

February 15, 2023

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2021-2022 educational progress for the Millington Community School District and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Bruce Martin, Superintendent, for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following web site:

[2021-2022 MCS AER](#)

or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Student Assessment Data

Includes the following three assessments: M-STEP (Michigan Student Test of Educational Progress), MI-Access (Alternate Assessment), and College Board SAT. Presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, and science for grades 4, 7, and 11, compared to state averages for all students as well as subgroups of students. The report helps users to understand achievement performance within grades and schools, and to make comparisons to district, state, and national achievement benchmarks.

Accountability – Detail Data and Status

The accountability portion of the AER includes assessment proficiency and participation rates, graduation or attendance rates, as well as accountability index values showing school performance on a 0-100 scale.

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly-qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Please review the table below listing our schools. For the 2021-22 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no status label is given.

School Name	Status Label	Key Initiative to Accelerate Achievement
Kirk Elementary School	None	
Millington Jr. High School	None	
Millington High School	None	
M.A.L.C.	None	

Millington Community Schools is very proud of our success. We are seeing significant data growth in our daily, informal, classroom assessments, as well as a stabilized population. We are focusing our energy and district resources into strengthening our early-literacy instruction at Kirk Elementary. Professional development, coaching, and extensive data reviews are helping to boost student achievement in that critical area. Encouraging parents to read at home with their children is another vital strategy toward continuing this growth.

Sincerely,

Steve Bouvy, Superintendent
 Millington Community Schools
