3 as amended (the Code), whenever the General Assembly authorizes the issuance of the State’s General Obligation

5 projects, it is the intent of the General Assembly that the interest on such bonds shall not be included in gross income
6 for federal income tax purposes under Section 103 of the Code, and the United States Treasury Regulations (the
7 Regulations) thereunder as they may be promulgated from time to time, or shall be qualified as Build America Bonds
8 pursuant to the Code and the Regulations. Pursuant to the State's budget and financial policies, other than unexpected

10 of such bonds, are or are reasonably expected to be, reserved, allocated on a long-term basis or otherwise set aside by
11 the State to pay the costs of such specific capital projects. Pursuant to the Authority’s budget and financial policies, it

14 from the State’s General Fund or the Authority’s Transportation Trust Fund or other funds may be advanced on a
15 temporary basis to pay a portion of the costs of such specific capital projects. In that event, it is expected that these
16 non-bond funds will be reimbursed from the proceeds of such bonds when they are issued. This reimbursement may
17 cause a portion of such bonds to become reimbursement bonds within the meaning of Section 1.150-2 of the
18 Regulations. Under those Regulations, to preserve the exclusion of the interest on such bonds from gross income for
19 federal income tax purposes, it may be necessary to make a declaration of official intent. The Secretary of Finance is
20 hereby designated as the appropriate representative of the State and the Secretary of Transportation is hereby
21 designated as the appropriate representative of the Authority, and each is authorized to declare official intent on behalf
22 of the State or the Authority, as the case may be, within the meaning of Section 1.150-2 of the Regulations, whenever
23 and to the extent that such declaration is required to preserve such tax treatment.

25 render a cost-effective solution to drainage or flooding problem unlikely. The projects recommended to be
26 discontinued will be identified on the annual report submitted to the Joint Committee on Capital Improvements.

27 (d) In December and May of each year, the Division of Watershed Stewardship shall submit a financial

19 charged for a purpose not specified in the appropriate chapter of the Delaware Code. At the beginning of each calendar
20 year, the Department shall compute the appropriate fees for each separate activity or service and provide such
21 information to the General Assembly. All revenue generated by any of the activities or services performed by the
22 Department shall be deposited in the appropriated special fund account. These funds shall be used to defray the

25 must also receive the appropriate approval by the General Assembly before becoming effective.

8 of the study is to evaluate methods to relieve tidal flooding problems in Delaware’s Inland Bays and Delaware Bay
9 communities.

10 **Section 82. Buried Debris Pit Remediation Program.** Section 1 Addendum of this Act makes an

11 appropriation of \$1,000,000 to the Department of Natural Resources and Environmental Control for Debris Pits.
12 Remediation will be provided for cost-share assistance to landowners with buried debris on their properties. New

14 appropriations for Buried Debris Pit Remediation shall require a 1:1 match by New Castle County.

1 **DEPARTMENT OF TRANSPORTATION**

2 **Section 86. General Provisions.** The Department of Transportation (Department) is hereby authorized and
3 directed to use all its designated powers and resources to carry out the following legislative mandates:

4 (a) Transportation Trust Fund Authorizations. Sums not to exceed ~~\$771,195,653~~\$598,121,211 (State:

19 may include equipment sheds, crew quarters, equipment maintenance, equipment washing, material storage sheds (i.e.
20 salt, sand and other bulk materials), fuel centers and other maintenance structures required to maintain the highway

22 upgrades to existing facilities. The Department shall not construct any such facility without first conducting a public
23 workshop to describe such plans and gather public input into the effect of such plans.

24 **Section 88. Grants and Allocations.** Section 1 Addendum of this Act makes an appropriation for projects
25 within the Grants and Allocations classification. The General Assembly further defines its intent with response to
26 those appropriations as follows:

1 (a) The sum of ~~\$52,150,000~~\$22,680,000 (State/Other), of which ~~\$2,000,000~~\$630,000 is categorized as

11 Improvements on the progress of the pilot program.

12 **Section 89. 5310 Program.** The Delaware Transit Corporation is authorized to expend up to
13 ~~\$1,200,296~~\$1,200,245 (State portion ~~\$741,700~~\$741,649, Federal portion \$458,596) from the Transit System
14 classification (97301) appropriated in this Act for the 5310 Program, administered by the Federal Transit
15 Administration.

