

This yearbook is dedicated in memory of Heather Presser, who was a Class of 2020 classmate. She had a positive impact on the lives of many.
2001-2012

Stay home. Stay Safe.

Just when everything was going well, COVID-19 turned the world upside down.

Federal, state and local governments mandated everyone to "shelter in place" and practice "social distancing" by staying 6 feet apart.

Because of that, we stopped going into our school buildings; instead, we did our homework and attended class online. We said goodbye to our teachers, school events were canceled and our winter and spring sports seasons were cut short. We faced a new world of uncertainty.

Our new reality...

Cleaners, hand sanitizers, face masks, gloves, virtual hugs, social distancing, and toilet paper shortages.

We were told to constantly wash our hands and nearly bathed ourselves in hand sanitizer. We wore masks and gloves when we went outside. When we went to the store, we noticed empty shelves - especially where there used to be toilet paper. We kept busy by playing board games, going on walks and cooking new recipes...puzzles even made a comeback. We found new ways to virtually communicate with friends. It has been a time in our lives we will never forget.
