All parents and students are welcome.

Thank you for your support of the North Star School!

WELCOME BACK TO SCHOOL!

A very warm welcome to all students, parents, and staff to the North Star School and the 2023-2024 school year! We are so excited to get this new year off to a great start with you. The school year will officially begin at 8:38 AM on Wednesday, August 23, but before that, we have our annual Back to School night. This is an opportunity for parents to meet teachers and staff and a chance to get to know one another as we begin our important educational work this year. We hope to see you all there.

This new school year will be one of many changes for the school. One thing that never changes, though, is how hard our custodians work to make the whole school building like new each and every summer! While the students were off getting a little rest and relaxation, our custodians have been preparing the school building for new adventures this year, and it looks fantastic! If you see a custodian or know one, please take a few minutes to thank them for their hard work and attention to detail.

Perhaps one of the big changes this year is in personnel, where we welcome new administrators to the school. Aimee Zachrisson is our new Superintendent, coming from Fargo. Eric Nygaard is our new HS Principal/Athletic Director. Mr. Nygaard comes to North Star from Devils Lake. They are both enthusiastic, upbeat administrators who will be a great addition to the staff here at North Star School. In addition, we welcome Anika LeRoux, Kindergarten and Elizabeth Haraseth, elementary music. There has been a little shuffling of duties as well with Liz Wilke going to HS Special Ed teacher from her paraprofessional position and Ron Lunde moving from cooking to paraprofessional. We welcome new paraprofessionals Mackenzie Gleason as well as Ashley Lunde. We do have a couple of openings available as well in the coaching staff as well as ancillary staff, so if you're looking to join us at the school, please consider applying for those open positions. It is an awesome day to be a Bearcat!

We will continue to have a health and safety plan to keep all our students, staff, and parents safe and healthy. The plan has become very basic and can be found on the school website: <https://northstarnd.sites.thrillshare.com/> One other change that you should be aware of is the Federal Free/Reduced Hot Lunch program. There are new earnings guidelines, and there may be a much better chance of your family qualifying for free or reduced price lunches. Even if you have not done so previously, it may be a benefit to you to fill out an application. The applications are always confidential, and it does help the school out in many ways if your family qualifies. Please seriously consider filling out an application!

We are looking forward to another great year in 2023/2024. Our entire staff is ready to work hard to give our students the best education possible. If you have any questions or concerns, do not hesitate to contact the school. The North Star Website (<https://northstarnd.sites.thrillshare.com/>) and school APP will have daily announcements, a yearly calendar, a daily calendar, and much more information to keep our community up to date with school happenings. The North Star School will continue to use PowerSchool for grading. If you are unable to access this system, contact the school. Together we will have a GREAT school year, and remember, "GO BEARCATS!"

LUNCHROOM/CONCESSIONS

One reminder to students and parents is that each class and school organization is responsible to work at least two lunchroom/concessions at ball games. There are also times students are asked to bring bars to a game. If your student has another obligation on his/her assigned night, then it is his/her responsibility to find a replacement, whether that be another student or parent. The profits from these games go to each class or organization to fund activities, trips, or needed supplies. Please support North Star classes and organizations.

MEDICATION POLICY

A reminder that parents cannot send prescription medication with their student to school; the parent must bring the medication to the school office and fill out a medication dosage form. Therefore, if you have a student who takes prescription medication, please see that the medication is brought to the school by the first day.

Cell Phones and Other Electronic Devices

K-9 Students: Cell phones and other personal electronic devices are not allowed from 8:10 am to 3:@5 pm

10-12 Students: Students may possess electronic devices at school and may use them before school, between classes and at lunch, and after school. Devices should be stored in lockers during classes.

Reminder: NO audio, video, or still photography may be taken on school property with personal cell phones unless authorized by school personnel. Cell phones should NEVER be in bathrooms, locker rooms, or dressing rooms.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records.

Student Education Records Access and Amendment Procedure

Reviewing an Educational Record

The District will comply with a parent/guardian/eligible student's right to inspect educational records. This right is granted using the following procedure:

1. A request to view an educational record shall be granted by the deadline in law (45 days).
2. A request may be orally or in writing to the building principal.
3. The principal shall notify the parent/guardian/eligible student of the time and place when a record may be inspected.
4. The principal or designee shall be present when the parent/guardian/eligible student reviews the record.
5. If circumstances prevent a parent/guardian/eligible student from reviewing the educational record at the school office, the District shall prepare and mail a copy of the record or make alternative arrangements for the parent/guardian/eligible student to review the record. Any expense incurred from copying and/or mailing a record may be charged to the parent/guardian/eligible student at state rates, except as prohibited by law.

