Dear KLC students & families:

It is with great pride and excitement that I write this letter of introduction as the Supervisor of Alternative Programs in the Klamath Falls City Schools. I am honored to have the opportunity to lead a school with such persevering students, an extremely dedicated staff, and a supportive school community.

Klamath Learning Center is a 9-12 high school in the Klamath Falls City Schools. It is an educational setting designed to accommodate students whose needs cannot be adequately addressed in the traditional school environment. Klamath Learning Center offers a high school diploma program and a GED preparation program for high school aged students. We also offer a 9-12 homeschool option for students and families looking for academic flexibility.

At Klamath Learning Center, we believe that ALL students will be able to complete their education in some form and become productive members of the community. Our online curriculum, Odysseyware, is a mastery-based and teacher-interactive program. Students can work on-site with our licensed teachers and at home in order to complete the requirements for their diploma or GED. We follow the Klamath Falls City School calendar and offer two educational blocks each day from which to select:

**Morning Block:** 8:15-11:45 (9:15-11:45 on Wednesdays)

**Afternoon Block:** 12:15-3:45

*Current Klamath Union High School students should speak with their school guidance counselor in order to obtain a referral to Klamath Learning Center.*

If you would like to know more about the learning opportunities at Klamath Learning Center, please call us at (541) 883-4719.

I look forward to working with you and assisting each student to meet his or her personal goals.

Sincerely,

Toby R. Flackus  
Supervisor of Alternative Programs
