Superintendent’s Welcome

Dear Bryan County Parents and Students:

On behalf of the Bryan County Board of Education, I would like to welcome you to the 2018-2019 school year. In an effort to make sure we provide each student with a safe, active, and engaging learning environment that is free from distraction, we have enclosed a student handbook. This handbook was developed to provide you and your student with important information regarding school system policies and procedures. It also includes the student Code of Conduct which sets the behavioral expectations for all Bryan County Schools students.

In addition, you will find information regarding the school lunch program, transportation, extracurricular activities, and other useful resources. Please take some time to review this handbook with your student(s) so that we all are familiar with the expectations and guidelines. This will allow us to focus on what is most important, teaching and learning, with the emphasis being on learning.

The Bryan County Board of Education and I wish you the very best for the 2018-2019 school year!

Sincerely,

Paul T. Brooksher

Superintendent
Attendance & Enrollment

Absences

Students not subject to compulsory school attendance laws who are enrolled for the current school year who do not attend school for ten (10) consecutive days and the local school is not notified of the absence by parent/guardian are considered withdrawn. These students may be dropped from the school’s rolls after attempting to notify the parent or guardian. Students determined to no longer be a resident of the system may be withdrawn even if the student is subject to compulsory school attendance laws. The withdrawal shall be retroactive to the first day of the consecutive absences.

Students who have received a short-term suspension (1–10 days), will be allowed to make-up their work; however, it is incumbent upon the student to do so in timely fashion. Students are responsible for making arrangements and completing make-up work within five school days.

For currently enrolled students who are subject to compulsory school attendance laws, it is required that schools make a good-faith effort to obtain documented information that the student no longer resides in the school’s attendance zone before the student is withdrawn. Parents/Guardians may be asked for proof of residency at any time.

When there is a cause necessitating students to be released from school, they may only be released to their parent(s) or to the person properly identified to school authorities, or upon written notification from the parent(s).

Students who have emergencies necessitating their absence from school for a portion of the school day must have been present for the majority of the school day in order to be counted present. Students must attend school for at least the equivalent of half the school day in order to be counted for the whole day.

The basis of Bryan County Schools excused absences definition comes from OCGA 160-5-1-.10. The procedure reads as follows:

1. Personal illness or attendance in school endangers a student’s health or the health of others. Bryan County Schools will request medical documentation upon the return to school for the purpose of validating that the absence is an excused absence.

2. A serious illness or death in the student’s immediate family necessitating absence from school. In the event of a serious illness in a student’s immediate family, Bryan County Schools will request students to present appropriate medical documentation regarding the family member upon return to school for the purpose of validating that the absence is an excused absence.

3. A court order or an order by a government agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school.

4. Observing religious holidays, necessitating absence from school.

5. Conditions rendering attendance impossible or hazardous to student health or safety. (For Bryan County Public Schools, the closure of schools for hazardous conditions may only be made by the Superintendent to qualify as an excused absence.)

6. A period not to exceed one day (1) is allowed at the discretion of the local school for registering to vote or voting in a public election.

7. Students will be counted present when they are serving as pages of the Georgia General Assembly.

8. Students who are in a foster home or otherwise in the foster care system under the Division of Family and Children Services of the Department of Human Services will be counted present for any day, portion of a day, or days missed from school when attending court proceedings related to that student’s foster care.

9. A student who participates in the Student Teen Election Participant (STEP) program will be counted as present and given full credit for the
school day during which he or she served in the STEP program.

10. Military Dependent Absence: Code Section 20-2-692.1 provides that a student whose parent is in the armed forces of the United States military or National Guard, and said parent has been called for overseas deployment or is on leave from overseas deployment, will be granted up to five (5) school days of excused absences per school year to visit with said parent, prior to their deployment or while they are on leave.

**Reporting Absences**

Parents or guardians are encouraged to contact the school on the day of the student absence to indicate the reason for the absence.

**Student check-in and check-out procedures are determined at the local school level. A student must have parental permission, however, to leave school grounds.**

This includes, but is not limited to, local schools requesting appropriate medical documentation from the parent/guardian of a student with excessive absences (excused or unexcused). If a student has accumulated excessive absences, the school will make contact with the parent, guardian, or person having charge or control of the student to notify them of these absences and the possible consequences.

**Attendance Protocols**

School attendance is very important to the learning process. The good work habits students develop now will be beneficial to them later in life. Attendance also correlates strongly with test results. The greater a student’s attendance in class, the more success they will have in school. Student attendance is a specific indicator on the College and Career Ready Performance Index (CCRPI). Student attendance impacts all additional areas of CCRPI as well.

Georgia law requires compulsory school attendance for all students between the ages of 6 and 16 residing in Bryan County. Any parent, guardian or other person residing in this state who has control or charge of a child or children and who violates the law shall be guilty of a misdemeanor and, upon conviction thereof, can be subject to a fine not to exceed $100 or imprisonment not to exceed 30 days, or both, at the discretion of the court having jurisdiction. (O.C.G.A. § 20-2-690.1). In addition, a child under six years of age who has attended more than 20 days in public school will be subject to the compulsory attendance law. ((O.C.G.A. § 20-2-150 (C)).

