

## SUPPORT SERVICES GOALS

Support services are essential to the successful function of a school system. Management of auxiliary operations is therefore an important responsibility of the district administration. It should be remembered, however, that education is the district's central function; all support services will be provided, guided and evaluated by this requirement.

In order to provide support services that are truly supportive of the educational program, the Board establishes these broad goals:

1. To provide a physical environment for teaching and learning that is safe for students, staff, and public.
2. To provide and or arrange safe transportation for students to and from school and nutritious meals for students.
3. To provide support services, resources, and assistance to fulfill the needs and promote the goals of the educational program.
