

Get Involved!

Dear ASBVI Parent or Guardian:

Studies show that parental involvement in a child's education is one of the most important factors in raising student self-esteem and academic achievement. Moreover, most experts agree that parental involvement should go beyond attendance at teacher conferences and open houses. However, we do realize that each of our families is unique – with its own priorities, needs, talents, and time constraints. Therefore, we try to provide as many different kinds of opportunities for parental involvement as possible. Please review the volunteer opportunities suggested below and check any that interest you. Or, tell us what you would like to do. Then return the form to the school.