Any child subject to the compulsory attendance, who during the school calendar year has more than five days of unexcused absences, shall be deemed truant per the Georgia Department of Education State Board Rule 160-5-1-.10 STUDENT ATTENDANCE and Bryan County Schools Board Policy JB STUDENT ATTENDANCE.

In addition, Children in Need of Services (CHINS) is an approach to dealing with status offences including truancy as created by the Juvenile Justice Reform Act (House Bill 242) and went into effect January 1, 2014. It promotes early intervention and effective alternatives to low risk offenders and uses juvenile courts as a last resort for discipline. CHINS defines a truant student for court purposes as having 10 or more days of unexcused absences from school in the current academic year. For more information about CHINS, please visit http://www.legis.ga.gov/Legislation/20132014/130097.pdf.

For more information about student attendance please visit the following sites:

[https://www.gadoe.org/External-Affairs-and-Policy/Policy/Pages/Student-Attendance-Guidance.aspx](https://www.gadoe.org/External-Affairs-and-Policy/Policy/Pages/Student-Attendance-Guidance.aspx)
Students are not counted absent from school if they are present at least half of the instructional day. Students will be marked absent from every class they miss, however, even if counted present for the day. Attendance is checked every period in the high school. If a student is not present for at least half of a class, they are marked absent from that class. Students should make up missed work within five (5) school days.

**Early Checkouts** occur when a student is removed from class and leaves school prior to the official end of the school day with a parent or legal guardian. An early checkout can be marked as excused if it is aligned to the excused absences guidelines.

ES/ MS—To be considered in attendance for a school day, the student must be present for at least one-half of the school day, excluding lunch period.

HS—High School attendance is taken by class. In order for a student to participate in an extra-curricular activity he/she must be present for at least 2 blocks that school day. Exceptions can only be made by the Principal prior to the school day.

At the time the student is released from school, the parent or legal guardian may be required to bring appropriate documentation showing the reason for an early checkout.

---

**After any combination of 10 early checkouts and/or tardies, a residency letter will be sent home to verify that the student lives in the district. If residency documents are not produced within 10 school days, then a withdrawal letter will be issued.**

---

Tardies for purposes of this section of the student handbook occur when a student is late to school. A tardy can be marked as excused if it is aligned to the excused absences guidelines.

**High School Progression for Excessive Unexcused Absences (Determined by Semester)**

3 Absences—
- Parent/guardian will be notified by a letter sent home to inform of the number of unexcused absences and the state’s attendance requirements.

5 Absences—
- Parent/guardian will be notified by phone.
• A letter, attendance protocol, and form will be sent home for the parent to sign and return to the school indicating they received and understand the school’s attendance protocol.
• A mandatory meeting will be arranged with the parent/guardian, student, and school’s SARC.
• Student is considered truant by Georgia State Board of Education Rule 7 Absences—
  • Parent/guardian will be sent a letter with the return receipt requested to inform them any more unexcused absences:
    o will result in a referral to the CHINS Program through the Juvenile Court
    o could result in course credit being denied.
10 Absences—
• The student will be referred to the CHINS Program through the Juvenile Court.

Children in Need of Services (C.H.I.N.S.) Program
C.H.I.N.S. is a new approach to dealing with status offences including truancy as created by the Juvenile Justice Reform Act (House Bill 242) and went into effect January 1st, 2014. It promotes early intervention and effective alternatives to low risk offenders and uses juvenile courts as a last resort for discipline.

School referral process:
If the school brings a complaint, it must state and show that it had attempted to address the issue at the school level. This includes addressing any disabilities or suspected disabilities that may be contributing to the child’s behavior and/or evaluating the child for additional services, when appropriate.

Grades 9-12 Policy
Students shall be in attendance at school as directed by the compulsory attendance law. Students who have successfully completed a course will receive credit if they have been absent seven (7) days or less per semester. In the event that a student misses more than seven (7) days in a particular class, credit may be denied for that class unless the school is provided with:
• an excuse from a doctor, the Health Department, or a governmental agency
• there is evidence of a verifiable death in the immediate family
• a court order for each day of absence beyond the seven (7) day limit.

When a student is ill and sent home by a school administrator or a school nurse, the absence is considered excused. Parents/guardians will be notified when the student has accumulated an excessive number of absences.

Exceptions to the attendance policy are made only in very unusual situations. In the event of an unusual situation, the parent must submit in writing to the principal a request for appeal of the attendance policy. The principal may, if the situation warrants, schedule a hearing before the school attendance committee. Such appeal must be made within ten (10) days of the end of the semester.

FAQ on the Attendance Policy
Do I have to take my child to the doctor if they are too sick to attend school?

