

January 28, 2022

Greetings Everyone!

The frigid temperatures this week kept all of us on our toes, but we made it through the school week safely. Thank you to our Director of Operations and Maintenance, Scott Stachacz, and our custodians and maintenance staff for keeping the boilers up to temperature and the sidewalks cleared for our students and staff. Overall, our COVID-19 cases and quarantines continue to decrease and we are thankful for everyone’s efforts to remain safe and healthy. As we progress through the school year, we must continue to focus on reversing the negative impacts of remote learning over the previous two years. We will continue to implement strategies that maintain safe and healthy school environments, while prioritizing in-person learning opportunities for children.

COVID-19 Metrics

As of today, we have 20 active COVID-19 cases between students and staff members in our 5 schools and district office. In addition, we have 0 outbreaks at this time. You can find our district and school metrics anytime by following [this link](#). Please make sure to keep your child home from school if they are ill and also notify your building nurse if your child does test positive for COVID-19. The breakdown of the active student and staff cases is as follows:

Location	Number of Active Cases	Student Vaccination Percentages
Flossmoor Hills	3	15%
Heather Hill	3	19%
Serena Hills	1	14%
Western Avenue	8	35%
Parker Junior High	5	35%
Normandy Villa	0	N/A

***UPDATED* Vaccination Clinic / Community SHIELD Testing Information**

Our next vaccination clinic will be held at Normandy Villa [District Office] on February 15th, so please see [this flyer](#) for details. In addition, we are offering community COVID-19 SHIELD testing on Saturdays, from 9:00 a.m. to noon at Parker Junior High School. Additional details can be found [here](#).

***NEW* Vaccines: Flu & Meningococcal**

The health department recommends an annual influenza (flu) vaccination for everyone 6 months and older with any licensed influenza vaccine that is appropriate for the recipient's age and health status.

Flu vaccination is the best way to protect yourself and your loved ones against flu and its potentially serious complications. Meningococcal vaccines help protect against the bacteria that causes meningococcal disease. It is a required vaccine for students at age 11 and a booster dose at 16 years old. Please see [this information](#) for further details about these two vaccines.

Quarantine Guidelines

The Illinois State Board of Education and the Illinois Department of Public Health have adopted the updated quarantine guidelines from the Centers for Disease Control and that information can be found [at this link](#). In summary, the quarantine period has decreased to 5 days for unvaccinated individuals who are considered a close contact. **Students and adults who are up to date with COVID-19 vaccinations will not have to quarantine if they are only a close contact.**

Free COVID-19 At-Home Tests

Every home in the United States is eligible to order four free at-home COVID-19 tests. Please click [here](#) to order. A home test is not acceptable proof of absence of COVID-19 in symptomatic individuals, but it will provide you with important information about your infection status.

Employment Opportunities

Interested in becoming a part of the D161 team? We are currently seeking individuals to fill the following positions: Art Teacher at Parker Junior High, Lunchroom Supervisor at Flossmoor Hills and Serena Hills, School Support Aide at Parker, Special Education and Instructional Paraprofessionals at Western Avenue, Guest Teachers, Guest School Nurses, and 2nd Shift Part-Time Custodian. For our online application, click [this link](#) and then the 'Apply' button next to the position. To find out more about what D161 has to offer, click [here](#). If you have any questions about the process to becoming a licensed substitute teacher, please contact our Human Resources department.

***NEW* Illinois 5Essentials Parent Survey**

All parents/guardians are encouraged to complete the Illinois 5essentials Parent Survey. The survey is open now until March 11, 2022. All survey responses are anonymous. The survey results will help our schools identify areas of celebration and opportunities for growth! We truly appreciate your feedback!

The survey provides important data related to five indicators for school success:

- Effective Leaders
- Collaborative Teachers
- Involved Families
- Supportive Environment
- Ambitious Instruction

How to take the survey:

- [Click here](#) to take the survey.
- Select a 'Parent Survey'.
- You may enter your email address if you would like to receive confirmation of your submission, but it is not required.
- Enter 'COOK' into the county field and 'NAME OF SCHOOL' to find your child's school.
- Please remember to click 'submit' at the end of the survey.

As a district and community, we are making positive, methodical progress through this pandemic and I am thankful for your support of our work.

Sincerely,

Dr. Dana Smith, Superintendent
