Caught in the Act

①

②

③

*Avoid
second person.*

*Stick
with third person*

If you ~~you~~ enter the hallowed halls of Hurley High, you are bound to catch students in the act of various activities. A yearbook is a record of students and events, and the memories that go with them. The staff has made every attempt to capture moments; to catch students and faculty in the act of being themselves.

You would catch students in the act of participating in athletics. Most of the students involve themselves in the contests in one way or another, and they find a way to win — if not on the scoreboard, in the experience of the game.

You would also catch students in the act of participating in many activities. Band, chorus, mu-

sicals, journalism, and FHA, along with many other activities, are a part of every day life for many students.

Of course, you would catch students studying, taking notes, or writing tests. In their busy schedules, they still find a way to go to class and get homework done.

Most importantly, you would catch students being themselves. Each student has a unique personality. It is our intention to capture these personalities on film and on paper. On the following pages you can revisit the school year of 86-87 and see that truly, the student body was "Caught in the Act!"

Attempting to convince Mr. Ward that they aren't eating gumdrops, Paul, Rod, Tim and Howard grab test tubes.

2

▲ **Jill** is surprised by the flash of the camera while Howard is "Caught in the Act" of smelling Tim's flower.

▲ **Mr. Galvin** is caught in the act of helping **Kris L.** figure out her biology homework.

Use first + last names.

PEOPLE

When you live in a town of less than 500 people, it is the quality and not the quantity of the people you have in a school system that counts. In a small school like Hurley, people get involved in nearly everything. It is up to fifty-one students to handle the roles that 1000 handle in other schools. They do everything from completing the annual to raising money for senior skip day. As students grow and change throughout the year, they gain more responsibility and, in turn, gain more respect from both teachers and classmates.

Jimmy Jager seems to be all tied up as Donovan Hansen applies some pre-wrap to his "injured" head.

*that's obvious

Label

Senior Snowfest

Wipe Out! This is what most of the class of '87 did during the senior ski trip, as only three of them had skied before. The bunny slope was littered with skiing apparel and flailing limbs belonging exclusively to the seniors. Towards the end of the day (when they got the hang of the chair lift), the seniors decided to try the more difficult slopes; thus spewing equipment throughout the entire ski resort, as few of them made it down any of these slopes, either!

It was a great day for skiing. The night before, a foot of fresh powder covered the slopes resulting in the best skiing the Black Hills produced during the year. However, any skier knows that when you ski, you work up quite an appetite. The seniors dined in several pizza parlors during the trip. They were also privileged enough to go to the famous Sluice Steakhouse.

The seniors and their chaperones spent the long trip home trying to ease sore muscles and attempting to catch up on lost sleep.

The seniors on the class trip: Back row: Laura Heirigs, Helen Falconer, Hope Johnson, Rod Anderson, Donovan Hansen, Dorothy Kluckman; Front row: Tim Spomer, Paula Georgeson, Jodi Homan, Joddie Poppenga, Jackie Georgeson.

Killing Time

Relaxing. Seniors often feel that they need a vacation; especially as the year draws to a close. This class has always been famous for its procrastinating and can always find an excuse not to do anything that might burn up calories!

Clowning around and harassing everyone from teachers to unsuspecting freshmen are two qualities that this class contains. Tardiness also runs in their blood as several of them rarely made it to school on time.

Laziness may be in their blood, but when a teacher asks for help, a senior is always there to lend a hand. Many of them are involved in extracurricular activities including declam, mural painting, and helping out the grade school teachers. All of these jobs are mundane, and not too many people volunteer for them, but after getting a little encouragement from members of the Hurley faculty, the senior class is always eager to tackle any job!

Donovan, Rod, and Tim urge the "wheel" on as they play a hot game of Wheel of Fortune during one of their study halls. No one is quite sure just who won the game!

Paula Georgeson was awarded the American Legion Oratory Award.

??

Farewell To HHS

Sunday May 24 was a gloomy day outside, but in the hearts and minds of 13 seniors, the day was bright. They had endured thirteen years of school to reach this final pinnacle ... graduation.

As the Hurley Band played Pomp and Circumstance, the thirteen seniors marched into the gym wearing robes of royal

blue. The class motto hung on the stage behind them as they sat and listened to the valedictory and salutatory addresses.

After receiving their diplomas, the gym burst into applause as the Class of '87 left the gym. As the seniors said farewell to HHS, tears were shed, but each senior knew that their memories of high school will always be there.

A Trying Year

▲ Chad Boomgarden leaps into the air to show his tremendous appreciation for the school's food!

Juniors! Time to take the ACT, build prom, take chemistry, and sandwich other activities somewhere in between!

Of course the highlight of the year is getting to put on a prom. The excitement starts in November and doesn't stop until it's over in May! Even the juniors can get sick of all the planning! "I think I'm going to die the next time someone says 'PROM!'" was Howard Georgeson's way of letting everyone know how excited he was about everything!

Chemistry was one class many of the juniors found "trying" throughout the year. Trying to blow up the school by mixing chemicals together and trying to get the chemical formula for nitroglycerin out of Mr. Ward were two of the many "peaceful" things done in chemistry.

The juniors had fun building a float that won the Homecoming Parade and discussing their favorite television show "ALF". One other activity that seemed very important to some juniors was hanging around in the hall, waiting for that special "someone" to appear!

Going Places

Everyone tries, but no one can keep up with a sophomore! Take your average sophomore for example. His life revolves around his biology book. Everyday you can look in studyhall and find some sophomore trying to get his homework done before class! "The material we do is college level! I'm going to test out of biology in college!" says Kathy Jorgensen.

This class' favorite activity is relaxing, although they rarely have time for it! Many are involved in sports, and all of them like to "cruise" with their friends. This cruising has caused a few problems! When someone mentions the word "pickup" the sophomores immediately think of patrolmen instead of Ford or Chevy!

Tim Johnson got to be famous during Homecoming. The class wanted to do something fun with their float, and had Tim be congressman candidate Tim Johnson for a day!

Growing Pains

Initiation. The most feared word in the freshmen vocabulary! The utterance of this word struck terror in each and every freshman's heart! Initiation, (once it's over!) isn't all bad. With this initiation comes privilege, which leads to responsibility. There isn't a freshman alive who hasn't always wanted to finally be part of the "high school crowd." Surviving initiation and lots of pushups is just part of growing up.

The term initiation is not the only word the freshmen are aware of. They also seem to be very acquainted with the terms homework, pain, and mean upperclassmen! Mention the words pushup or front row, and most, if not all of the freshmen, will be inclined to turn their heads.

People say learning how to handle responsibilities under pressure is all part of growing up. Whether it be through initiation or learning, these kids are on their way!

