## Q & A WITH MR. BECKEL

### Q: Please tell us about yourself.

I've been an educator for almost 20 years. My wife, Angela, and I have been married 18 years and we have two sons - Jack (12) and Hank (7).

### Q: What's your educational philosophy?

That student connection is the most important element to being an effective educator. Finding ways to make subjects interesting and engaging helps students learn. We do that by showing an interest in their passions and them as people.

### Q: What made you want to join I-35?

I've heard great things about this community and school. And I wanted to be a part of the positive things happening here. It's exciting to think about working together to help students succeed.

### Q: Is your current role impacted by joining I-35?

Not significantly at this time. We are focused on a smooth transition for the Pella Community. That means I continue my role as HS Principal for the remainder of the school year, while bringing the new HS Principal (a Pella MS Principal) up to speed on the high school. My contract with Pella expires June 30, so that's when I'll join I-35 full-time.

### Q: What if we have more questions?

Come meet with me. I'm excited to get to know the staff and families here and I want you to get to know me. So please reach out!