Whether the absence is excused or unexcused, students have five school days after returning to school to complete make-up work. The Bryan County Schools Attendance Protocol does not require parents/guardians to take students to the doctor. The parent/guardian of a student must determine when to take their children to a healthcare provider. In terms of the Bryan County Schools Attendance Protocol, if a student does not attend school and does not have appropriate documentation from a healthcare professional, then the absence will be unexcused. If a student is seen by a healthcare professional, the parent/guardian has five school days after the student returns to school in order to turn in the medical documentation to excuse the absence(s).

How do I know if my child is too sick for school?
It is difficult to make those early morning decisions. Please use this to help when you are making the decision to stay home or not.

The main reasons for keeping your child at home are as follows:

- If he/she is too sick to be comfortable at school
- If he/she will spread a contagious illness/disease to another child

For more information visit: http://www.choa.org/medical-services/wellness-and-preventive-care/parent-resources/all/too-sick-for-school

Are handwritten or typed notes signed by a parent/guardian going to be accepted at all to excuse absences under the new Bryan County School Attendance Protocol?

No, only official documentation (i.e. healthcare provider notes, court papers, etc.) will be accepted to excuse an absence from school and it will only be accepted if received by the school within five school days from the student’s return to school.

What options do I have, as a parent/guardian, if my child has concerns with attendance?

All Bryan County Schools have Student Attendance Review Committees (SARC) that meet after a student has accumulated 5 unexcused absences. The committees are comprised of the parent/guardian, student, school counselor, and other personnel that are necessary including but not limited to the teacher, school social worker, and school administrator. The purpose of the SARC is to examine individual student attendance data with parents/guardians to develop interventions and ensure that the proper supports are in place to support student achievement.

If a child is sent home by a school administrator or a school nurse, is the child marked with an excused or unexcused absence?

When a child is ill and sent home by a school administrator or a school nurse, the absence is considered excused for that day. If the child continues to be absent from school, the absences beyond the day sent home will be marked unexcused until a healthcare provider’s documentation is received by the school. The documentation from a healthcare provider must be submitted to the school within five school days from the student’s return to school.

What if my child has regular healthcare appointments during school time and leaves school early multiple times a week?

The situation would be an early check out. Early checkouts occur when a student is removed from class and leaves school prior to the official end of the school day with a parent or legal guardian. An early checkout can be marked as excused if it is aligned to the excused absences guidelines. Please note that according to the Bryan County Schools Attendance Protocol after any combination of 10 early checkouts and/or tardies, a residency letter will be sent home to verify that the student lives in the district. If residency documents are not produced within 10 school days, then a withdrawal letter will be issued. The residency verification process will be triggered for excused or unexcused early checkouts and tardies.

What happens when my child is tardy to school?

Tardies occur when a student is late to school. A tardy can be marked as excused if it is aligned to the excused absences guidelines. Please note that according to the Bryan County Schools Attendance Protocol after any combination of 10 early checkouts and/or tardies, a residency letter will be sent home to verify that the student lives in the district. If residency documents are not produced within 10 school days, then a withdrawal letter will be issued. The residency verification process will be triggered for excused or unexcused early checkouts and tardies.

What happens after any combination of 10 early checkouts and/or tardies?

A residency letter will be sent home to verify that the student lives in the district. If residency documents are not produced within 10 school days, then a withdrawal
letter will be issued. The residency verification process will be triggered for excused or unexcused early checkouts and tardies. For example, if a child accumulates 6 tardies (2 excused and 4 unexcused) and 5 early checkouts (5 excused) then a residency letter will be sent home to verify that the student lives in the district.

If my child has a disability under Section 504 or receives special education services, is he or she exempt from the Bryan County Schools Attendance Protocol?

The Bryan County Schools Attendance Protocol is in place for all students including students with disabilities. Many students with disabilities require frequent healthcare appointments for their disabling conditions. Healthcare provider notes will continue to be accepted to excuse absences from school if received by the school within five school days from the student’s return to school.

Where can I go if I still have questions about the Bryan County Schools Attendance Protocol?

School administrators, school counselors, and school social workers are available to address questions related to the Bryan County Schools Attendance Protocol.

Custodial/Guardianship Changes

If the status of a student’s custody changes after the student’s enrollment, the parent or guardian shall notify the local school of the student’s new address and contact information.

Parents/guardians will be required to facilitate and obtain appropriate guardianship or custody of their child to avoid referral to an outside agency or withdrawal. State law generally prohibits attempts to make a change of custody of a minor child by removing the child from the premises of the school without permission of the person who enrolled the student. This prohibition applies even if there is a court order granting custody of the child to the person seeking to make the change.

Enrollment, Transfers & Withdrawals

Students who are residents of Bryan County are eligible for enrollment in the schools of Bryan County. Students must reside in Bryan County with the parent(s) or legal guardian(s). The Bryan County School System does not charge its students any fee for enrollment.

The following documents are required for registration:

- Proof of Residency
- Birth certificate
- Social Security Card or waiver
- Eye, Ear, Dental form
- Certificate of Immunization

Individual schools may have additional documents required for registration.