Fitting In

A big change was what the junior high students endured this year. The seventh and eighth graders learned how to adjust to new roles in life.

Did anyone see ALF last night? Walking into an eighth grade class on Tuesday morning without seeing ALF was a capital offense! Kristin Woodward and Molly Gerdes had a unique reason for watching ALF. "Alf makes Mondays go by faster!" This strange sentiment was echoed by other eighth graders also! Why was this show so popular? Only the eighth graders know!

Although it is hard to believe, this group of 10 kids can do something besides watch TV! Many of the students are involved in sports, and half the class is a part of the band.

Being the new kids on the block was a challenge for many of the seventh graders. Not knowing where to go and learning how to make the most of the three minutes between classes were things that took patience and a lot of determination. "Getting to be part of the high school crowd is great, but it sure took some getting used to," said Beth Trenerry.

Learning how to juggle homework, sports, and fun were quite a problem for the class at first. Eventually, most of them got the hang of it. Even their teachers noticed the improvement. "Their adjustment period is over. I think they are finally used to junior high," said their geography teacher, Mr. Kent Wolford.

5th & 6th

Catching On

“Caught in the Act” suits the students of the fifth and sixth grade well. They are always doing something!

The fifth grade, taught by Mrs. Jan Harmon, achieved many things that were thought to be impossible in the fourth grade. Learning huge spelling words and playing an instrument weren't as hard as everyone thought! Studies were difficult, but fun. While studying about Pilgrims, the students ate a real “Pilgrim” meal.

The sixth grade was not to be outdone! Members of the girls basketball team (including the fifth grade) could boast of an undefeated season. The boys also chalked up a good season of play, as they gained the experience they needed for future years.

Whether it was studying capitals or just having fun; this class is always capable of showing their stuff!

Fifth Grade, Back row; D.J. Ebdrup, Angie Reiners, Chris Goettertz, Corey Anderson, Chuck Gerdes. **Middle row,** Mrs. Harmon, Lynette Bagley, Erin Nielsen, Jenny Olesen, Dalice Johnson, Jim Gerdes. **Front row;** Billy Jacobson, Brad Lange, Mitch Smith, Melissa DeNeui, Jarrod Hagena, Jeremy Carlson.

Sixth Grade, Back row; Jeannie Monen, Julie Plahn, Leasa Woodward, Laura Woodward, David Stacey, Heidi Mehlhaf. **Front row;** Mr. Janssen, Sara Bunger, Shelly Mills, Amy Abbas, Jackie Brandsrud, Joe Mikkelsen, Mrs. Halverson.

David Stacey looks up from his craft he is making during the sixth grade class free time.

This group of fifth grade students looks surprised as the camera catches them puzzling over an intriguing problem. The fifth grade class worked in groups and made life-size pictures of several famous people.

3rd & 4th

Growing and Changing

Third Grade, Back row; Nicole Rayburn, Kim Gerdes, Mike Abbas, Kirk Ebdrup. **Middle row;** Eric Petersen, Sara Johnson, Jayme Leber, Steven Hagen. **Bottom row;** Clint Schroedermeier, Jenny Goettertz, Joey DeNeui, Matt Olesen.

Trying to describe the third and fourth graders can sometimes be very difficult. At one moment they are hard at work on book reports and taking spelling tests, and the next thing you know they are planning parties, discussing who is going to win the Super Bowl, and going out for recess.

With their teachers, Mrs. Beverly Spomer and Ms. Connie McGinnis, the students made it a year to remember! Everyone took part in the "Book It" program sponsored by Pizza Hut. "Book It" motivated the students to read books by offering a pizza to the kids who read the required amount of books. This was very beneficial to both education and the kids' appetites!

After a year of growing and changing, the third and fourth graders are ready to climb up another rung of the ladder; a rung they hope will be as exciting as the last. *Did they say so?*

Fourth Grade, Back row; Ms. McGinnis, Joshua Oltmanns, Jeremiah Larson, Brian Smit, Ryan Tronbak. **Front row;** Lisa Mehlhaf, Leslie Wiebesiek, Laurie Plahn, Laura Hummel.

L = TWS

Kimmy Gerdes and Joey DeNeui practice their recorders diligently during Mrs. Bergjord's music class. All third graders were instructed on how to play this unique instrument.

Clint Schroedermeier gets caught by the camera as he prepares to leave the third grade classroom. Trying to sneak out Clint?

Primary

Kindergarten- Back row; Mrs. Diane DeGroot, Teri Hovaldt, Ryan Murphy, Malisa Clark, Kasey Richards, Christopher Nielsen, Evert Olesen. **Middle row;** Daniel Benson, Steven Ford, Laura Hagena, John Schneiderman, Darcy Andersen, Thresha Flyger, Kevin Nickel. **Front row;** Jessica Farrar, Rebecca Simonsen, Adam Rayburn, Jeremiah Hora, Sheri Carlson, Scotty Green.

Bugs and Buddies

The first few years of school are always fun! This year was highlighted by the annual trip to the circus in Sioux Falls.

The kindergarten class had a very busy year under their teacher, Mrs. Diane DeGroot. They started their own bug collection and earned a class pizza party during the "Book It" program. Already looking to the future, the kids took a computer class!

Next stop: First grade! This year's first graders polished up on their ABC's and 123's with their teacher, Mrs. Jean Lounsbery. They also learned how to read on their own.

Taking a trip to Newton Hills and getting to tour their first fire station were just some of the things the second graders were able to do. Their teacher, Mrs. Kelly Preheim also used the "buddy" system with the biology students.

First Grade- Back row; Joshua Leber, Brian Plahn, Jason Tronbak, Jason Wirth, Joshua Ford. **Middle row;** Mrs. Jean Lounsbery, Bradley Georgeson, Thayeiss Koerner, Amanda Trenerry, Brandy Ray, Darby Johnson. **Front row;** Michael Elsberry, Ellen Goettertz, Ellie Highstreet, John Stacey, Sonya Parmeley.

Second Grade- Back row; Kara Elsberry, Amy Larson, Jay Larson, Tricia Smit, Jesse Ray. **Middle row;** Mrs. Kelly Preheim, Nicholas Green, Pamela Nickel, Jim Brandsrud, Chad Aeschlimann, Brad Farrar, Stephanie Hummel. **Front row;** Justin Carlson, Mike Mark, Mark Smith, T.J. Koehler, Valerie Parmeley.

► **Kara Elsberry** constructs a snowman out of dough during art class in the second grade.

◀ **Laura Hagena** leads the class in a song with the help of her friend, Wally Gator.

In addition to teaching the sixth grade, Mr. Steve Janssen instructed all of the grade P.E. classes. Here he helps Brandy Ray with her tumbling.

