I have examined the student named on this form and completed the preparticipation physical evaluation. The athlete does not have apparent clinical contraindications to practice and can participate in the sport(s) as outlined on this form. A copy of the physical examination findings are on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the medical eligibility until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).

Student/Parent Sudden Cardiac Arrest Awareness Form

SCHOOL: _____

1: Learn the Early Warning Signs

If you or your child has had one or more of these signs, see your primary care physician:

- Fainting suddenly and without warning, especially during exercise or in response to loud sounds like doorbells, alarm clocks or ringing phones
- Unusual chest pain or shortness of breath during exercise
- Family members who had sudden, unexplained and unexpected death before age 50
- Family members who have been diagnosed with a condition that can cause sudden cardiac death, such as hypertrophic cardiomyopathy (HCM) or Long QT syndrome
- A seizure suddenly and without warning, especially during exercise or in response to loud sounds like doorbells, alarm clocks or ringing phones

2: Learn to Recognize Sudden Cardiac Arrest

If you see someone collapse, assume he has experienced sudden cardiac arrest and respond quickly. This victim will be unresponsive, gasping or not breathing normally, and may have some jerking (Seizure like activity). Send for help and start CPR. You cannot hurt him.

3: Learn Hands-Only CPR

Effective CPR saves lives by circulating blood to the brain and other vital organs until rescue teams arrive. It is one of the most important life skills you can learn – and it's easier than ever.

- Call 911 (or ask bystanders to call 911 and get an AED)
- Push hard and fast in the center of the chest. Kneel at the victim's side, place your hands on the lower half of the breastbone, one on top of the other, elbows straight and locked. Push down 2 inches, then up 2 inches, at a rate of 100 times/minute, to the beat of the song "Stayin' Alive."
- If an Automated External Defibrillator (AED) is available, open it and follow the voice prompts. It will lead you step-by-step through the process, and will never shock a victim that does not need a shock.

By signing this sudden cardiac arrest form, I give _____ High School permission to transfer this sudden cardiac arrest form to the other sports that my child may play. I am aware of the dangers of sudden cardiac arrest and this signed sudden cardiac arrest form will represent myself and my child during the 2023-2024 school year. This form will be stored with the athletic physical form and other accompanying forms required by the _____ School System.

Student/Parent Concussion Awareness Form

SCHOOL: _____

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor “ding” to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Foggiess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

By signing this concussion form, I give _____ High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2023-2024 school year. ATHLETIC DEPARTMENT
INHERENT RISK**

We would like to take this opportunity to further inform you of the risk of injury while participating in athletics. There is an inherent risk of injury for all sports. You need to be aware of the fact that even the best coaching, the use of the most advanced protective equipment, and strict observance of the rules, injuries can be so severe as to result in total disability, paralysis, or even death. In summary, we take every precaution possible to prevent athletic injuries, but we also realize that using the best prevention methods can not eliminate all injuries. We always hope for an injury free season for all our student-athletes in the Thomasville City Schools System. We assure you that in an event of an injury your son/daughter will be given the best possible treatment, care and rehabilitation of that injury.

EXPLANATION OF INSURANCE COVERAGE

We want to take this opportunity to explain that in order to participate in athletics for the Thomasville City Schools, your child must be covered by either an accident insurance or personal insurance. The Thomasville High School athletic program utilizes the sports medicine program at Archbold Sports Medicine for an athlete's injuries. Any injury that occurs during a practice or game will be referred to the high school Athletic Trainer. The Athletic Trainer will then assess the injury and suggest appropriate treatment and/or recommend a visit to a specialized physician. We encourage all athletes and their parents to adhere to this policy to avoid unneeded medical expenses. If an athlete does receive medical attention, the cost of the treatment is the responsibility of the parent(s) and/or their health insurance. The Thomasville City Schools offers accident coverage through South Georgia Benefits Consultants located in Thomasville, Georgia.

EARLY RELEASE

From time to time, we must leave school with athletic teams before the school day is completed. When these situations arise, your child's name will appear on a roster that will be given to the attendance office and their teachers as to inform them of the absence. Athletes on trips with their team will not be counted absent; rather they will be coded for a field trip. The athlete is responsible for any and all work missed. The athletic department is aware of the importance of education so these occasions are kept to the bare minimum.