Upon enrollment, the school will request all educational documents from the previous school that the student attended.

Proof of residency is required. Students discovered to be ineligible for enrollment in Bryan County Schools will be withdrawn immediately.

A child must have attained the age of five (5) by September 1 of the fiscal year to be eligible for admission into kindergarten. A child is entitled to admission to the first grade if he or she will be six (6) years of age before September 1 of the school year. A birth certificate is required for a student to initially enter school. The student must also have a Social Security Card or waiver.

Students initially entering school or transferring from another state shall be given an eye, ear, and a dental examination by the local Board of Health or a private physician and a certificate provided pursuant to the rules promulgated by the State Department of Public Health and the State Board of Education. The statement must be on a Georgia Department of Human Resources form.

A certificate of immunization from a physician or a qualified employee of a county Board of Health shall be furnished by the child's parents to the school where
attendance is sought. The statement of immunization must be on a Georgia Department of Human Resources Form 3231. The certificate shall be placed in the student’s folder.

A student suspended or expelled from another school system will not be permitted to enroll in the Bryan County School System. Students in grades 6-12 must furnish a copy of their discipline record from the prior school.

To facilitate prompt, appropriate communication between the home and school, parents, guardians, or persons having charge or control of a student should notify the school immediately when there is a change in the student’s address and/or phone number as listed in school records.

Transfers and Withdrawals

1. In order to prevent delay, a parent or guardian should notify the principal's office at least two days prior to the date of expected withdrawal.
2. The school shall forward a transcript of the student's records to the target school upon receipt of a signed request of the parent or guardian.
3. Students are expected to return all books and materials or reimburse the school system for the books and materials not returned.
4. Any student who fails to withdraw properly shall be considered a dropout and must go through the correct procedures before being readmitted.
5. No student who is serving a suspension or an expulsion from another school system shall be allowed to enroll in a Bryan County school.

Homeless Children and Youth

The McKinney-Vento Education for Homeless Children and Youth Act ensures the educational rights and protections for children and youth experiencing homelessness. This law identified any student who lacks a fixed, regular, and adequate night time residence as homeless. It provides legal protections for children and youth in homeless situations to immediately enroll in, attend, and succeed in school and qualifying public preschool programs. It further provides provisions for student records maintenance and transfer, school of origin transportation, and appropriate dispute resolutions for homeless students. In accordance with this law, Bryan County Public Schools affords homeless children and youth equal access to the same free, appropriate public education, including comparable services, such as Title I support, special education, gifted, English Language Learners (ELL), vocational/technical, and public preschool education, as provided to other non-homeless students. Homeless children and youth will have access to the services needed to support their academic achievement as they work to meet the same challenging standards to which all students are held.

Terminology

Compulsory Attendance— Attendance in a public school, private school, or home school program is required for children between their sixth and sixteenth birthdays. Every parent, guardian, or other person residing in this state having control or charge of any child between their sixth and sixteenth birthdays shall be responsible for enrolling and sending such child to a public school, private school, or home school program. Attendance in a public school, private school, or a home school program is required regardless of the fact that a child has been suspended or expelled from school by the local board of education. Official Code of Georgia (O.C.G.A.) 20-2-690.1

Early Checkout— When a parent, guardian, or other person having charge or control of a student authorizes a student to leave the facility before the end of the school day. School day hours are published in local school handbooks and/or school websites.

Tardy— Students are considered tardy to school or class if the student arrives at a designated location after a school bell, chime, or buzzer has sounded. (Local schools will include specific information relevant to their facility to identify the designated location for student arrival.)

Truant— Any child subject to compulsory attendance who during the school calendar year has more than five (5) days of unexcused absences.
Behavior and Expectations

Positive Behavioral Interventions and Supports (PBIS)

PBIS is a prevention-oriented way for school personnel to organize evidence-based practices, improve their implementation of those practices, and maximize academic and social behavior outcomes for ALL Bryan County School students. PBIS emphasizes the establishment of systems that give school personnel the ability to use effective interventions accurately and successfully at the school, district, and state levels. These supports include (a) team-based leadership, (b) data-based decision-making, (c) continuous monitoring of student behavior, (d) regular universal screening, and (e) effective ongoing professional development. Effective classroom management and preventive school discipline are essential for supporting teaching and learning. PBIS goes further by emphasizing that classroom management and preventive school discipline must be integrated and working together with effective academic instruction in a positive and safe school climate to maximize success for all students. The principles of PBIS are the same as those represented in Response to Intervention (RTI) (e.g., universal screening, continuous progress monitoring, data-based decision making, implementation fidelity, and evidence-based interventions). Literacy and numeracy implementation frameworks are examples of the application of RTI for academic behavior, and PBIS is an example of the application of RTI for social behavior.