Darlene Schissel and Thelma Mikkelsen stand with their "sombbrero cakes" in front of the bulletin board they made in honor of national school lunch week.

The special education instructor this year was Ms. Linda Fansin.

▲ Michaelene Preheim was the speech therapist this year. She spent two days a week helping students develop their speech.

► As the school's janitors, Larry Ness and Evelyn Nielsen spent many hours working to keep our school spotless.

Extra Effort

Choppy paragraph

Giving that extra effort took time, but the people that make up the Hurley staff did just that.

Steve Janssen taught the P.E. classes and the sixth grade.

Darlene Schissel and Thelma Mikkelsen prepared nutritious meals for the students.

Teaching the special education class at Hurley was Linda Fansin.

Michaelene Preheim helped many children with speech therapy.

Larry Ness and Evelyn Nielsen served as the school's janitors.

Hurley's bus drivers got the kid's to school safe and sound.

Donald Jorgensen, Marly Gerdes, and Noble Jensen were the fearless bus drivers for the year.

Taking Control

“I’ve spent seventeen years in education and never had the fun I’m having this year!”

Those are the words of Hurley School’s superintendent and elementary principal. Mike Elsberry is in his first year as helmsman of the school. He brings with him a doctorate degree in education and a strong leadership style which he uses to keep the school running smoothly and effectively.

Of course, Mr. Elsberry is one of many people vital to the success of a school. Secondary principal Don Plahn has been employed in that position for the past five years. His experience and enjoyment of young people make him an asset to the school.

Overseeing the operation of the school is the board of education. Although it isn’t always the most popular job in town, it is one that is necessary. This group of people is dedicated to the improvement of education.

The student council is a group of responsible young people who represent the whole student body. Their most important job is to provide the communication link between the students and the administration.

Running the affairs of the school was the job of these seven people. Left to Right; Jim Georgeson, Ralph Duxbury, Don Rayburn, Supt. Mr. Elsberry, Business Manager Judy Gerdes, Board President Keith Bagley, and Lowell Andersen.

As superintendent, Mr. Mike Elsberry was in charge of the basic functioning of the school.

▲ **Principal Don Plahn** endured a lot of harassing from the students, but still managed to keep a firm reign on the happenings in the high school. He was also the athletic director.

► **Student Council:** Fourth row; D. Hansen, T. Spomer. Third row; D. Kluckman, P. Rayburn, N. Neimi. Second row; K. Jorgensen, E. Elsberry. Front row; A. Gerdes, M. Bungler.

Retired ... But Never Forgotten

*Thank You, Betty Eidem,
For Twenty-Two Years Of
Dedicated Service To The
Hurley School District*

Being business manager is a hectic job; one many people wouldn't wish on their worst enemy! Betty Eidem held this position for twenty-two years. Mrs. Judy Gerdes took over the position, and along with Betty, has seen and done everything from nursing a bleeding cut to balancing all of the school's books!

Having every teacher constantly wanting information on something would give anyone a headache! Betty and Judy are two of the most patient people any of the teachers know. These two ladies appear to be able to do three things at once, including leaping a tall building in a single bound!

As Betty prepared to leave the school staff, friends and family decided to throw her a farewell party at the school. Former teachers at Hurley came and Betty was honored in many different ways. Hurley's mayor, Marie Anderson, even declared December 19 as official "Betty Eidem Day" in Hurley.

Everyone was sad to see Betty go, but Judy Gerdes came in and did a fine job of taking over Betty's position in a short period of time. Judy is the backbone of both teachers and administration. With her help, things run smoothly!

Jones 078

Betty Eidem is shown here with family and friends during "Betty Day." The day was held in honor of all the work Betty has done during her 22 years of service. We'll miss you, Betty!

Judy Gerdes took over the job of business manager after Betty Eidem's retirement. She was a welcome addition to the staff.

↖ ? ?

Hands-On

On hand experience was a key factor to making the grade at HHS this year. More field trips and fun made learning science and math a much more rewarding experience!

How would you decide what colors are in a small sample of hydrogen? No chemistry student knew until an interesting lab experiment was done! Working with the help of their teacher, Mr. Alan Ward, the students made their own spectrometer and distinguished between color bands in elements. This was just one of many labs in this difficult but fun class! The students learned a lot through their hands-on experience!

Where did all of this neat stuff come from? Numerous students uttered this statement when they entered Mr.

"Chemistry is a tough subject. Mr. Ward made learning it fun, but it was definitely a challenge!"

-Sheila Woodward,
Junior

no need to identify by class

Gary Galvin's science room. A vast array of objects were on display in his room — everything from snakes to ancient rocks! Most of Mr. Galvin's students were assigned buddies in the grade school. The high school students explained any questions that the younger students had and took them on tours of the science labs. All of the science classes were treated to at least one field trip, ranging

from hiking at Newton Hills to visiting the Augustana science fair.

How do you apply the binomial series to probability? Only two people in HHS know the answer — Mr. Randy Holzkamm and senior math student Jackie Georgeson. "Mr. Holzkamm is very smart, but gets it down to our level," stated Jackie. In addition to the advanced classes, students from grades 7-12 can attest to monumental amounts of math homework. "We learn by doing," states Mr. Holzkamm. Many senior high students are also enrolled in consumer math, which is taught by none other than our IA instructor, Mr. Tom Christiansen. Together, these instructors run a difficult but very successful math program at HHS.

stay in past tense!

▲ Mr. Ward attempts to help Paul figure out a difficult chemistry problem. Mr. Ward came from Viborg everyday to teach 13 eager students the science of chemistry.

► The camera catches Sheila trying to solve a tricky problem in Algebra II. Working on the board was one of the many different things the students were encouraged to do in math.

► Kristin and Jennifer are caught trying to blow up the school. Mr. Galvin is in the background ready to offer these two girls some assistance!

◀ **Teresa discusses** a difficult algebra problem with Mr. Holzmann while Jeremy looks extremely puzzled in the background.

▼ **Protected by** some very attractive looking goggles, Wendy prepares to do one of the many labs the chemistry students endured throughout the year.

▼ **Delena and Jennifer** try to do some of their homework in the science lab. Delena and Jennifer were two 7th graders who made the adjustment to junior high.

Well Done

How would you go about finishing a term paper? Fifteen juniors at Hurley could give you their answers! For the first time this group was required by their English teacher, Mrs. Karol Aeschlimann, to write their own term paper — complete with bibliography and footnotes! The typing room was hectic as every student waited until the last minute to type their papers.