16 **Section 90. Department Work Impacts on Private Property and its Owners.** When the Department
17 and/or any of its contractors determines that it would be in the best interests of the State to undertake
18 construction/reconstruction work past 9:00 p.m. or before 7:00 a.m., and such work is to be conducted immediately
19 adjacent to a residential neighborhood:

20 (a) The Department shall first ensure that residents of the neighborhood are notified in a timely fashion of
21 the Department's desire to undertake such work. It must explain the benefits and costs to the State and the
22 neighborhood of working under regular hours and the proposed extended hour schedule. Such notifications shall
23 include a description of the proposed work to be conducted, the proposed use of any equipment that may cause noise,
24 vibration or odor disruptions to the neighborhood and an estimate of the time required to complete the project. The
25 Department may proceed with its extended hours of work if it does not receive a significant number of objections from
26 the notified residents. Pursuant to the provisions of the Delaware Code, it shall offer temporary relocation to any
27 residents who request such relocation.

1 (b) The Department may proceed with its extended hours of work, so long as jack hammering or other high
2 noise activities do not impose an excessive nuisance to residents within the designated work zone.

3 (c) If the Department determines that the proposed work (regardless of its scheduled time) will produce
4 noise that exceeds the applicable noise ordinances of the appropriate jurisdiction, the Department shall ensure that it
5 seeks and receives a waiver from that jurisdiction before commencing the work.

6 (d) If the Department determines that the proposed work may cause any vibration or other damage to
7 neighboring property, it shall complete a pre-work survey of the potentially affected properties to determine the base-
8 line condition of those properties. It shall monitor the properties during construction to ensure that any vibration or
9 other damage is minimized. If any damage does occur, the Department must reimburse the private property owners
10 pursuant to the provisions of the Delaware Code. The Secretary of the Department (Secretary) may waive the
11 provisions of this section if he/she determines that any such work is necessary in order to respond effectively to an
12 emergency caused by a natural disaster, an accident or a failure of a transportation investment.

13 **Section 91. City of Wilmington Beautification.** In order to maintain the urban tree canopy available in the
14 City of Wilmington, and those properties that directly ~~about~~ abut City limits, the General Assembly authorizes and
15 directs the Department to establish, and maintain a program of tree maintenance and replacement in cooperation with
16 the Delaware Center for Horticulture and/or Urban Forestry in the Department of Agriculture. It is the intent of the
17 General Assembly that such program shall be funded exclusively by allocations made from time to time by members
18 of the General Assembly from their CTF. The Department shall make payments to the center and/or Urban Forestry in
19 the Department of Agriculture for work accomplished, and appropriately vouchered, from the CTF funds herein
20 identified.

21 **Section 92. Supplies of Road Materials.** 74 Del. Laws, c. 308 § 109 is suspended until such time as the
22 Department of Transportation shall suggest its re-institution and such suspension has been overridden by an Act of the
23 General Assembly.

24 **Section 93. System Capacity Preservation.** The General Assembly hereby determines that it is in the
25 public interest to limit future residential, commercial or industrial growth along certain portions of the State's highway
26 network. Such potential growth would produce unsafe driving conditions as increased traffic seeks access to, and
27 movements along, a number of local roads and collectors in critical locations through the State. The General
28 Assembly further determines that it would be infeasible or imprudent for the Department to attempt to design and

1 construct modifications to the State’s highway network adjacent to these locations because such improvements would
2 irrevocably destroy the important scenic and historic nature of the view sheds and other environmental attributes
3 associated with these locations. Accordingly, the Secretary of Transportation is authorized and directed to use state
4 funds appropriated to the Transportation Enhancements program authorized and funded in the Section 1 Addendum of
5 74 Del. Laws, c. 308, together with such other funds from any public or private source as may be available and
6 appropriate, to purchase land, or such rights in land, as the Secretary deems necessary to protect the following
7 properties, pursuant to the stipulations stated herein. Expenditures of these funds for these purposes shall be with the
8 review and approval of the Director of the Office of Management and Budget and Controller General. The provisions
9 of 17 Del. C. c. 1 and 29 Del. C. c. 93 and 95 shall govern such purchases, and any other purchase by the Department
10 authorized by this Act.