Purpose and Scope of the Behavior Code

Bryan County Schools (“BCS” or “District”) is committed to creating a safe, positive environment for all of our students, staff, parents, stakeholders, and community partners. BCS will work to assure that all students and staff are well-motivated, fully aware of their potential, and dedicated to pursue excellence in academic knowledge, skills, and behavior. BCS believes that all children can thrive in a safe learning environment. The District utilizes a range of activities to recognize, celebrate, and reward positive behavior at the classroom, school and district levels.

BCS has adopted this Code to support the creation of a safe learning environment for all members of the school community. The purpose of this Code is to state clearly our standards for acceptable conduct of students. The Code also explains the consequences for not meeting these standards of conduct. This Code establishes a strict policy for behavior that endangers the safety of the schools and/or disrupts the educational experience for other students. BCS does not permit corporal punishment.

The Code also sets forth the disciplinary procedures for the students who have committed violations of the Code. This Code is not meant to be a contract between the District and the students, and may be amended at any time. It is a place for BCS to explain certain guidelines applicable to students.

The rules in this Code are designed to notify students (grades K-12) as to the types of behaviors that are not acceptable; nevertheless, every specific situation may not have been included. Consequently, students should expect to be disciplined for misconduct that is obviously inappropriate. A specific rule need not be written for every conceivable variation of behavior that directly affects the orderly mission of the school.

Everyone is entitled to a safe, secure, and orderly environment in which to learn and work. The rules and regulations in this Code are designed toward that end and are effective during the following times and places:

a) On school grounds at any time;
b) Off school grounds at a bus stop, on a school bus, at a school activity, function, or event;
c) Off school grounds when the behavior of a student (1) could result in the student being criminally charged with a felony or which could result in a felony criminal charge if committed by an adult; and which (2) makes the student’s continued presence at school a potential danger to person or property at school or which disrupts the
educational process. (O.C.G.A. 20-2-751.5(c)).

d) Off school grounds while the student is participating in or attending school-sponsored or school-related activities such as field trips, conferences or athletic events, or is otherwise subject to the jurisdiction of school authorities;

e) Off school grounds when the misconduct is directed at a school student or employee and is related to the victim’s school affiliation, or when the off-campus conduct directly affects the safety and welfare of the school community or the orderly mission and function of the school; and

f) Off school grounds and when a student leaves without permission (AWOL) of a school official, or anytime Rule 10 would apply.

The rules of this Code do not apply to:

Student speech that occurs off campus if the speech is at a non-school sponsored event and does not cause or is not likely to cause a material and substantial disruption to the school environment or a school activity.

**Section B**

A student shall not cause or attempt to cause physical injury or behave in such a way that could reasonably cause physical injury or make physical contact of a threatening or provoking nature to a school employee.

Upon finding that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, such student shall be assigned to an alternative school. (O.C.G.A. 20-2-751.4) Retaliation for reports of bullying/cyberbullying will not be tolerated and will be subject to independent disciplinary action.

Section A
A student shall not be involved in any substance, drug, alcohol, or tobacco transaction, including, without limitation to buy, possess, sell, use, transmit, solicit; attempt to buy, possess, sell, use, or transmit; or be under the influence of any narcotic drug, depressant, or stimulant drug including without limitation caffeine pills, hallucinogenic drug, anabolic steroid, amphetamine, barbiturate, marijuana, inhalant, alcoholic beverage, or intoxicant of any kind. A student shall not possess, sell, buy, or transmit, or attempt to sell, buy, or transmit any substance under the pretense that it is, in fact, a prohibited substance as described in this rule. The misuse or unauthorized possession of a prescription drug or nonprescription drug shall be considered a violation of this rule; however, this rule shall not apply to proper possession and/or use of a drug as authorized by a medical prescription from a registered physician.

Self-administration of asthma medication and prescription auto-injectable epinephrine is permitted with written parental approval and required documentation to the principal or his or her designee. See administrator for completion of proper county forms and procedures.

Such acts will not be regarded lightly or considered pranks.

**Rule 11 — Other Conduct Which is Subversive to Good Order**

A student shall not perform any other act which is subversive to good order and discipline in the schools. It shall be unlawful for any person to disrupt or interfere with the operation of any public school, public school bus, or public school bus stop as designated by local school boards of education. Any person violating this code section shall be guilty of a misdemeanor of a high and aggravated nature.

Bus Disciplinary Procedures

Disciplinary action for misbehavior on school buses is administered by school administration at the local school. School buses and bus stops are considered extensions of the school campus. All rules that govern student conduct while on school campus/property apply while students are on the school bus or at the bus stop. School principals have the authority to impose an immediate suspension for serious offenses. School administration may also add any other disciplinary action deemed necessary. School bus drivers do not discipline children, although they have the prerogative to assign seats or move a child from one seat to another.

Elementary Bus Discipline Guidelines:

Offense 1: The driver will talk with a student or may reassign him/her to a new seat on the bus. If this does not correct the misbehavior, the driver will contact the parent. The driver will document these actions.

Offense 2: School administration will counsel and submit a warning to the student. The student will be placed on probation. Driver will provide documentation of action taken during first offense. The parent(s) or guardian(s) will be contacted.

