Medfield, MA 02052

Dear Jeff,

As your State Representative for Medfield, I want to thank you for your leadership and public service. It is the commitment, professionalism and compassion that I have witnessed in the leaders of our community that has given me the strength to continue in my own public service and as a grateful friend and neighbor to believe in better tomorrows.

I am pleased to invite you to my annual Representatives' Report that will again be a "Virtual Report to the Community" this year.

As your State Representative and in my role as Chair of Bills in the Third Reading, I am very involved in the issues and concerns important to the residents of Medfield and the policy and budgets that impact our community. I hold myself accountable to "report back", and I am interested in the questions and discussion that will frame my work moving forward.

Please join...
