

***** UPDATE *****

As I am sure many of you are wondering, School Spirit Gear delivery has been severely delayed due to supply issues. Many items are on backorder, as a result our screen printer has delayed production. We realize that many of you purchased these as gifts, we offer our sincerest apologies. These factors are outside our control; however, we will work to get the items distributed as fast as we can once we have them in our possession.

Additionally, we do not have a definitive date at this time. Fingers crossed our screen printer will have all items and be able to start production before February, but nothing is certain.

Thank you for your understanding and helping make this year's School Spirit Gear sale a huge success!