Writing term papers wasn't all that was done in this year's English classes which were taught by both Mrs. Aeschlimann and Mrs. Loretta Trenerry. The seventh graders learned "a lot," including the correct spelling of the word! The freshmen and sophomores spent their time dreading grammar and learning about various types of litera-

I enjoy learning languages. In Hurley I received the chance to take Spanish for the first time.

-Nina Neimi, exchange student.

ture. Besides doing term papers, the juniors and the seniors spent time reading works by various authors ranging from Willa Cather to William Shakespeare. Creative writing talents were abundant in every English class as everyone was required to write in journals every week.

Foreign language at HHS had an interesting twist in it this year. Nina Neimi, a foreign exchange student from Fin-

land, was the only person who took Spanish II. This was the fourth language she has learned. Also, Mrs. Trenerry traveled to Viborg every morning to teach Spanish II.

The social studies courses were made interesting this year by Mr. Kent Wolford's new way of teaching. Instead of sitting in the traditional rows and hearing a history lecture, he formed groups to help students help themselves learn. Each group had a leader and he/she was in charge of getting and keeping the group on track. It made things more of a challenge, and also made the students take an active role in their education.

As the year came to a close, the teachers and students looked back with pride and could say, "well done."

▲ Mrs. Aeschlimann tries to answer Ricky's question during English II. In addition to teaching high school English, she also combined with the music directors to create an All-School Musical.

▶ Mrs. Trenerry helps Nina Neimi with her Spanish I worksheet. Mrs. Trenerry was also the librarian at Hurley High.

▶ Why are these desks scattered all over? It's just Mr. Wolford trying a new teaching technique to make students think on their own.

◀ Mrs. Aeschlimann poses with two of her favorite students!

▼ Where in the world is Saudi Arabia? Herman Hovaldt is trying his best to find it, but he's having a hard time! Finding countries was just part of learning geography.

▼ The senior girls hold a group discussion during English IV. Are they really discussing Shakespeare?

Real Life

During nearly every student's stay at Hurley, they take at least one vocational arts class, be it home economics or shop. Most students find this a real learning experience.

Home ec is no longer just for girls! Many guys have decided that they are going to need to cook and sew when they enter the "real" world. Watching the boys attempt to sew a button hole is sometimes extremely funny, but many of them have practiced and now can do a button hole better than any of the girls!

Of course, with all of the boys taking home ec, you can expect to find some girls in shop. The eighth grade girls take shop for an entire semester, and several other girls are involved in some of the other industrial arts classes.

"Textbook work during woodworking isn't nearly as fun as the hands on experience."

-Hudley Koerner,
Freshman

FHA has taken on a new meaning under home ec teacher and advisor Lavonne Meyer's direction. Nineteen people took Action Activity Events to the district meeting in Beresford, and all received a superior rating. Jackie Georgeson served as a district officer and gave Hurley a bigger voice in the crowd. New activities were undertaken here at home by the FHA. An FHA picnic was held along with a fund

raiser for the March of Dimes. Of course, the Sweetheart Ball was put on and, with the help of Mr. Preheim and his stereo, was a huge success.

Shop and agriculture classes can include many things. From auto mechanics to welding, wood-working to bull judging, students learn many practical skills from their instructors. Mr. Stapleton keeps his classes caught up with the newest technology as he has incorporated the computer as a tool for his students. Tom Christiansen brings years of work experience into his classroom. His outstanding ability as a craftsman makes his classes especially beneficial.

► Dorothy studies her pattern directions as Mrs. Meyer assists Jodi in cutting out her material during senior home ec.

► Eddie carefully puts the finishing touches on his woodworking project by using the band saw.

► Mr. Christiansen gives Chad a few helpful pointers as he attempts to set the scale on the table saw. Mr. Christiansen taught both shop and math classes throughout the year.

◀ **Donnie confers** with Mr. Gene Stapleton about his grade in ag. Mr. Stapleton came from Viborg every day to teach ag in the teacher-sharing program.

▼ **Rod looks** bewildered as Mrs. Meyer attempts to show him how to cut out his sewing pattern!

▼ **Jackie looks** as the camera catches her making posters for her FHA Action Activity Event. All nineteen participants received superiors at the district contest.

Bit by Bit

Being 20 cents off on your New Horizon's accounting packet can be one of the most frustrating experiences in high school. If you see a student with accounting papers strewn over two or three desks you know they are completing a frustrating but rewarding simulation in Mr. Preheim's Accounting I class. "Mr. Preheim gives us a lot of work but when you are done you know it," commented Kathy Jorgensen. In addition to an Accounting II class which involved the application of computerized accounting, the business curriculum includes two years of typing and a business law class.

Typing I students were taught how to use the word processor during the final se-

"Mr. Preheim made computer fun. It was never dull!"
- Rod Anderson

mester. They were one of the first classes to learn the word processor technique during their first year of typing.

Mr. Preheim also teaches three levels of computer science. Students learn various things such as the history of computers, use of software, word processing, and programming in the first semester. The next two semesters

are primarily programming and getting into the advanced features of the computer. The seniors spent a day at Augustana College in Sioux Falls working with various computers and attending mini-workshops which dealt with computers.

Other classes also use the computer room for their studies. All of the English classes used the word processor for their term papers. Mr. Holzkamm brought his seventh grade math class in to get them acquainted with the computer at an early age. He also taught them the basics of computer programming. The home ec department also acquired their own computer to use as a teaching aid in several of the home ec classes.

▲ The sophomore accounting class is shown here tackling their New Horizon packets.

► Chad Boomgarden looks astonished as he realizes how long his term paper really is!

► Everyone is wearing serious expressions as students from the two computer classes work on their new assignments.

▼ **Mr. Holzkamm** shows the seventh grade math class the basics of computer.

▼ **Hope Johnson** is practicing her speed typing as she tries to get her Computer II assignment done on time.

the value of friendship

Friends are a very important part of high school life. The friendships that are made during high school are remembered long after graduation is over.

There is no monetary value that can be placed on a friendship. In high school, friendships are often more important because of the growing and changing that teenagers experience. Everybody needs someone they can confide in; someone they can trust. Friends influence the way teenagers think, act, and dress. Friends often have more control over what one does than do one's own parents! That special friend gets one through the worst of times and makes the best times that much more enjoyable. And, of course, the high school

years mean dating. The friendships made here can be the most fun, and the most painful.

In a school the size of Hurley, the students are all friends to some degree. A special bond develops as you are not a number, but an important part of a small allegiance — a student from Hurley High School.

► Donnie, Greg, and Jamie gather around their new shop project to play penny basketball.

a nice feature!

▲ Molly, Kristin A., Kristin W., Steph, and Carmen relax with their basketball cake during the Watertown Basketball Tournament.

