

SIAC

January 31, 2022

Welcome Students

Agenda

1. Welcome
2. Purpose of meeting
3. Introduction of Participating Students
4. Previous learning
5. Table Discussion
6. Whole group sharing
7. Wrap up

Purpose

Annually collect feedback from students, staff and community through various methods for continuous improvement

Student Introduction

7-12 Students

Previous Learning

February 2021

Based on the data, what can we infer the district needs to work on?

- Establish a better system to better communicate career and academic planning.
- Be more available to talk with students 1:1 in the area of career and academic planning as well as social emotional.
- Expand our pedagogy with personalized learning and establish a clear vision with blended learning (instructional practices, online platform, technology devices, etc)

What do the results mean for our District? (Next steps, focus, prioritization)

- Review internally the current ICAP curriculum, processes and supports for students and families.
- Seek opportunities to expand partnerships with Kirkwood
- Create a point position that will focus on career and academic planning for junior and senior students.
- Continue to explore MS exploratory opportunities and ICAP opportunities
- Review what practices have been successful this year as better for kids and a positive for instruction. Determine what we want to continue and build on.

Table Discussion

1. Answer Questions 1 & 2 (10 minutes)
 - a. Introductions (Name, grade, etc)
 - b. Identify a recorder - Staff Member
 - c. Identify 1 or 2 big ideas from the discussion
2. Whole group share out 1 or 2 big ideas.
3. Back to table discussion - Questions 3 & 4 (10 minutes)
4. Whole group share- Share big ideas