Offense 3: Student will be suspended from riding the bus for one (1) day.

Offense 4: Student will be suspended from riding the bus for three (3) days.

Offense 5: Student will be suspended from riding the bus for five (5) days.

Offense 6: Student will be suspended from riding the bus for seven (7) days.

Offense 7: Student will be suspended from riding the bus for ten (10) days.

Subsequent offenses will warrant a 10 or more days’ suspension from all school buses.

Middle / High School Bus Discipline Guidelines:

Offense 1: School administration will counsel and submit a warning to the student. The student will be placed on probation. Driver will provide documentation of action taken during first offense. The parent(s) or guardian(s) will be contacted.

Offense 2: Student will be suspended from riding the bus for one (1) day.

Offense 3: Student will be suspended from riding the bus for three (3) days.

Offense 4: Student will be suspended from riding the bus for five (5) days.

Offense 5: Student will be suspended from riding the bus for seven (7) days.

Offense 6: Student will be suspended from riding the bus for 10 days.

Subsequent offenses will warrant a 10 or more days’ suspension from all school buses.

When suspended from any bus, the student is suspended from all buses (including vehicles used for
extra-curricular activities).

**Note:** All other BCS rules still apply while on the bus or at the bus stop. Safety is the first priority while transporting students to and from school. While on a bus, the bus driver/manager is the school official who has supervisory responsibility of students. Drivers must be able to concentrate on their driving at all times. A momentary distraction from their concentration can lead to a serious accident resulting in injury or death. The bus driver may return a student to the school if the student is endangering others or seriously misbehaving.

_Students who jeopardize the safety of others will be susceptible to disciplinary measures that may include being permanently suspended from school transportation services. Riding the bus is a privilege not a right._

**General Discipline Information**

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student’s discipline history, the age of the student, and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the positive character traits.

The following is general information regarding discipline:

1. Students under short-term suspension (1–10 days), long-term suspension (10 or more days), or expulsion are not allowed on any Bryan County school campus or to attend any school activity, function, or event. Students assigned to in-school suspension are not allowed to participate in extracurricular activities on the date of their ISS assignment.
2. All dangerous weapons, instruments, or controlled substances confiscated by school authorities are to be turned in to school administration.
3. A student is considered to be in possession of an illegal and/or banned item(s) or substance(s) when such item(s) or substance(s) is found on the person of the student, in his/her possession, in his/her locker, in a student’s vehicle on school property, or in any vehicle a student brought on school property, on property being used by the school, at any school function or activity, or any school event held away from the school.
4. Students are prohibited from engaging in gang/hate groups or hazing related activities in school.
5. School administrators and/or their designated representatives possess the authority to conduct a reasonable search of students, their possessions, their lockers, and their vehicles when on school property, on property being used by the school, at any school function or activity, or at any school event held away from the school if it is established there is reasonable suspicion that the search will reveal a violation of the law, the Student Conduct Behavior Code, or local school rules.
6. A student may be considered a party to a violation of the Student Conduct Behavior Code and disciplined for the underlying offense when the student: (1) Directly violates the Student Conduct Behavior Code; (2) Intentionally causes some other person to commit a violation of the Student Conduct Behavior Code; (3) Intentionally advises, encourages, hires, counsels, or procures another to commit a violation of the Student Conduct Behavior Code. A student may be considered a party to a violation of the Student Conduct Behavior Code even when the responsible persons are not students subject
7. Certain violations of the Student Conduct Behavior Code may also be violations of state law and juvenile authorities. Other law enforcement agencies may address the student’s misconduct in accordance with state laws, in addition to the school system’s administrative procedures and regulations.

8. Students are to notify an administrator or staff member when suspected illegal items, dangerous items, or other items banned from school are found in the school building, on the school campus, or on the school bus. Students are advised not to pick up or handle illegal, dangerous, banned, or unidentified items.

9. Students who are under suspension or expulsion through the spring semester will not be allowed to participate in any school-sponsored activities, including the prom, graduation exercises, or baccalaureate ceremonies.

10. Students should recognize their responsibility to know the contents of this student discipline handbook and to ask the local school administration or staff for any clarification. All students, regardless of age, are subject to the rules and regulations of the Bryan County Public Schools. Parents will review the contents of this handbook with their students.

11. State law requires that certain criminal offenses committed by a student while on school property or at a school-sponsored activity, function, or event be reported to the principal, school superintendent, appropriate law enforcement authority, and the District Attorney. (O.C.G.A. § 20-2-1184).

12. Georgia law makes it unlawful for any person to manufacture, distribute, disperse, or possess with the intent to distribute a controlled substance or marijuana in, on, or within 1,000 feet of any real property owned by or leased to any public or private elementary school, secondary school, or school board used for elementary or secondary education. Any person who violates or conspires to violate this code section shall be guilty of a felony. (O.C.G.A. § 16-13-32.4)

13. Students coming from DJJ (Department of Juvenile Justice) placement, public or private residential treatment facility, or incarceration for longer than 30 school days will transition through the Bryan County School Systems Alternative School.