► Jodi Homan takes a break from her strenuous studies to give Kathy Jorgensen some friendly advice.

Howard and Paul sprawl out on top of the library filing card table and try to find an interesting news article.

As the cold weather sets in, Kristin, Dorothy, and Stacy snuggle up in their blanket and attempt to keep warm during the Wakonda football game.

spring fever

Sunshine! After being cooped up in a dismal schoolroom learning everything from A to Z, spring is a welcome word among Hurley High students. Spring brings with it warm weather, and warm weather means outdoor fun.

From April on, teachers have to deal with spring fever. Classrooms can get really drab when students can look out the window and see the sunshine beaming down out of a clear blue sky! Any girl in Hurley would tell you that the spring sun is perfect for getting a tan. Ask any boy the same question, and some of them would say that the warm weather means motorcycle riding while others would say it means a long summer of work

ahead!

Spring also brings with it the end of school. For most of the students it is a happy occurrence. But for some, especially the seniors, it can be a very sad event. Spring brings with it the reality of the future lying ahead.

► **Tim Spomer and Donovan Hansen** show their culinary talents during the annual senior home ec barbeque.

▲ **Having fun in the sun** is all Jeremy Hansen and Kent Mehlhaf care about as they engage in a friendly arm wrestling match.

► **Coach Holzkamm, Donovan H., and Chad B.** discuss several strategies to use in the upcoming medley relay.

Rod Anderson and Jimmy Jager do their best to imitate their favorite wrestling heroes — Hulk Hogan and Randy Savage.

As their senior days of school come to a close, Hope Johnson and Jodie Poppenga go outdoors to work in the FHA concession stand during Rally Day.

ATHLETICS

What do you think of when someone says they participate in an athletic activity? Do you think of basketball or possibly track? Some of the most important participants in athletics often go unnoticed. They are the fans. "We do so much better in a game when we have a lot of fans cheering us on," said junior girls basketball player Sheila Woodward.

Of course these fans did have something to watch; sharp-shooting girls on the basketball team, hard-working football players, a volleyball team that took third in the region tournament, fast-breaking boys on the basketball team, and a vast array of talented tracksters. The cheerleaders and fans were always at each of these events cheering the Bulldogs on to victory.

▲ The senior members of this year's HHS football team: Rod Anderson, Mike DeNeui, Tim Spomer, and Donovan Hansen.

▶ Sheila Woodward towers over the defense and launches a jump shot to lead the Bulldog team to a victory over Canistota.

Chad Ness soars over the Viborg defender towards the hoop to add two points to Hurley's total during the Tri-Valley boys basketball tournament.

Teamwork Makes the Difference

As the girls basketball players entered the 1986-87 basketball season, they knew that teamwork was an essential part of each and every game. With only two seniors on the team, the players looked to each other to provide leadership.

Through every practice, this dedicated group was driven with the hopes of victory. Every day of practice brought new lessons and new ideas. Teamwork was an important

ingredient in every game they played and was stressed all season long by head coach Gary Galvin. "I felt that this season we got along much better than we ever have before. To win you have to play as a team, not as individuals," stated senior center Dorothy Kluckman.

Sweat and practice weren't the only components of the season. Friendships and lasting memories became an important asset to the girls, especially during the long bus-

rides to the other towns.

The season was full of ups and downs, but the team managed to maintain a record of 10-10. Throughout the entire season, the girls were always told to remember that teamwork does make the difference.

► **Stacy boxes out** her opponent as she watches the ball leave Sheila's hands. Stacy was given a trophy for being the hardest worker on the basketball team.

▼ **Sheila Woodward** pulls up for the jump shot as Stacy Reiners picks off the defender. Sheila received All-Conference honorable mention.

"Teamwork was really a big reason for our success this year. You could sense how well everyone got along while we were on the court."

Seniors Provide Leadership

Four seniors provided the leadership for this year's Bulldog football team. Senior Co-captain's Donovan Hansen, Tim Spomer, Rod Anderson, and Mike DeNeui did their best to set an example for the rest of the Bulldogs to follow. When the rest of the team needed advice, they knew they could turn to the seniors.

This year's Bulldog team was composed of some young but experienced players. New head coach

Kent Wolford inherited a team with few players but a lot of game experience. These players were small, but made up for their lack of size with excellent speed and hitting ability. Unfortunately for the Bulldogs, injuries to several key players seemed to come at the critical situation in many games.

Donovan Hansen was voted the team's Most Valuable Player. Hansen also was named to the All-Conference squad. Junior Paul Rayburn

received the Hustler Award. Both Rayburn and classmate Howard Georgeson received All-Conference honorable mention honors. Sophomore Todd Spomer was named the team's overall Most Improved Player for the 1986-87 football season.

► **Hurley's offensive line** holds back the defensive onrush just long enough for Howard Georgeson to squeak by for a first down.

► **Tim Spomer** drops back into the pocket and scans the field for an open Bulldog receiver. Tim was one of four senior co-captains on the team.

▼ **Rod Anderson** scrambles left and looks down-field for an open receiver. Anderson was a Bulldog co-captain this year.

This year was an improvement over last year. The record doesn't show the true story of the season. We lost a lot of close games.

VOLLEYBALL

The Name of the Game

People often wonder just what kind of sport volleyball is. Many think it involves little practice and even less effort. People don't actually realize how much time is spent practicing every aspect of the game.

Under the new and invigorating coaching techniques of Mr. Randy Holzkamm, the team practiced just as hard as they would have in any other sport. To increase the girls'

jumping abilities, he introduced the squat jumping technique. Just the mention of these two little words brought terror and eventually exhaustion upon the girls.

Dedication was the name of the game for the team and their coach. Practicing on Friday nights showed that the team wanted to go as far as destiny would take them. Even early morning practices during Christmas vacation didn't dampen the enthusi-

asm of the team.

As a few tears were shed after a crushing season-ending loss to Viborg, the team sat in the dimly lit locker room and reflected on the joys that the season had brought them. They all agreed that a 12-8 record was nothing to be ashamed of!

A Season of Near Misses

Hard work and a lot of extra effort were the key ingredients to this year's boys basketball season. Boys could often be found after practice "shooting hoops" or working on free throws.

Although the team record was only 7-13, over half of the games were lost by 10 points or less and two were lost in overtime. Foul trouble, turnovers, and the ball bouncing the wrong way haunted the Bulldogs

at the end of close games.

New head coach Kent Wolford inherited a young but experienced Bulldog team in his first year of coaching boys basketball at Hurley. Three senior boys were always there to provide leadership. It is no surprise that these three led the team in nearly every category. Donovan Hansen led the team in scoring and rebounding and was named the team's Most Valuable Player. Rod Anderson was the "3-point"

man and was given the team's Hustler Award. Tim Spomer ran the offense for much of the year and led both in steals and assists.