Amending an Educational Record

A parent/guardian/eligible student has the right to request an amendment to any portion of the educational record s/he believes to be inaccurate, misleading, or in violation of the student's right to privacy. A parent/guardian/eligible student shall use the following procedure to dispute or request an amendment to an educational record. The procedure shall not be used

to dispute a grade, disciplinary decision, or opinions/reflections of a school official contained in an educational record.

1. Any request to amend an educational record shall be made in writing and submitted to the building principal.
2. The principal shall review the request within a reasonable time and approve or deny it. The principal's decision shall be submitted to the parent/guardian/eligible student. If the principal denies the amendment request, s/he shall inform the parent/guardian/eligible student of his/her right to request an appeals hearing.
3. Requests for an appeals hearing shall be submitted to the Superintendent. The hearing shall be held within a reasonable time after the appeal request has been made.
4. The Superintendent shall serve as the hearing officer. A representative of the parent/guardian/eligible student's choosing may accompany the parent/guardian/eligible student at the parent/guardian/eligible student's expense. The parent/guardian/eligible student shall have a full and fair opportunity to present evidence related to the amendment request.
5. The superintendent's decision is final and binding and shall be submitted to the parent/guardian/eligible student at a reasonable time after the hearing.
6. If the superintendent denies the amendment request, s/he will notify the parent/guardian/eligible student within a reasonable time of his/her right to submit a written response commenting on the contested material and/or explaining the disagreement with the hearing officer's decision. This written response shall be retained and, when applicable, disseminated in accordance with law.

Directory Information

The district may disclose directory information without parental/guardian/eligible student consent if it has given parents/guardians/eligible students reasonable amount of time to opt-out of directory information release. Opt-out forms should be provided at the beginning of the school year and when a student otherwise enrolls in the District. These forms shall contain a reasonable deadline of at least 10 days for parents/guardians/eligible students to opt out.

Directory Information is defined as personally identifiable information contained in a student education record that is generally considered not harmful or an invasion of privacy if disclosed and includes:

- a. Address
- b. Date and place of birth
- c. Dates of attendance
- d. Degrees, honors, and awards received

- e. Grade level
- f. Most recent school attended
- g. Name (first and last)
- h. Participation in officially recognized activities and sports
- i. Photograph
- j. School email address
- k. Student identification number if it cannot be used alone to access an educational record and is not the student's social security number
- l. Telephone listing
- m. Weight and height of members of athletic teams

15.1-21-08.1. Parental directive - Administration of tests and assessments - Report.

A student's parent may direct the school district in which the student is enrolled not to administer to the student any state test or state assessment required in accordance with section 15.1-21-08.

Procedure for Completing the Parental Directive Process:

1. Each school district shall post the Department of Public Instruction's Parental Directive form on its website and make the form available to a parent, upon request.
2. The form may be used for the ND State Assessments, ND State ACT, or ND Alternate Assessments (listed on SFN 61287). The form may also be used for any other specific test or assessment that could be administered to the student, except those listed in section 3. It is the school's responsibility to inform parents of the assessments used. The specific assessment will need to be typed under *Name of Assessment* in the form (i.e., Other – interim assessment, Math).
3. The parental directive **does not apply** to:
 - Any test or assessment required by the student's school district of enrollment or this state for the completion of any grade from kindergarten through twelve or
 - Any test or assessment required by the student's school district of enrollment or the state for high school graduation.
4. A parental directive is valid only if it is presented to the school district using the standardized form, prepared by the Department of Public Instruction, and signed by the student's custodial parent.
5. One form must be completed for each student for each individual assessment. A parental directive is valid only until the conclusion of the school year in which it is received by the school district.
6. A parental directive submitted to a school district in accordance with this section must be retained as part of the student's educational record.
7. At the time and in the manner directed by the superintendent of public instruction, each school district shall provide a report regarding:
 - The number of parental directives received;
 - The number of parental directives applicable to students who are economically disadvantaged, students from major racial and ethnic groups, students with disabilities, and students with limited English proficiency; and
 - Any loss of funding stemming from the parental directives.
8. A school district is not liable for any consequences incurred by a student as a result of a parental directive submitted in accordance with this section.
9. A school district is not required to provide instruction or activities for a student during the administration of any test or assessment referenced in the parental directive submitted by the student's parent.