11 ~~Millcreek Farm (Yearsley) Property—Four parcels totaling approximately 35 +/- acres adjacent to Mill Creek~~
12 ~~(SR 282) and Stony Batter (SR 283) Roads in New Castle County. The Department shall work with members of the~~

23 **Section 96. New Development Road Widening.** When planning and/or permitting additional road
24 widening directly related to new residential development, the Department of Transportation, Division of Planning,

27 authorization or approval for use of any entrance way from New Castle County Tax Parcel Number 07-026.00-094
28 onto Buck Road, until such time as it also certifies by letter to the New Castle County Department of Land Use that the

1 developer's proposed entrance design conforms with the Department's subdivision requirements, pursuant to its
2 authority under 17 Del. C. § 146 and its related regulations, intended to protect public safety and maintain smooth
3 traffic flow. The government of New Castle County is also requested to solicit comments from and work with the
4 residents of surrounding communities, community organizations and state and local officials to address traffic safety
5 and other legitimate land use concerns about the proposed development, after the receipt of the Department's letter.
6 The design of the entrance on Buck Road for Greenville Center will include a sidewalk from the entrance to the
7 surrounding Greenville Manor Community on Ardleigh Drive.

8 **Section 98. Routes 141 and 48.** The Department is requested to refrain from issuing any permit,
9 authorization or approval for use of any new, additional, revised or modified entrances for New Castle County Tax
10 Parcel Numbers 07-032.20-003, 07-032.20-048 through and including 07-032.20-055, 07-032.20-057 and

12 upon a traffic operations analysis for the area, which among other elements addresses (1) the predicted levels of
13 service on intersections, roadways or the Tyler McConnell Bridge affected by the proposed development of these
14 parcels, and (2) the roadway improvements necessary to accommodate the development of these parcels, based upon
15 the exploratory development plans submitted to the New Castle County Department of Land Use by the developer, as
16 required by the County's Unified Development Code. To the extent that any submission of proposed development
17 plans is substantially different than the original exploratory development plans submitted to the County, the
18 Department is further requested to assess the impact of the new submission's traffic generation upon the local
19 transportation network. The scope of the assessment shall be at the reasonable discretion of the Department.

20 **Section 99. Red Light Safety Enforcement.** (a) The program shall continue to use recognized safety and
21 accident criteria in determining whether and where to add any new enforcement locations to this program. Prior to any
22 new locations, the incumbent state senator and representative for the districts in which such locations are proposed,
23 shall be notified prior to installation.

24 (b) To assure integrity and propriety, no person involved in the administration or enforcement of this program
25 shall own any interest or equity in the vendor used by the Department to support the administrative elements of the
26 program. Any such person with an ownership or equity interest in such vendor must divest from this ownership or
27 investment no later than 90 days after the effective date of this Act. This restriction applies to anyone with either

1 direct involvement in administering or enforcing this program and those in any supervisory capacity above such
2 persons.

3 **Section 100. Chestnut Hill Road Parcel.** The provisions of 17 Del. C. § 137 notwithstanding, the
4 Department is authorized to enter into agreements with other governmental agencies, either directly or in concert with
5 a private entity, regarding a Department-owned parcel known as NC227, Tax Parcel Number 11-003.30-027, on terms
6 the Secretary deems appropriate, for purposes of evaluating the costs and benefits of fuel cell technology from
7 environmental and economic development perspectives, which the General Assembly hereby finds is an appropriate
8 public purpose.