The loss of the seniors will be felt, as the team is going to be looking for new leadership next season.

► **Donovan Hansen** uses the screen set by Chad Boomgarden to take his defender out of the play. Donovan was named to the All-Conference team.

► **After a steal** at the other end of the court, Tim Spomer lays the ball up for two points.

On the Right Track

If a person could sum up the seasons of both Hurley track teams with one word, that word might be achievement. The word could also be "hard work." Whatever the word may be, it would always center around challenges, victories, or even heartbreaking defeats. The girls' squad under Coach Randy Holzkamm, and the boys' team under Coach Mike Elsberry, were major contenders for titles at the track meets held during the duration of the

season. At the beginning of the season, every athlete was ready to strive for their personal goals. During the season, many records were broken and numerous medals won.

At the close of the season, six girls and three boys qualified in their respective events for the State Track Meet held in Madison and Sioux Falls. The medley relay team, consisting of Jodi Homan, Jill Oltmanns, Steph Petersen, and Jody Kaarup, participated in the State

Meet as did Jackie Georgeson in the shot put. Petersen also placed fourth in the long jump.

The boys were represented by Howard Georgeson who placed third in the triple jump, and Tim Spomer who placed second in the polevault. Chad Ness competed in the high jump to round out the team.

► Jodi Homan gets her steps down and stretches over the last hurdle on her way to a victory at the Irene Invitational Track Meet.

The Supporting Cast

Cheerleaders have a big job during athletic events. Maintaining crowd control is an aspect of cheerleading that many people never consider. If the fans get excited during the game, it is the cheerleader's job to keep them from getting out of control. In a close game, this is often easier said than done.

New ideas were added this year. Different routines were made up and line dances were developed to give every cheerleader a chance to show her individuality and creativity. New pyramids were

made to fire up the crowd in a new and unique way. Every cheerleader tried hard to be creative and invent new "Bulldog" cheers to use in game situations.

Cheerleading tryouts were held in May, under the instruction of the departing seniors. The underclassmen learned new cheers and how to cover their mistakes. Every cheerleader tried their hardest to give each and every team member as much support as they could muster. Each team member was encouraged to be the best that they could be.

Do you know what was the only team in Hurley to go undefeated? The 5-6 grade girls basketball team went 13-0, including a championship trophy in the Watertown Tournament. The boys 5-6 grade went 7-9 playing against several seventh grade teams. The 7-8 grade girls basketball team didn't fair as well record-wise with a mark of 2-10. All of the basketball teams participated in Watertown, and each won at least one game.

16 boys and girls participated in track and the boys also combined with Viborg to play junior high football for the first time in three years.

ACTIVITIES

Home. A word that few high school students are familiar with. Activities take up a large chunk of the students' time, and most of that time is spent after school is done. Nearly every group in Hurley has meetings after school.

Other activities are much more fun for students. There was a large showing for all of the events during Homecoming Week. Students put a lot of effort into decorating the stage, building floats, and organizing the parade for this special occasion. The juniors also spent many hours in May building Prom and hoping to make it a once-in-a-lifetime event.

Giving that extra effort and taking chances in hopes of succeeding is what activities are all about.

Annual advisor Mr. Preheim gives Howard and Paul a hand with some tricky layouts.

Eighth grade advisor Mr. Holzmann gives Kristin and Tommy some helpful advice on their float building. The eighth grade class won a first place rating on their float.

Caught In The Reign

“Coronation was a very special night. I will never forget it.”
- Hope Johnson

Color hues of light blue, pink, and crisp white transformed an ordinary stage into an extraordinary background for the setting of the 1986-1987 Hurkota Homecoming Coronation.

As the chorus began singing “Candle on the Water” the Honor Guards solemnly marched into the middle of the gymnasium and crossed their swords high in the air as the Junior Escorts led the candidates and the Ladies of the Court into the gymnasium.

While the candidates and everyone in the gym wondered who had won, the Ladies of the Court introduced and briefly talked about each candidate.

Finally, the magic moment arrived. Last year’s Queen and King, Steph Lange and Jamie Boomgarden, announced this year’s new royalty; Queen Hope Johnson and King Donovan Hansen. The gym burst into applause as the new King and Queen walked out underneath the Honor Guard’s swords.

The evening was not over! Immediately following the crowning, spirits were lifted even higher as the pep rally began. The cheerleaders conducted the rally in a way that spread the excitement to everyone in the crowd. After several speeches, both the football and girls basketball teams were presented. Following several class skits, the cheerleaders got the crowd fired up as the King and Queen led everyone into the parking lot to witness the traditional burning of the “H”. As Donovan and Hope ignited the heavily oiled “H”, it burst into a fiery array of hot reds, brilliant yellows, and glowing oranges. The night ended with this scenery in the background as the crowd slowly drifted away.

Ellie Highstreet and Darby Johnson were chosen from the first grade class to be this year's small fry.

Candidates?

Is this a title?

Moving On

Homecoming Week is always busy, and this year was definitely no exception! Everyone seemed to be in a hurry throughout the week as they tried to find the perfect formal for Coronation or just tried to find some black spray paint for their float.

Float building is a tradition at Hurley High. Two divisions have been created and classes compete against one another to win the right to brag about their float building talent for the rest of the year. The theme for this year's float building was "magazines". Each class chose their own magazine name to build around. The winners were the juniors (in the senior division) and the eighth grade (in the junior high division).

This year's building of the "H" wasn't nearly as slick as last year's turned out to be, but the H-Club members put in a lot of hard work to provide the highlight of Coronation.

During the entire week of Homecoming, different days are set aside for the students (and often the teachers) to dress and act in different ways. Pajama Day and, of course, Dress Down Day were two of the students' favorites this year.

The final events of the week were the Hurkota Days Parade and the football game against Viborg. The parade was held in bright sunshine, and the many entries added to the week's festivities. Although the football game was lost, the fans were treated to an excellent battle between two very equal teams. The exciting week came to a close with a movie provided by the student council after the football game.

Todd Spomer and Chad Ness get a much needed meal during the sophomore class skit. Stacy Reiners and Kathy Jorgensen stand by with a ready supply of food.

► Howard Georgeson follows Donovan Hansen's lead block through a hole in the Viborg defensive line during the Homecoming football game.

◀ **Burning the "H"** is a tradition at Hurley. The newly chosen King and Queen are given the privilege of lighting the bonfire. It is burned every year at the conclusion of Coronation.

▼ **Tim and Joddie** take a moment to clown around before the start of the Hurkota Days Parade.

The upcoming Coronation activities don't appear to be having too much affect on Jackie and Hope!