ARREST POLICY

Students are expected to abide by a behavior that goes above and beyond that of the average student as they serve in an ambassadorial role in our community. Those athletes that are arrested for a felony will be suspended from athletic participation until the case is dispensed.

Parental Consent for Emergency Medical Treatment

The purpose of this document is to give my consent for emergency medical treatment and transportation of my minor child. Students Athlete's name: _____ Grade _____. I UNDERSTAND THAT IN THE EVENT OF SERIOUS INJURY OR SUDDEN ILLNESS OCCURING TO MY CHILD, EVERY PRUDENT EFFORT WILL BE MADE BY THE SCHOOL AND/OR MEDICAL OFFICIAL TO CONTACT ME. IF I CANNOT BE CONTACTED, THIS DOCUMENT (OR PHOTOCOPY) WILL SERVE AS MY PARENTAL OR GUARDIANSHIP CONSENT.

I give my permission to the health care providers of the TCS Sports Medicine team (Physicians, ATC's, and Nurses, medical personnel, Archbold rehabilitation, and hospital staff) to perform physical examinations and treatments of sports related injuries. I understand by signing this form, I am authorizing them to treat my child for as long as they deem necessary and appropriate or until I withdraw my consent in writing.

Mandatory Extracurricular Drug Testing Program

Consent to Perform Urinalysis

All students involved in extra-curricular activities at Thomasville High School must agree to make themselves available for random drug testing. The test used will be a urinalysis. An outside party is responsible for all parts of the drug testing. For a first violation, the student athlete and his or her parents/guardians will be required to attend a specified amount of counseling with a program approved by the District. The student shall be required to comply with any recommendations resulting from the assessment/counseling as part of the assessment. To deter the student from committing a subsequent violation of this policy, the student will be subject to an unannounced random drug test/screening and will be added to the list of those tested in the next round of testing/screening. A student testing positive for a second violation, he/she will lose 20% of his/her participation in all inter-scholastic competition (rounded up to the nearest whole number). The student must participate in an approved drug counseling program. Once a student has a third subsequent positive drug test, he/she shall be prohibited from participation from all inter-scholastic competitions for one (1) full calendar year from the date of the positive test. The full policy and procedure is on file in the Athletic Director's office.

I have read and understand the policy and procedures for the Thomasville City Schools Drug Testing Program for students involved in extracurricular activities and hereby give my consent for my son/daughter to participate in the appropriate urinalysis-testing program conducted by the contracted agency chosen by Thomasville City Schools.

TRAVEL PERMISSION FORM

I hereby give my permission for my son/daughter _____ to go on planned trips associated with his/her participation and as a member of the _____ team.

I understand that these trips will be under the supervision of an employee of the Thomasville City School System. By execution of this parent permission slip, the undersigned acknowledges that the proposed trips will be so supervised but may occur at indoor/outdoor locations other than the properties owned by the Thomasville City Schools and may expose participants to non-school environments and to the actions of non-school personnel, which are beyond the control of the Thomasville City Schools. The undersigned further acknowledges that these trips may involve motor vehicle travel away from school premises and that the method of transportation is at the discretion of the Thomasville City Schools. Student-competitors may not drive their own vehicles to events.

The student-competitor will be expected to travel with his/her team throughout the entire competitive season as stipulated by the coach/sponsor.

It will be the decision of the head coach/sponsor of that particular sport/activity or sponsor of the sport/activity whether a student may be released from traveling to or from the school. For a student to be granted permission to travel other than with his/her group or team, the parent/guardian must give each coach a written request prior to that particular activity.

If the coach does agree to release the student to return with parent/guardian, the parent/guardian must personally see the head coach/sponsor at the time the student is to be released.

The undersigned hereby releases, individually and as a parent and guardian of his/her participating child, the Thomasville City Schools, Thomasville City Schools Board of Education and any and all employees of same liability for death, personal injury, and/or property damage that maybe sustained by the above referenced student while involved in this travel and related activities.