14. After a disciplinary hearing has been held, textbooks, materials, or equipment belonging to the local school must be returned to a school administrator at their local school.

15. The Unsafe School Choice Option provides students at schools classified as “persistently dangerous” with the option of transferring to another school. Major offenses, including, but not limited to, drug and weapon offenses can lead to a school being named “persistently dangerous” or unsafe pursuant to State Board of Education Rule 160-4-8-.16.

References to Title 16 of the Official Code of Georgia Annotated (O.C.G.A.) included in the Student Conduct Behavior Code do not require that the elements of the specific criminal code section referenced be proved beyond a reasonable doubt before schools may punish misconduct. Further, these code references do not impose any additional intent requirements upon schools pursuing discipline against students for the violation of this Code.

Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

**Glossary of Discipline Terms**

**Assault:** Any threat or attempt to physically harm another person or any act which reasonably places another person in fear of physical harm. (Example: threatening language or swinging at someone in an attempt to strike).

**Battery:** Intentionally making physical contact with another person in an insulting, offensive, or provoking manner or in a way that physically harms the other person. This includes attacking another person with a weapon or one that causes serious bodily harm to the victim. This also includes the placement of a bomb or an explosive material sent through the mail, regardless of whether or not the material explodes.

*The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly, or dangerous conduct not covered in this Code, the school administration may undertake corrective measures which he or she believes to be in the best interest of the student and the school, provided*
any such action does not violate school Board policy or procedures.

Bullying/Cyberbullying: 1) any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so, 2) any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm, or 3) any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate that: a) causes substantial physical harm, b) substantially interferes with a student’s education, c) is so severe, persistent or pervasive that it creates an intimidating/threatening educational environment or d) disrupts the orderly operation of school. (O.C.G.A. 20-2-751.4)

For the purposes of this handbook cyberbullying will be treated as the same as bullying. Cyberbullying which occurs through the use of electronic communication, whether or not such electronic act originated on school property or with school equipment, if the electronic communication 1) is directed specifically at students or school personnel, 2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and 3) creates a reasonable fear of harm to the students’ or school personnel’s person or property or has a high likelihood of succeeding in that purpose.

Chronic Disciplinary Problem Student: A student who exhibits a pattern of behavioral characteristics that interferes with the learning process of other students.

Detention: A requirement that the student report to a specified school location and to a designated teacher or school official to make up work missed. Detention may require the student’s attendance before school or after school. Students are given one day’s warning so that arrangements for transportation can be made by the parents or guardians.

Expulsion: Suspension of a student from a public school beyond a calendar year. Such action may be taken only by the hearing officer.

Fighting: Mutual participation in a fight involving physical violence where there is no one main offender or major injury.

Gambling: Engaging in a game or contest in which the outcome is dependent upon chance even though accompanied by some skill, and in which a participant stands to win or lose something of value.

In-School Suspension (ISS): Removal of a student from assigned and extracurricular classes and placement of that student into an isolated educational setting.

Suspension: Removal of a student from the regular school program for a period not to exceed 10 days (short-term), or for a period greater than 10 days (long-term), which may be imposed only by the hearing officer. During the period of suspension, the student is excluded from all school-sponsored activities including practices, as well as competitive events, and/or activities sponsored by the school or its employees.

Theft: The offense of taking or misappropriating any property of another with the intention of depriving that person of the property, regardless of the manner in which the property is taken or appropriated.

O.C.G.A. § 20-2-738.

Bryan County Schools may utilize physical restraint in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. The physical restraint techniques used in the schools work to assure that students are restrained in a manner that is safe to the student and the staff implementing the restraint.

O.C.G.A. § 20-2-738(d).

**Dress Code**

The Bryan County Dress Code applies to all students while on any school system property, on any school bus, or during any school-sponsored activity or event, wherever located.

Bryan County Schools believe that appropriate dress has a positive impact on behavior. Any extremes in dress or appearance and/or any items which adversely affect safety are not permitted. Neat and appropriate dress is expected of all students. Any exceptions to the following must have the prior approval of the principal.

Violations of the dress code can subject the offending student to disciplinary action. Parents may be notified and required to bring appropriate clothing to school.
School system staff members regard school as students’ work. Rules for dress are designed accordingly.

**Electronics/Network Expectations**

All Bryan County students are granted access to the internet. When using Bryan County School System technology or network access, students are expected to follow the Student Conduct Behavior Code, including respecting others’ privacy. Online student accounts are to be used for legitimate educational purposes and are subject to monitoring and review, including review of text and attachments that are related to that student or students. At NO TIME should a student consider e-mail, networked applications, or account or technology access private or confidential in any way.