Will You Still Love Me

"Sweetheart Ball was really fun. Everyone seemed to be enjoying themselves."

- Tim Spomer

The morning of February 7 was a hectic one for many of the members of the FHA. The gym had to be decorated, tapes had to be found, and punch made for the upcoming Sweetheart Ball.

The music was provided from a different source this year. Business teacher Brad Preheim brought his "Bradbo On Wheels" sound system into the gym. Everyone brought their tapes and "Bradbo" was only too happy to play all of the "latest" hits; from Bon Jovi to Leon Redbone!

Finally the moment everyone had been waiting for arrived. After the candle carriers slowly walked into the gym to the music of Chicago's "Will You Still Love Me," they formed a circle and solemnly waited for the candidates to enter. As soon as all of the candidates were in the gym, last year's Queen and King, Tammy Adrian and Randy Weier, announced this year's royalty; Jodi Homan and Tim Spomer. The gym burst into applause as the new King and Queen danced slowly in the circle of candle light.

Mr. Preheim, alias "Bradbo On Wheels," provided music for the Sweetheart Ball festivities.

One dance that caught on fast in Hurley was the "Bird".

▲ Royalty candidates for Sweetheart Ball. Back row: Dorothy Kluckman, Jodi Homan, Jackie Georgeson, Joddie Poppenga. Front row: Roger Dumont, Rod Anderson, Tim Spomer, Mike DeNeui.

◀ Sweetheart Ball King Tim Spomer and Queen Jodi Homan dance during the theme song.

Under the direction of Mrs. Bergjord, Mrs. Aeschli-mann, and Mrs. Williams, the All-School Musical was again performed this year. The title of the play that was presented was "Happy Days."

The play centered around the action at Al's, a teen hangout. Al had forgotten to renew his lease and now the Appleton sisters were going to open a "shiek boutique" in his diner. Al is also upset because he misses his girl, Cindy.

When Mr. and Mrs. Cunningham agree to help with a New Year's Eve Party, the fun really be-

gins. Fonzie solves both of Al's troubles at one time as he finds out that one of the Appleton sisters is Al's former girlfriend Cindy. As they are reunited, the clock strikes midnight and the teens usher in the new year in style.

Numerous practices and a lot of patience went into the creation of this year's musical. Several extras were used to give various scenes added effects. A band made up of a drummer, an electric guitar player, and a piano player was formed to accompany the singers throughout the play.

Happy Days Are Here Again

"The directors really made an effort to get everyone cast involved. It was great!"

- Wendy Anderson

The Fonz (Chad Boomgarden) listens intently to the problem so he can help find the solution.

The Appleton sisters, Hilda (Hope Johnson) and Cynthia (Danielle Smith), make plans for Al's diner.

Al, (Ricky Heidelberger) discusses his upcoming eviction with his niece Betty. (Kristie Georgeson)

The cast of "Happy Days" anxiously awaits the start of the annual New Year's Eve party.

A Night In Paris

“The juniors did a good job building Prom. The banquet and Kanaranzi were both really enjoyable.”

- Jodi Homan

marquee

A cafe near the Eiffel Tower in picturesque Paris was the setting for Prom 1987. The juniors decided to make this year's Prom like none before. Trees with realistic looking buds and lights were used to give the gym a "spring" effect. An Eiffel Tower was also made to make the setting even more realistic. A maitre'd seated the guests, and the waiters and waitresses served each table individually. The gym was decorated in maroon, pink, black, and white, and a marquis was constructed for the couples to walk under.

After a meal cooked by the junior mothers, Greg Hansen gave a talk on ambitions. The dance began after the banquet with Kanaranzi providing the music. After the dance, many people went to Sioux Falls or just out with their friends. For a brief period of time, the future was forgotten and the present was enjoyed.

► Slow dancing to the sounds and the lights of Kanaranzi was a highlight of Prom night.

Why not show the boys??

Marching On

Marching seemed to be the main word for the Hurley band, especially during the months of September and October. The band marched at Viborg during Viking Days and, as always, performed during Hurley's Hurlkota Days Parade. A very cold trip was made to Madison to march during Trojan Days. It was so cold that sweaters were worn under band uniforms!

A select group of music students, named the "Elite Band Group", gave Betty Eidem one final concert during the program held in her honor at the Hurley School.

The band performed at the Christmas concert in conjunction with the high school chorus. A spring concert was given with various bands entertaining the crowd. The grand finale was the jazz band performing six numbers under blue spotlights.

Hurley Band. Back row: Jackie G., Chad N., James N., Hudley K., Todd K.; **Fifth row:** Howard G., Paul R., Kristin A., Renae D., Chris S., Mitch D., Mark B., Eric K.; **Fourth row:** Paula G., Aaron G., Jerome G., Mike D., Sheila W., Russ A.; **Third row:** Danielle S., Sharon T., Jennifer A., Teresa A., Molly G., Jamie B., Carmen R., Jennifer J.; **Second row:** Laura H., Wendy A., Beth T., Steph P., Kathy J., Stacy R., Kristie G., Amy M., Joddie P., Dorothy K.; **Front row:** Jody K., Nina N., Jill O., Jodi H., Mrs. Williams, Hope J., Helen F.

The Hurley High School marching band performs during Hurley's Hurlkota Days Parade.

Mrs. Williams, the band teacher, gives drummer Hudley Koerner and bass guitarist Mike DeNeui some pointers during practice for the All-School Musical.

Making Music

The "Sounds of Music" were heard throughout the halls of Hurley on April 24, as the Hurley High School was the setting for this year's Choir Festival. Eight high schools and junior high schools brought their best singers to work together and to perform a concert for the public.

The bell choir was active again this year as the girls rang their bells during the Christmas concert and did a special number during the festival.

All-State Chorus members this year were Jackie Georgeson, Wendy Andersen, Rod Anderson, and Duane Falconer.

Helen Falconer and Steph Petersen concentrate on hitting the right note and getting all of the motions for the song that was done by the chorus in sign language.

Mrs. Bergjord directs the bell choir as they practice to give a perfect performance.

Two guitar wide

Playing To Win

Numerous contests and concerts made up a large portion of this year's jazz band and swing choir schedule. The jazz band performed at Augustana, the University of South Dakota, and the Nebraska Technical Community College in Norfolk, Nebraska while the swing choir participated at the University of South Dakota and at Nebraska Technical Community College. The jazz band pulled off what some might call a "miracle" as they came home from NTCC with a I rating.

The swing choir was often mistaken for a traveling beach party as they dressed Hawaiian and sang a Beach Boys Medley when performing. In addition to performing at all of the music contests, the swing choir gave the crowd at the All-School Musical a performance never to be forgotten!