9 **Section 101. Rehabilitation of Public Streets, Industrial Parks.** In order to maintain a safe, attractive and
10 efficient network of public streets serving the State's growing inventory of industrial parks, the Department shall be
11 authorized to spend sums not exceeding \$1,000,000 on the program first established by 78 Del. Laws c. 76, § 123 to
12 address this issue. The Department shall prepare an inventory of all public streets within the State's industrial parks.
13 It shall further rank all of these streets in the same manner that it prepares the annual program of roads eligible for the
14 Paving and Rehabilitation Program authorized elsewhere in this Act. The Secretary shall then distribute this list to all
15 members of the General Assembly, together with an estimate of the amounts necessary to address those public streets
16 in this inventory most in need of repair. If a member of the General Assembly elects to allocate funds from ~~his/her~~
17 their CTF to repair any of these public streets, the Secretary may draw on this appropriation to match those individual
18 CTF dollars on the basis of three dollar from this special account for every one dollar allocated by the member. The
19 Secretary shall notify all members of ~~his~~ their intent to make such matching allocations and shall require any member
20 interested in participating to notify the Department of ~~his/her~~ their interest within 30 days from the date of such
21 announcement. In the event that the sum of all individual member requests exceeds the amounts authorized by this
22 section, the Department shall prioritize the industrial park streets to be improved on the basis of the ranking required
23 by this section, and shall share its decisions with all members of the General Assembly. For purposes of preparing this
24 inventory and ranking, the Department is authorized and directed to expend such sums as may be necessary from the
25 accounts established for statewide paving and rehabilitation activities. For purposes of eligibility, the industrial park
26 public streets shall be limited to those streets which meet department standards and are currently maintained by the
27 Department.

1 **Section 102. Community Transportation Fund.** The Department will provide an annual financial report
2 regarding projects funded through CTF and will report to the Co-Chairs of the Joint Committee on Capital
3 Improvements by June 30 of each fiscal year.

4 **Section 103. Route 1 Widening.** The Department is encouraged to consider all feasible and prudent options
5 with respect to access issues for the proposed widening of State Route 1 between State Route 273 and the Senator
6 William V. Roth Bridge, including but not limited to, the provision of new ramps in the vicinity of Newtown Road.

7 **Section 104. Community Transportation Fund.** The Department shall continue to allow the funding of
8 state historical markers through the CTF. Said CTF-funded markers shall be placed either within the right-of-way, or
9 as close thereto as safety conditions will permit and shall be positioned to be as visible as possible from the roadway
10 consistent with applicable highway safety standards. State historical markers, regardless of placement, shall be exempt
11 from all county or local signage regulations, ordinances, fees or licenses. Existing historical markers shall be brought
12 into compliance with current standards only as they require replacement, in which case CTF funding may be used for
13 said replacement and, if necessary, repositioning consistent with current safety standards. If a marker must be relocated
14 or replaced as the result of a transportation road project, the cost of said relocation or replacement, as well as the cost
15 of upgrading of the marker to current safety standards shall be borne by the Department as an expense of the project.

16 **Section 105. Research Programs.** Section 1 Addendum of this Act makes various appropriations to the
17 Department.

22 this section to be funded from eligible federal funds. These activities funded by this appropriation shall be approved by
23 the Secretary.

24 **Section 106. Governor Printz Boulevard Private Utility Line.** (a) The General Assembly acknowledges
25 that the private utility facilities, owned by Linde LLC and installed in 1963 under permit by the then-Delaware
26 Highway Department, which previously supplied the EdgeMoor Plant with such gases, may enable future economic
27 development to the benefit of the citizens of the State of Delaware if permitted to remain in the Governor Printz
28 Boulevard right-of-way for another 10 year term. Under 26 Del. C. c. 13, utility corporations regulated by the Public

1 Service Commission are entitled to the free, regulated use of the State's rights-of-way for the placement of gas, water,
2 wastewater and oil transmission pipelines. However, independent providers who are not so regulated may not use these
3 rights-of-way for the longitudinal placement of their facilities or transmission lines or similar underground conduits.
4 These entities may only enter into use and occupancy agreements to cross such rights-of-way. The General Assembly
5 notes that such independent providers are often unable to make any reasonable private arrangement for locating their
6 facilities on private easements or arrangement for location on public lands, unless a specific exception is created for
7 this limited purpose within the State's rights-of-way.

