Mr. Jeff Ferrara, Athletic Director reported:

- Statistics for the department are as follows:
 - From 2010 to present, there has been an increase in the win percentage by 26%. In 2010, Delaware Academy was only winning 40% of their games. Mr. Ferrara credits the increase to the committed youth coaches.
 - From 2010 to present, there has been an increase in percentage of participants of 49. In 2010-2011, D.A. had 442 participants, in 2015-2016, D.A. had 491 participants; the increase is the number of an entire class size.
- The athletic department is looking at ways to move forward with a declining enrollment.
- A uniform rotation has been developed for the athletes. He will meet with Charlotte Valley CSD, but feels there is money to update the uniforms more frequently to keep our students looking fresh. He will share details with the Board of Education once he has the plan complete.
- Most of the goals for the athletic program have been met.
- There is an increase in student strength and fitness as there are many students now using the weight room. Mr. Abts is very busy. Mr. Ferrara noted there is a mental component to students when they step on the field knowing they are conditioned for the task.
- Community involvement is up - this is obvious by seeing the stands filled at games.
- Mid-term goals - to keep merges strong. Mr. Ferrara feels that with merging with Charlotte Valley, it has saved D.A.'s football season.
- He is seeing more 3-sport participants. More students are participating in each seasonal sport.
- Long-term goals - Develop relevance and play at bigger venues such as Chenango Valley.
- Mr. Ferrara thanked Mr. Potrzeba and the technology team for their assistance in making the website digital and much more user friendly.
- Update on success of moving golf to a fall sport - he had several nervous parents on how this would work out, but in the end, there were only two conflicts with 18 golf matches and 16 soccer events.

***This set of encyclopedias is marked “discard” inside them. I think that the school library may have discarded them 16+ years ago, and the teacher who had this room before must have taken them. Since they are already marked discard, I am not sure if they need to go through this process again or if they can just be gotten rid of.
