

Health and Safety Plan Summary

COLUMBIA BOROUGH SCHOOL DISTRICT

Initial Effective Date: June 17, 2021

Date of Last Review and Adoption: August 19, 2021

Date of Last Revision: January 1, 2022

*This plan has been adopted on the following dates: June 17, 2021, August 2, 2021, August 19, 2021, February 17, 2022 (Pending Board Approval)

*As per the June 4, 2021 requirement by PDE, *"The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools."* The school district will follow this directive for any future necessary revisions.

1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

Columbia Borough School District is planning on opening school in-person to faculty, staff, and students for the 2021-2022 school year. The District will continue to monitor and abide by any existing, valid, or binding orders from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, the District administrative team will follow them, update the plan accordingly, and communicate to stakeholders. On August 4, 2021, the CDC updated universal mask recommendations. CDC continues to recommend universal masks by all students (ages 2 years and older), staff, teachers, and visitors to K-12 schools, regardless of vaccination status.

2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

For the 2021-2022 school year, the District will offer two(2) options for instruction, in-person learning and the Columbia Virtual Academy. Using the Community Eligibility Provision (CEP), the District will provide a free breakfast and lunch for all students. The District will continue to provide social, emotional, and mental health support to students through the school counseling departments and the Student Assistance Program (SAP). If any faculty and/or staff member needs social, emotional, and mental health support, the District will provide education and make resources available on benefit packages and opportunities. District administration will continue to monitor the health of faculty, staff, and students and make decisions that provide the greatest access to educational opportunity while maintaining health and safety for faculty, staff, students, and community members.

For the 2021-2022 school year, the District will continue to monitor the ever-changing and applicable requirements or guidelines from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, the District administration will follow them, and update the plan accordingly.

3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies/procedures/strategies, and a description of any such policy/procedure/strategy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
a. Universal and correct wearing of masks ;	<ul style="list-style-type: none"> For the 2021-2022 school year, the District will follow and continue to monitor the ever changing and applicable requirements or guidelines from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, we will follow them, and update the plan accordingly. For the 2021-2022 school year, the District will require indoor masking by all students, faculty, staff, and visitors regardless of vaccination status.
b. Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding);	<ul style="list-style-type: none"> For the 2021-2022 school year, the District will follow and continue to monitor the ever-changing and applicable requirements or guidelines from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, we will follow them, and update the plan accordingly. For the 2021-2022 school year, the District will practice social distancing to the greatest extent possible for faculty, staff, and students.
c. Handwashing and respiratory etiquette ;	<ul style="list-style-type: none"> For the 2021-2022 school year, the District will follow and continue to monitor the ever-changing and applicable requirements or guidelines from the CDC that are effective on or after August 4, 2021. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, we will follow them, and update the plan accordingly.
d. Cleaning and maintaining healthy facilities, including improving ventilation ;	<ul style="list-style-type: none"> For the 2021-2022 school year, the District will follow and continue to monitor the ever-changing and applicable requirements or guidelines from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, we will follow them, and update the plan accordingly.
e. Contact tracing in combination with isolation and quarantine , in collaboration with the State and local health departments;	<ul style="list-style-type: none"> For the 2021-2022 school year, the District will follow and continue to monitor the ever-changing and applicable requirements or guidelines from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, we will follow them, and update the plan accordingly.

f. Diagnostic and screening testing;	<ul style="list-style-type: none"> For the 2021-2022 school year, the District will follow and continue to monitor the ever-changing and applicable requirements or guidelines from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, we will follow them, and update the plan accordingly.
g. Efforts to provide vaccinations to school communities ;	<ul style="list-style-type: none"> For the 2021-2022 school year, the District will follow and continue to monitor the ever-changing and applicable requirements or guidelines from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, we will follow them, and update the plan accordingly. For the 2021-2022 school year, the District, in conjunction with local medical providers, will have provided three vaccination clinics (December 2021, January 2022, March 2022).
h. Appropriate accommodations for students with disabilities with respect to health and safety policies; and	<ul style="list-style-type: none"> For the 2021-2022 school year, the District will continue to provide specific accommodations relating to the health and safety of our students with disabilities as outlined in their Individualized Education Plans (IEPs). The District will follow and continue to monitor the ever-changing and applicable requirements or guidelines from the CDC that are effective on or after January 13, 2022. If there are any changes or revisions to those applicable requirements or guidelines after January 13, 2022, we will follow them, and update the plan accordingly.
i. Coordination with state and local health officials.	<ul style="list-style-type: none"> Lancaster County does not have a local department of health, so the District will seek guidance and support from state health officials when prudent and necessary. The District will continue to monitor CDC requirements and guidance documents.
