Dear Parent or Guardian,

Each year, students in English learner programs take the ACCESS for ELLs language proficiency test. The test measures academic English language proficiency for students learning English in our schools and throughout our state. The testing window this year is January 31, 2022 - March 25, 2022.

Teachers in our schools use this information to help them make decisions about instruction for your child. Teachers also use these test scores to monitor the progress your child makes toward English proficiency. The information from this test also allows us to advance your child to a higher level of proficiency and to exit the ELL program when they are ready.

Please contact me if you have questions about the ACCESS for ELLs test.

Sincerely,

Melissa VanZanten
