Public Employees' Occupational Safety and Health (PEOSH), the agency with jurisdiction over public employers in New Jersey, has adopted the ETS in full. However, its applicability for school districts is primarily restricted to the nurse's office and any adjoining clinical areas and not the entire school building.

The Board, administration, and the COVID-19 Safety Coordinator(s) will work collaboratively with all employees in the development, implementation, monitoring, and updating of this Plan.

1. Definitions

- a. "Employee" means any district employee or contracted service provider working in a healthcare setting where people with suspected or confirmed COVID-19 are reasonably expected to be present.

- b. "Healthcare setting" means all settings in the school district where any employee or contracted service provider provides healthcare services or healthcare support services.