8 (b) Notwithstanding any other provision of Delaware law, regulation, rule, or policy to the contrary, the
9 Department is authorized to contract for the use of the State's rights-of-way with Linde LLC, a private independent
10 purveyor of industrial gases, or its successors or assigns, subject at all times to the following terms and conditions:

- 11 (i) provisions for review and approval by the Department of the location and placement of all such
12 privately owned facilities in the State's rights-of-way, including but not limited to assuring compliance
13 with the Department's Utility Manual Regulation and the Underground Utility Damage Prevention and
14 Safety Act (26 Del. C. c. 8);
- 15 (ii) provisions to reflect the fact that all other necessary approvals and agreements for such purposes have
16 been or will be obtained from the appropriate State agencies, as well as any relevant municipality or
17 other political subdivision of the State;
- 18 (iii) provisions for an appropriate initial length of time for which the State's right-of-way will be used for
19 this purpose, similar to the franchise agreements the Department enters into with public utility
20 corporations, including any renewal terms thereof;
- 21 (iv) provisions to address the cost of future relocations of such privately owned facilities, if the right-of-
22 way is required for roadway purposes or by a public utility to be reconstructed, widened, or altered
23 during the term of the contract if efforts to find a reasonable and industry accepted alternative that does
24 not involve a relocation of the privately owned facilities cannot be found;
- 25 (v) provisions as needed to accommodate the New Castle County Sewer Interceptor project including (A)
26 provisions for the relocation of such privately owned facilities, within the State's rights-of-way, if
27 efforts to find a reasonable and industry accepted alternative that does not involve a relocation of the
28 privately owned facilities cannot be found and (B) provisions for the prompt determination of a

1 reasonable and industry accepted alternative, including cost allocation and liability acknowledgement,
2 through an agreement between New Castle County and Linde LLC that is acceptable to the Department
3 of Transportation;

4 (vi) provisions for bonding or other acceptable forms of security for the eventual removal of such
5 facilities;

6 (vii) provisions for the conversion of the contract to a standard franchise agreement with a utility
7 corporation regulated by the Public Service Commission, if these privately owned facilities are ever
8 acquired by such entity; and

9 (viii) provisions for compensating the State for the use of these rights-of-way, based on a fair market value
10 assessment. This compensation shall be calculated and expressed as a property lease payment. Any
11 such payments shall be deposited to the credit of the Transportation Trust Fund created in 2 Del. C.

12 **Section 107. Construction Manager/General Contractor Pilot.** The U.S. Department of Transportation is
13 encouraging states to explore procurement alternatives for transportation project delivery, through its Every Day
14 Counts Initiative, aimed at shortening the time frame required for project completion and reducing overall project
15 costs, while still providing quality assurance for the results. Therefore, the Department is hereby authorized to utilize
16 Construction Manager/General Contractor (“CM/GC”) procurement mechanisms, for up to ten transportation
17 construction projects. “Construction Manager/General Contractor” is a project delivery method under which an owner
18 selects a General Contractor to provide consultation during the design of the project. After the project design is
19 completed, the General Contractor may submit a bid to perform the construction work. The owner evaluates the bid
20 and may decide to award the construction contract to the General Contractor, or advertise the construction contract to
21 be bid. CM/GC entities may be a single firm, a consortium, a joint venture, or a combination of entities. The use of
22 these experimental procurement approaches is further subject to the following conditions:

23 (a) The construction contract terms shall include provisions to pay prevailing wage rates as provided in 29 Del.
24 C. § 6960, or the applicable Federal prevailing wage rate, whichever is higher.

25 (b) The following additional provisions of 29 Del. C. c. 69 shall also be incorporated into these contracts: (1) §
26 6962(d)(4)a. (anti-pollution, conservation environmental measures); (2) § 6962(d)(7) (equal employment opportunity
27 assurances); and (3) § 6962(d)(8) (performance bonding requirements).

1 (c) Any such contracts shall conform to all applicable Federal laws and regulations concerning CM/GC
2 contracting, without regard to the source of funds.

3 (d) Any such contracts shall also be subject to the provisions of 17 Del. C. c. 8 (construction payments held in
4 trust for protection of subcontractors and suppliers).

5 (e) All other provisions of 29 Del. C. c. 69 shall not be applicable to these projects, except as referenced in this
6 section.

7 (f) The Co-Chairs of Joint Committee on Capital Improvements and the Director of the Office of Management
8 and Budget shall approve all projects subject to this section.
