## **What If I Am Concerned About My Child?**

Every school in the Marysville School District has a process in place to provide help when there are concerns about your child's learning.

Child Find is an Individuals with Disabilities Education Act (IDEA) mandate. It seeks to locate all children with disabilities who would benefit from public services. Child Find provides an initial referral point for children not yet enrolled in the Marysville School District. They also conduct outreach efforts to identify at-risk children who have not been referred.

## **Students Currently Enrolled**

If your student is already enrolled in Marysville School District, communicate with the staff at your child's school to begin the referral process. A good place to start is your student's teacher. You may also talk with the school counselor, psychologist, or building administrator from your school.
