Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-18 educational progress for the Ovid-Elsie High. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Jason Tokar, the high school principal for assistance.

The AER is available for you to review electronically by visiting the following web site <http://bit.ly/2HcXHqg> or you may review a copy in the main office at your child's school.

Our high school has implemented a highly effective early warning system program to help identify students with needs. Our staff has created a tiered system of support. Students identified as Tier 1 receive general instruction supports. Students identified as Tier 2 students are provided a teaching coach in an Academic Center class to support their learning. Students identified as Tier 3 receive remedial services in math.
