2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Lake Elementary School District is a small single school district situated on approximately 5 acres in the Sacramento Valley 100 miles North of Sacramento and approximately 3 miles north of Orland, California in Glenn County. Lake School District was named for Daniel Jefferson Lake who settled in the district in 1872, the school opened that same year.

Lake is a K-8 district that currently serves approximately 180 students in single-grade classrooms. The primary industry is agriculture.

It is the mission of Lake Elementary School that the united efforts of students, parents, staff and community will develop students who

- value themselves and others
- pursue high academic achievement
- come to school ready to learn
- speak and write effectively
- compute and problem solve both individually and in a groups
- value personal health and fitness
- use information and technology resources

The vision is that Lake Elementary School students, parents, and staff will strive for high quality student work within a safe, enriched environment, utilizing a wide variety of resources and strategies.

The guiding principle at LAKE - Leading the Advancement of Knowledge Everyday - provides a common theme throughout the school community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Lake School is currently implementing NGSS integrated science and piloting Discovery Science while waiting pending release of NGSS-approved curriculum. Staff are currently reviewing the history-social science frameworks with the intent of proper alignment with current English Language Arts curriculum.

School Facility Conditions and Planned Improvements

Lake Elementary was been approved by the Office of Public School Construction for modernization and new construction funding in order to make more significant upgrades to classroom and other facilities. An architectural firm was hired in the fall of 2011 to begin the planning process for modernization of the main structure and new construction which will replace classroom portables with modular buildings and a multi-purpose room containing kitchen, cafeteria, and play area. With the passage of Proposition 51 - School Facilities Bond on the November 2016 ballot, the modernization project was funded May 2018. The New Construction project was approved in December 2019.

A new HVAC system, utilizing Prop 39 funding, was installed on the main building during the summer of 2019.

A major construction project began after the June 3, 2020, FIT report and will be reflected on the 2021 FIT report, but the following did occur Summer 2020:

- demolition of classrooms 4, 6 and 7. Classroom 9 was removed off site
- four (4) new portable classrooms were installed
- a new multipurpose building, with full kitchen, was installed
- a new leech line was developed
- a new well was drilled, supporting the fire suppression system

Post-construction projects like landscaping and fencing have become the fiscal responsibility of the district as they were cut from the project. Major projects include landscaping the new quad area as well as the playing field.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents serve as volunteer classroom aides in all grades and assist as chaperones for field trips. Using smartphone technology, online newsletters, and memos sent home, staff reach out to families to encourage participation in the education of their children. The Parent Teacher Organization (PTO) works on fundraising projects such as a spaghetti feed, fall carnival, and book fair to help raise funds for school needs. For the past several years, PTO has been sponsoring field trips to lessen the fiscal burden on the district.

During the pandemic, significant changes were made regarding parent involvement. For the health and safety of both staff and students, it was determined to limit classroom volunteers during the pandemic. Although school accessibility was limited, the Lake Panther PTO continues their fundraising efforts to fiscally support classrooms throughout the year.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety plan developed originally in 2004 and updated each year is reviewed by the School Site Council and approved by the Board of Trustees. Major elements of the plan include Fire Safety and Emergency Evacuation Plan, Earthquake Drill Procedures, Lockdown Drill Procedures, Chemical Spill/Gas Leak, Tornado, Bomb Threat, and Evacuation. Monthly drills are conducted so staff and students can practice emergency procedures. While reviewing and updating Board policies in 2015-16, it was determined that a Transportation Safety Policy was incomplete. School Site Council drafted a policy based on recommendations of the Transportation Manager. The updated Transportation Safety Policy was recommended for Board approval in 2017. During summer and fall of 2018, district leadership and staff participated in ALICE (Alert - Lockdown - Inform - Counter - Evacuate) training regarding intruders on campus. This training resulted in an update to the School Safety Plan. School Site Council reviewed, edited and submitted the plan during a succession of meetings in the fall of 2018. At the December 2018 board meeting, the Board approved the School Safety Plan. After the significant updates were made in the aforementioned documents (Comprehensive Safe School Plan and Transportation Safety Policy), School Site Council has annually reviewed the plans and policies to ensure compliance. This annual review has made for a better understanding of the policies and procedures as well as less of a need for significant updates. Review of the CSSP took place during the months of November 2021 - January 2022 by School Site Council with the intent of forwarding to the Board for their January 2022 board meeting.

Professional Development

During the summer of 2020, Learning Loss Mitigation Funding (LLMF) was used to provide professional development to teachers regarding effective preparation for Distance Learning. Contractually, each certificated staff member was provided with three (3) professional development days. LLMF dollars allowed additional days to be provided for all certificated staff. The primary focus was strategies and resources for Distance Learning. Staff attended virtual trainings as well as provided one another resources.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
