your child will complete homework more quickly and easily, and enjoy reading more.

Reading and Writing Skills Programs for Entering 6th, 7th, 8th, 9th, and 10th Graders

In these single-grade programs, your son or daughter will make gains in comprehending fiction and nonfiction and will learn to read more quickly. Students expand their vocabulary and learn the best way to take notes. They learn effective techniques that improve writing skills and build confidence. As a result, your child will complete homework more quickly and easily, and build confidence as a reader.

College Prep Program for Entering 11th, 12th, and College Freshmen

In this program, students learn the skills they need to succeed in high school and college. Your son or daughter will increase reading speed and improve comprehension, recall, and focus. Students become stronger writers and learn effective time management and study strategies that help them complete work efficiently.

Spring Programs!

The great books, inspiring teachers, and effective live online instruction your child needs to become a strong reader!

Programs are sponsored by Regis University. Programs are taught by instructors from the Institute of Reading Development and are not otherwise associated with the teacher education programs at Regis. All programs meet once each week. Tuition varies by program level. Please ask about our family discount.

REGIS UNIVERSITY
DIVISION OF EDUCATION

**INSTITUTE OF
READING
DEVELOPMENT**

“My daughter is sounding out words on her own, and she is so excited about reading to us! She loved this program, and I was very impressed with the books and materials.”

– Parent of kindergartner

“Thanks to this program, my son is now reading independently and his confidence is through the roof. I cannot express enough how grateful I am for this program.”

– Parent of 1st grader

“Online teaching is a special set of skills, and your teachers are spot on!”

– Parent of 2nd grader

“Allison loved doing the long-word decoding lessons. Her reading skills have improved tremendously, and she is reading more challenging chapter books.”

– Parent of 3rd grader

“The teacher was phenomenal! She kept students engaged and participating, and my child was more excited about reading as the weeks went on.”

– Parent of 4th grader

“Patrick’s comprehension has really improved, and he loved the books. I’ve recommended this to other parents.”

– Parent of 5th grader

“The lessons were fun and easy to follow. It is much easier for me to study and take notes now. I don’t put off studying until the last day because I know I can get through it fast.”

– 7th-grade student

“I liked tracking my reading speed and seeing it go up from week to week. I used to not like to read because it was too time-consuming, but now it’s easier to finish.”

– 9th-grade student
