Black Butte Jr. High School

2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Black Butte Union Elementary School District held a public hearing on September 19, 2018, and determined that each school within the district head sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbook used in the school the most current available. Materials approved for use b the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September, 2018, about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- · Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Black Butte Jr. High school benefits from its supportive parents. The school has a strong base of parent/grandparent volunteers who donate time in the classroom supporting student academic activities under the supervision of the classroom teacher. Black Butte School has developed a relationship with Shingletown Emergency Food and Outreach Center, a community organization, sponsored by the Shingletown Medical Center, that offer quality programs and services to the Shingletown area. Programs such as the emergency food bank, a Wellness Center, and resource information for housing concerns, drug abuse/domestic violence prevention assistance and nutrition/health issues.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- · Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2021-22 School Safety Plan

The safety of students and staff is a primary concern of the school. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan, which is a living document, was reviewed on January 2021. All revisions will be communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster.

Fire and disaster drills are conducted on a regular basis throughout the school year. Lock down drills are held as needed. Students are supervised before and after school, and during lunch. There is a designated area for student drop off and pick up. To ensure the safety of students and staff and avoid disruptions, all visitors shall register in the school office immediately upon entering any school building or grounds when school is in session. Visitors will be issued a visible means of identification while on school premises.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

All Classroom Teachers; Attend monthly Professional Learning Committee (PLC) staff and grade level meetings to review student assessment results, attendance, and teaching strategies. All teaching staff have also been learning about Multiple Tiered System of Supports (MTSS), and Universal Design for Learning (UDL) strategies. Shasta County Office of Education has been providing staff development support for increasing positive student attendance data and support along with academic support in Mathematics, English Language Development, and in reviewing new California Science Standards Science Curriculum.

New Teacher (e.g., Alliance for Teacher Excellence (ATE); At this time we have no new teachers needing this support system. When new teachers are hired the district supports the ATE program.

Non-Classroom Teachers; The district has one Intervention Teacher that attends all staff and grade level PLC training's and meetings. The intervention teacher is also on the MTSS team that receives specific training and brings that information back to the teaching staff. The intervention teacher also attends training offered through the Shasta County Office of Education on the California Assessment of Student Performance and Progress (CAASPP) coordination and any other pertinent training's that are offered regarding teaching strategies, academic, or social/emotional development.

National Board Certified Teachers; Currently the district has none.

Teachers experiencing difficulty/in need of improvement (Peer Assistance and Review); Teachers are evaluated every other year unless a "Need of Improvement" category has been identified. Should that occur a corrective action plan is developed and followed with other formal reviews. The plan may involve peer review, coaching from outside source, and/or specific professional development in the area in need of improvement.

Paraprofessionals (e.g., instructional aides, teacher assistants); Staff development is offered throughout the year through the district, on-line, or the Shasta County Office of Education.

Non-instructional support staff (e.g. clerical, custodial, transportation). Staff development is offered throughout the year through web-casts, CDE, and Shasta County Office of Education. Bus drivers must receive 10 hours of training per year through a certified transportation instructor. These training's are offered through the Shasta County Office of Education transportation department or privately contracted through the school district.

Student Support: Speech, counseling, tutoring, Project SHARE after school services, interventions, and Shingletown Emergency Food and Outreach Center.

Professional Development

The primary factors for determining professional development is based on reviewing student data including classroom formative assessments, K-3 Reach Higher reading and math assessments, Aims-Web reading and math assessments, I-Ready reading and math assessments and reviewing the California Assessment of Student Performance and Progress (CASSPP) results. Student attendance and discipline records are also reviewed on a regular basis.

The school calendar has ten early release days scheduled, dedicated to Professional Learning Collaboration meetings, and three full days dedicated to professional development spread throughout the school calendar year. The school administrator and two teachers are participating with ongoing training on Multi-Tiered System of Supports (MTSS) and Universal Design for Learning (UDL). The team then brings that information back to the staff during PLC meetings. All staff are also making positive student attendance a priority with the district receiving support from the Shasta County Office of Education. We are reviewing attendance data, academic achievement, student engagement strategies, and how to improve and increase school to home communication regarding student attendance. All teaching staff have also participated in professional development activities related to social/emotional development which includes Fred Jones "Tools for Teaching", Capturing Kids' Hearts, Trauma Informed Instruction, ALICE, Interim Assessment workshops, and Restorative Practices. Shasta County Office of Education (SCOE) also provides various opportunities throughout the school year in the areas of math, language arts, writing, science, and technology, that are offered during the school day or in afternoon sessions. Summer professional development opportunities are also offered through SCOE.

Black Butte Union Elementary School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