Questions? Please contact NDDPI's Office of Assessment at (701) 328-2224 or dpiassess@nd.gov.

PARENTAL DIRECTIVE TO WITHHOLD ADMINISTRATION OF A STUDENT ASSESSMENT

NORTH DAKOTA DEPARTMENT OF PUBLIC INSTRUCTION
OFFICE OF ASSESSMENT
SFN 61287 (01-2022)

Note: The custodial parent must complete a separate Parental Directive form for each child and individual assessment that applies. The assessment must be clearly identified by name so that the school district has an accurate record of the assessment to which this parental directive applies. The state-wide assessments are listed below. For the name of any other specific test or assessment, please contact the local school or district.

Student Name	
School District	School Year: Name only a single school year (e.g., 2017-2018)
Custodial Parent of Student	

The three NDSA assessments are:

*NDSA - English Language Arts (Referenced as "Reading" in NDCC 15.1-21-08.)
NDSA - Mathematics
NDSA - Science*

The two ACT assessments are (if school district has chosen ACT for nationally recognized, locally selected assessment):

*ND State ACT - English Language Arts
ND State ACT - Mathematics*

The three ND Alternate assessments are:

*ND Alternate Assessment - English Language Arts
ND Alternate Assessment - Mathematics
ND Alternate Assessment - Science*

Each of the NDSA/ACT/NDAA assessment subjects requires the submission of a separate parental directive. Any other assessments to which a parental directive may apply must be submitted on separate parental directive forms.

As a custodial parent of the student named above, I am directing the school district to withhold the administration of the following assessment to the student during the school year indicated above.

Name of Assessment (name only one assessment on this form)
--

Signature of Custodial Parent	Date
-------------------------------	------

PLEASE RETURN FORM TO SCHOOL DISTRICT OFFICE

*This parental directive is valid only until the conclusion of the school year.
This parental directive must be retained as part of the student's educational record.
The school district is not liable for any consequences incurred by a student as a result of the parental directive.
The school district is not required to provide instruction or activities for the student during assessment administration.*

Annual Asbestos Notification to Parent, Students, and Employees of the North Star School District

Asbestos is a naturally-occurring mineral which has, until about 1980, been commonly used in building materials. Asbestos will not burn, is an excellent insulator, has great strength, is resistant to chemicals, and absorbs sound. Examples of asbestos-containing building material (ACBM) are vinyl floor tile, sprayed-on acoustical ceiling material, and pipe insulation. As ACBM deteriorates over time, or is disturbed by maintenance, renovation, or demolition activities, asbestos fibers may be released into the air. Inhalation of these airborne, microscopic fibers has been proven to cause such deadly diseases as lung cancer, mesothelioma (cancer of the lining of the lungs), and asbestosis (scarring of lung tissues). Uncontrolled asbestos contamination in buildings has been, and remains, a significant environmental and public health issue. In 1986, Congress enacted the Asbestos Hazard Emergency Response Act (AHERA) to require public and private, secondary and elementary schools to identify ACBM in their school buildings and take appropriate actions to control the release of asbestos fibers. In 1987, the US Environmental Protection Agency finalized a regulatory program which enforces the AHERA mandate. These regulations are incorporated within the AHERA Rule (40 C.F.R. Part 763, Subpart E).

In compliance with the AHERA Rule, the North Star School District had its building inspected by an asbestos inspector, accredited by the State of North Dakota. During that inspection, areas of suspect ACBM were identified. The type, condition, and location of this ACBM were noted. These materials are found in certain areas within the school. A complete list of these can be viewed upon request at the school during normal office hours.

Upon confirmation of the presence of ACBM, an Asbestos Management Plan has been developed. The Asbestos Management Plan includes a description of the measures currently being taken to ensure that the ACBM remaining in our school building is maintained in a condition that will not pose a threat to the health of our students and employees.

Information is provided on the periodical monitoring of the condition of the ACBM remaining in our school building through triennial re-inspections conducted by an accredited asbestos inspector, and through semi-annual surveillance, conducted by trained school maintenance staff.

A copy of the Asbestos Management Plan is available for your review in the North Star School Office during normal school hours. Jeff Hagler is the designated North Star School Asbestos Program Coordinator; please direct any questions to him at 968-4416.
