Important Information
The student's transcript has been reviewed by parent/guardian & student.
The student's progress and future education plans have been discussed.
The student's Individual Graduation Plan (IGP) has been revised.
I understand that to receive a high school diploma the student must successfully complete the content courses, 9 pathway courses, LDE mandated tests, and obtain the required Industry Based Certification(s).
I understand to qualify for TOPS/TOPS Tech awards, the student must meet additional standard eligibility requirements.
I understand that the student will not be able to enroll in a Louisiana 4-year university without first attending a community college.
I understand if a student changes his/her pathway, it may delay the student's scheduled graduation date.
