

THE RISE IN CTE

career & technical education

THE RISE IN CAREERS

To keep up with today's growing economic demands, students are turning to Career & Technical Education (CTE) to help prepare them for the global workforce.

THE TOP 10 HARDEST-TO-FILL JOBS INCLUDE SKILLED TRADE WORKERS

MIDDLE-SKILL JOBS

that require education and training beyond high school, but less than a bachelor's degree, are a significant part of the economy

HEALTH CARE OCCUPATIONS

many of which require an associate degree or less, make up 12 of the 20 fastest growing occupations

1 MILLION JOBS

open in trade, transportation and utilities sectors and 315,000 in manufacturing

THE RISE IN EDUCATION

CTE programs are now offered in middle schools, high schools and postsecondary education institutions across the country

15% of all the credits high school graduates earn are in CTE

79% of sub-baccalaureate postsecondary credentials are earned in a CTE field

97% of public high school graduates earn at least some credits in CTE

THE RISE IN SUCCESS

CTE offers a variety of learning tools to help students succeed in their career path

81% of dropouts say **RELEVANT REAL-WORLD LEARNING OPPORTUNITIES** would have kept them in high school

The average high school graduation rate for **STUDENTS CONCENTRATING IN CTE PROGRAMS** is 93%, compared to an average national freshmen graduation rate of 80%

Over 75% of secondary **CTE CONCENTRATORS** PURSUED POSTSECONDARY EDUCATION shortly after high school

Online Career & Technical
Education Curriculum

Minneapolis High School is hosting its first annual Career Tech Education Night on February 23, 2022. It will be held in the auxiliary gym from 5:30 - 7:00 pm during parent/teacher conferences. The goal of the evening is to share with both students and parents the career opportunities available to students in CTE related fields. Many of these programs offer courses that are free to students while they are in high school, allowing them to jump-start their career. In addition, students are able to receive an education while accumulating very little debt. The following programs will be represented that evening:

SATC - Fire Science, Police Science and Early Childhood Education

Cloud County - Nursing, Wind Energy, Solar Energy and Small Unmanned Aircraft (Drones)

- Traveling lab, if weather permits, located outside on Woodland Ave.

PrairieLand Partners/AgriVision - John Deere Tech and Internship opportunities.

NCKTC - Electrical Tech, Heavy Equipment and Business

Carrico Implement - Precision Ag and John Deere Tech programs.

We hope that you will take the time to join us!

Feb. 23, 2022
5:30-7:00

MPLS CTE nite
Auxiliary Gym

(1) SATC - Jennifer Callis
