

AGSD COVID-19 Testing and Isolation Guidelines for Students & Staff (Updated February 2, 2022)

(Note: All student testing requires parent permission. Students without parent permission may not be tested)

I am fully vaccinated or have had a confirmed case of COVID-19 within the last 90 days

		What do I need to do?	May I come to school/work?	Do I have to Quarantine or Isolate?	For how long?	When can I come Back to School	What conditions?
1	I have had a positive exposure to COVID-19 and <u>have</u> symptoms.	Test immediately and again at 3 and 5 days. When/if positive, go to #3 and start over.	No	Yes	5 days	After 5 days, no fever without the use of fever-reducers for 24hrs, symptoms are improving and a neg antigen test or 7 days have passed	Monitor for symptoms and follow all school guidance
2	I have had a positive exposure to COVID-19 but have <u>no</u> symptoms.	Test immediately, and again at 3 and 5 days. If positive, go to #3 or #4 and start over.	Yes	No	NA	NA	Monitor for symptoms and follow all school guidance
3	I have tested positive for COVID-19 and have symptoms	Test again in 5 days	No	Yes	5 days with a negative test	After 5 days no fever without the use of fever-reducers 24hrs, no symptoms and a Neg antigen test	Monitor for symptoms and follow all school guidance
4	I have tested positive for COVID-19 but have no symptoms	Test again in 5 days	No	yes	5 days with a negative test	After 5 days, no fever without fever reducers for 24hrs, symptoms are improving and a Neg Antigen test or 7 days have passed	Monitor for symptoms and follow all school guidance
5	A household member who lives with me has tested positive for COVID-19, but I have no symptoms	Test immediately, and daily. If positive, go to #3 or #4 and start over.	Yes, if household member can isolate	No	Self Monitor for symptoms	No symptoms and Negative Antigen	IF member of household isolates
6	I have COVID-like symptoms but have tested negative and have no known contact	Test, and again at 3, 5 days (May use home test)	No	No	When no fever for 24hrs and a Neg Antigen test	After 24 hours with no fever or symptoms	Monitor for symptoms and follow all school guidance
7	I have been diagnosed with long-haul COVID, or remain symptomatic and am unable to work.	NA	NA	NA	NA	Cleared by Health Official	Apply for FMLA if needed
8	I have traveled out of District	Test immediately	Yes	No	NA	Immediately	Monitor for symptoms and follow all school guidance
9	I have traveled out of State	Test immediately	Yes	No	NA	Immediately	Monitor for symptoms and follow all school guidance

I have not been vaccinated

		What do I need to do?	May I come to school/work?	Do I have to Quarantine?	For how long?	When can I come Back to School	What conditions?
10	I have had a positive exposure to COVID-19 and have symptoms.	Test immediately, and again at 3, 5, and 7 days. If positive, go to #12, and start over.	No	Yes	7 days	After 7 days, no fever without fever reducers for 24hrs, symptoms improving and a Neg Antigen test, or 10 days have passed from positive exposure	Monitor for symptoms and follow all school guidance
11	I have had a positive exposure to COVID-19 but have no symptoms.	Test immediately, and at 3, and 5 days. If positive, go to #12 or #13, and start over.	No	Yes	5 days	5 days assuming NO symptoms and neg antigen test, or 10 days have passed from positive exposure	Monitor for symptoms and follow all school guidance
12	I have tested positive for COVID-19 and have symptoms	Test again at 7 days	No	Yes	7 days from testing positive	After 7 days and no fever without fever-reducers for 24hrs, symptoms are improving and a Neg Antigen test or 10 days have passed from positive test	Monitor for symptoms and follow all school guidance
13	I have tested positive for COVID-19 and have no symptoms	Test again at 5 and 7 days	No	Yes	7 days from testing positive	After 7 days assuming no symptoms and the Antigen test is Neg, or 10 days have passed from positive test	Monitor for symptoms and follow all school guidance
14	A household member has tested positive for COVID-19, and is able to isolate.	Test immediately, and again at 3,5, and 7 days. If positive go to #12 or #13, and start	No	Yes	7 days from last positive exposure	7 days assuming no symptoms and the Antigen test is Neg, or 10 days have passed from last exposure	Monitor for symptoms and follow all school guidance
15	I have COVID-like symptoms and have no known contact	Test, and again at 3, 5 days. If positive go to #12 or #13, and start over	No	No	When no fever without fever-reducers for 24hrs and a Neg Antigen test	After 24 hours of no fever or other symptoms	Monitor for symptoms and follow all school guidance
16	I have been diagnosed with long-haul COVID, or remain symptomatic and am unable to work.	NA	NA	NA	NA	FMLA Cleared by Health Official	Monitor for symptoms and follow all school guidance
17	I have traveled out of District	Test	Yes	NA	NA	Immediately	Monitor for symptoms and follow all school guidance
18	I have traveled out of State	Test	Yes	NA	NA	Immediately	Monitor for symptoms and follow all school guidance

This guidance will be revised regularly, and updated as appropriate
