

## **International Travel**

### **Before Traveling to the United States**

#### **Testing Required – ALL Travelers:**

Travel requirements have changed. Starting December 6, all air passengers, regardless of vaccination status, must show a negative COVID-19 test taken no more than 1 day before travel to the United States.

Children under 2 years old do not need to test. There is also an option for people who have documented recovery from COVID-19 in the past 90 days. Learn more about these [requirements](#).

### **After Arrival in the United States** (updated 1/27/22)

#### **If You Are NOT Vaccinated and Up to Date with your COVID-19 Vaccines**

##### **RECOMMENDED**

- Stay home and self-quarantine for a full 5 days after travel.
- Follow additional recommendations below for ALL travelers.

#### **ALL Travelers**

##### **RECOMMENDED**

- Get tested with a COVID-19 [viral test](#) 3-5 days after travel.
  - Find a [U.S. COVID-19 testing location near you](#).
- Self-monitor for [COVID-19 symptoms](#); [isolate](#) and get tested if you develop symptoms.
- Follow all [state, tribal, local, and territorial](#), recommendations or requirements after travel.

#### **If You Recovered from COVID-19 Recently**

If you recovered from a documented COVID-19 infection within the past 90 days (regardless of vaccination status), you do NOT need to get a test 3-5 days after travel. People can continue to test positive for up to 90 days after diagnosis and not be infectious to others. You also do not need to self-quarantine after travel. If you develop [COVID-19 symptoms](#) after travel, [isolate](#) and consult a healthcare provider for testing recommendations.