Jazz Band. Back row: Mike D., Hudley K., Jody K., Mrs. Williams; Middle row: Kristin A. Paul R., Howard G., Sheila W., Aaron G.; Front row: Danielle S., Jackie G., Steph P., Jennifer J.

The Hurley High Jazz Band performs the grand finale at the Spring music concert.

Swing choir. Back row: Kris L., Kristin A., Hope J., Kristie G., Renae D., Steph P.; Middle row: Todd S., Tim J., Rick H., Kyle W., Duane F., Tim K.; Front row: Laura H., Danielle S., Wendy A., Nina N.

Todd S., Tim J., Ricky H., Kyle W., Duane F., and Tim K. all join forces to stun the crowd with their singing ability during a swing choir performance.

Chorus. Back row: Jamie B., Kristin W., Molly G., Chris H., Mitch D., Jimmy J., Russ A., Cindy A., Sara M.; Middle row: Kris J., Connie F., Joel O., Eric K., Todd K., Jennifer J., Beth T., Carmen R.; Front row: Laura S., Kristy H., Delena J., Jerome G., Tom E., Eric A., Becky J., Amy M.

B Band. Back row: Mrs. Williams, Kevin F., Todd K., Dallas J.; Third row: Eric K., Mitch D., Russ A., Jerome G., Laura W.; Second row: Leasa W., Sara B., Jackie B., Shelly M., Julie P., Heidi M.; Front row: Jennifer J., Molly G., Beth T., Amy M., Carmen R., Jamie B.

5th Grade Band. Back row: Brad L., Jimmy G., Corey A., Mitch S., Dallas J.; Middle row: Jarrod H., Jeremy C., Billy J., Chucky G., Mrs. Williams; Front row: D.J. E., Lynette B., Melissa D., Angie R., Jenny O., Erin N.

Note-Worthy

Spread too crowded with little faces needs to have a focus. you need a closer or two

Bells, bells, bells. Not only did the high school play the bells, the junior high girls learned, too! Several eighth grade girls also helped out the high school students at the music festival and at graduation.

Dorothy and Toto came out in full force as the junior high (along with the 5th and 6th graders) presented the musical "The Wizard of Oz" under the direction of Mrs. Bergjord during the Spring concert. Many hours of practice and hard work went into the making of the play which was presented at the Spring Concert in May.

The music festival held at Hurley involved not only high school students, but junior high students as well. The junior high students presented their own program after five hours of hard work under the direction of a guest conductor from Sioux Falls.

Tellin' It Like It Is

Making deadlines is a big part of belonging to both the paper and annual staff. Creativity is also a must when it comes to belonging to either of these groups.

The paper staff is composed of seven girls who cover everything from basketball games to community events. The articles are written, edited, and sent over to the Hurley Leader office where they are published in the weekly paper.

Every event in high school leaves a special memory in the mind of at least one high school student. It is the job of the annual staff to capture these memories and condense them into eighty pages. Many hours are spent by annual staff members and their advisor Mr. Preheim trying to decide what would be the best way to cover a certain event. Many discussions are held to insure that the coverage the annual gives will trigger memories now and in the future.

▼ **Hurkota editors** Sheila Woodward and Jackie Georgeson concentrate on making the annual a success.

Annual Staff. Standing: Paul R., Tim S., Wendy A., Howard G., Mr. Preheim. **Sitting:** Jodi H., Paula G., Dorothy K., Danielle S., Sheila W., Jackie G., Jody K.

Yearbook

Getting Involved

You broke your pattern for this section

Involvement! This is the necessary ingredient for a good organization to be the best it can be. Despite being loaded down with homework, many students found time to be involved with the various clubs.

The FHA/HERO chapter had a fine year as 19 members received superior ratings on their AAE's at

the regional meeting and all 19 participated at the state convention.

The pep club spread Bulldog fever before and during every game. H-Club is composed of the various students who have lettered. The H-Club also build the "H". The library aids helped Mrs. Trenerry keep order in the library.

Pep Club. Back row: Kristie G., Kathy J., Kris L., Sharon T., Jody K., Sheila W., Jill O., Kristin A., Stacy R.; Middle row: Danielle S., Helen F., Joddie P., Laura H., Jodi H., Dorothy K.; Front row: Teresa A., Jennifer A., Paula G., Hope J., Wendy A., Jackie G., Renae D., Steph P.

H-Club. Back row: Coach Holzkamm, Coach Galvin, Coach Wolford, Coach Elsberry, Coach Plahn. Fourth row: Greg J., Kris L., Kathy J., Jody K., Stacy R., Donnie J., Duane F., Mike D.; Third row: Joddie P., Laura H., Danielle S., Renae D., Sheila W., Wendy A., Paula G.; Second row: Dorothy K., Hope J., Jackie G., Tim J., Rick H., Chad N.; Front row: Donovan H., Tim S., Paul R., Rod A., Chad B., Howard G., Jill O., Jodi H.

Library Aids: Hudley K., Duane F., Hope J., Joddie P., Dorothy K., Helen F., Laura H., Mrs. Trenerry.

FHA/HERO. Back row: Howard G., Paul R.; Fourth row: Chad B., Jackie G., Wendy A., Steph P., Laura H., Joddie P.; Third row: Sheila W., Jennifer A., Stacy R., Kristin A., Sharon T., Kristie G., Renae D., Kris L., Kathy J.; Second row: Jill O., Jody K., Jodi H., Danielle S., Teresa A.; Front row: Hope J., Dorothy K., Mrs. Meyer.

The Final Act

The final act of a school year for the students of HHS is the completion of the yearbook. Even after graduation, the state track meet, and report cards, the students on the Hurkota Staff are busy finishing the yearbook. As a staff, we take a lot of pride in our product, and this year is no exception. We try to be competitive, chasing that ever elusive All-State rating. But our supreme objective, the one with which we always concern ourselves, is that the year is covered to the student body's satisfaction. We tried to be fair and objective in our coverage and hope that somewhere, everyone was caught in the act.

We would like to thank everyone who supported us financially. The cost of having a book made in such a small quantity is quite great, and the advertisers help to pay this cost. Their help allows us to maintain high quality and to sell the book at a cost that the students can afford.

We hope you enjoyed this edition of the "Hurkota" as much as we enjoyed catching you "in the act."

*Whom are you quoting?
The staff? Editor?
Attribute!!*

Chad Boomgarden chuckles as he throws Coach Wolford into the shower after a victory over Viborg in the Tri-Valley Conference Tournament.

Disappointment is evident in the faces of Rod and Donovan after losing the final football game of their senior year.

Jackie manages to show a smile after being awakened by the camera during the senior class trip.
