Welcome to the new school year! We are excited about having your student as a part of the Pike-Lincoln Technical Center community and are committed to providing the best educational opportunities possible. We all look forward to an outstanding school year!

We look forward to seeing you on **August 22<sup>nd</sup>** for the first day of class. All students, except for those in Welding and Building Trades, will be dropped off at the main campus. Our Welding and Building Trades students will be taken to the PLTC West location that is across the highway from the main building.

Our supply list is online.. Please review it and be ready to purchase the supplies listed. **Please do not purchase the supplies until you have checked with the instructor.** The supply list can be found at: <https://5il.co/vg7x>

We are giving you the option of filling out our registration form online this year. If you choose, you may use the online registration option, or you can print out the registration form and bring that to school. **ALL students must turn in a registration form or use the online option.**

We encourage you to download the Pike-Lincoln Technical Center App on Google Play or the Apple App Store. The PLTC app will be one of the methods that we use to communicate closures and other important information. It will also give you access to all of the forms used and a chance to see everything that is happening at PLTC!

We will have an Open House on **August 18** from 4:30 - 7:00 pm. Please come and visit the school and meet your student's instructor. This is also a chance to turn in any forms or fees.

We are asking that parents be an active partner in their student's education here at Pike-Lincoln Technical Center. It is proven that parental involvement is one of the most crucial factors of success. If you have any questions, please contact either your student's instructor or myself.

If at any time during the year you have questions or concerns, please feel free to contact me.
