

Cassia County Joint School District No. 151 Board of Trustees has established attendance zones to facilitate the district's educational programs by regulating attendance, as efficiently as possible, at the various school buildings. Such zones are subject to annual review as deemed necessary by this board.

A student will attend school in a building serving his or her attendance zone. The student's attendance zone is based on his or her residence at the time of enrollment. The student's residence is the address of the parent or guardian enrolling the student. Proof of residency may be required. If the parent or guardian moves to a different attendance zone, the student will be transferred to the appropriate building. However, the superintendent is authorized to permit a student to complete a grading period in the initial attendance zone when such action is deemed to be in the best interest of the student.

All requests for an intra-district transfer must comply with the district's Open Enrollment policy. Deviation from this policy may occur for district staff and the education of special needs children and their siblings.

The attendance zones for this district are as follows:

HIGH SCHOOL: After enrolling in and attending one high school in the district, student will not be permitted to transfer to another district high school without prior approval from the superintendent or designee. Such approval will normally be granted immediately if the student's parent/guardian moves from one attendance area to another., The district will not accept responsibility for transportation of any student who is not attending the high school of his/her attendance areas. The district may permit transfer of enrollment if requested prior to the end of the first week of the school year.

BURLEY ATTENDANCE AREAS:

JOHN V. EVANS ELEMENTARY SCHOOL – Students in grades K-6 residing within the following boundaries: *See Map*

MOUNTAIN VIEW ELEMENTARY SCHOOL: Students in grades K-6 residing within the following boundaries: *See Map*