While the school district does maintain Internet filters, there may be times when a student may accidentally or purposefully discover inappropriate materials online. Bryan County School System DOES NOT CONDONE the use of such materials. Inappropriate use of system technology or network access is a violation of the Student Conduct Behavior Code. If the parent/guardian wishes to prohibit their child from accessing the internet, the school or school system must be notified in writing, within 30 days of the beginning of the school year or the date of enrollment. Internet access is a privilege, not a right, and all students are expected to treat this learning tool with
respect. System technology, network access, and electronic resources must not be used to:

- Harm other people.
- Interfer with other people’s work.
- Steal property.
- Gain unauthorized access to other people’s files or programs.
- Gain unauthorized access to online resources, including using someone else’s password.

- Steal or damage data and/or computers and network equipment.
- Access, upload, download, and/or distribute pornographic, hate-oriented, profane, obscene, or sexually explicit material.

The Bryan County Board of Education (BOE) permits students to possess communication devices on a limited basis and provides local school principals with the authority to set forth rules pertaining to student possession and use of such devices at their individual schools.

Failure to follow these guidelines can violate the Official Code of Georgia, O.C.G.A., Codes 16-9-90, 16-9-91, 16-9-93, and 16-9-93.1 as well as Title XVII of United States Public Law 106-554, known as the Children’s Internet Protection Act. Such use can also lead to disciplinary actions, up to and including loss of access to the Bryan County School System technology resources and further disciplinary actions as defined by existing Bryan County School System policies. Such disciplinary actions may include confiscation of technology being used inappropriately if an incident occurs.

Extracurricular Activity Expectations

Participation in interscholastic athletic competitions is a privilege extended to the students by the Bryan County Board of Education. Students participating in Georgia High School Association (GHSA) extracurricular athletic activities act as representatives of Bryan County Public Schools (BCS). All students are expected to conduct themselves in such a manner as to meet the highest standards of BCS at all times.

The Code of Conduct is designed to establish high expectations and standards for all students participating in GHSA sanctioned athletic activities. All students, parents, and coaches understand that the top priority is academic achievement. The Code of Conduct establishes high expectations regarding behavior and consistent consequences when violations occur.

The Code of Conduct goes into effect on the first day a student joins a BCS high school athletic team. The Code remains in effect for the entire calendar year, including time when school is not in session.

**Health & Safety**

**Accident Insurance**

Student accident insurance is offered as a voluntary benefit to all students enrolled in Bryan County Schools. Please visit the website at [http://markel.sevencorners.com](http://markel.sevencorners.com) for additional information. Accident insurance coverage is offered annually as a service, and the school does not receive a profit from the fees paid. When an insured student has an accident in school, or on his way to or from school, he/she should report it immediately to the teacher in charge or to the principal's office. This insurance is a secondary coverage and will pay only after the insurance carried by the parents/guardians has paid. All athletes are required to have school insurance or proof of individual accident insurance coverage.

**Bedbugs**

Schools will contact parents when their child is
suspected of having bedbugs.
Before your child can be admitted to school, he or she must be checked by the local school administrative designee.

Your child will not be readmitted to school until they are bedbug and egg free. Please accompany your child for him/her to be rechecked by the local school administrative designee.

**Bryan County School System Safety Plan**

The Bryan County School System has developed an Emergency Preparedness Plan for the school system and for each of the Bryan County schools. A copy of each plan is on file in the Bryan County Board of Education office. A copy of the individual school plan is on file in the principal's office. Safety drills are held at each school based on the school's approved plan. The schools and the central office monitor weather conditions on a continuous basis.

**Child Abuse and/or Neglect**

All Bryan County Schools faculty and staff are state mandated reporters and are required to report any suspected instances of child abuse or neglect to designated school officials, who in-turn report to the appropriate authorities.

**Concussion Policy**

In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include, a licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.)

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

c) It is mandatory that every coach in each GHSA sport participate in a free, online course on concussion management prepared by the NFHS (available online at www.nfhslearn.com) at least every two years – beginning with the 2013-2014 school year.

d) Each school will be responsible for monitoring the participation of its coaches in the concussion management course, and shall keep a record of those who participate.

**Emergency Contact Information**

In the event of an emergency/illness at school, it is very important that the school has up-to-date contact information. It is the parent/guardian’s responsibility to make transportation arrangements to pick up sick and/or injured students promptly from the school.

**First Aid/Illness**

Students who become ill during the school day or are in need of first aid must report to the principal's office or clinic. Arrangements are made for getting students to a doctor or home when an emergency arises. If a student is taken to a doctor or the hospital, the parent is notified immediately and is expected to pick up the student and assume responsibility for their well-being.

**Students May Return to School When Their Temperature Has Been Normal for 24 Hours (Without Medication to Control Temperature).** Please immediately notify the school principal and school nurse upon enrollment or subsequent diagnosis of any allergies a child has.

**Head Lice**

Schools will contact parents when their child is suspected of having head lice. Before your child can be admitted to school, he or she must be checked by the
local school nurse.

Unless proof of treatment is presented and all live lice are gone, your child will not be readmitted to school nor will he/she be allowed to ride the school bus until these procedures are followed. Please accompany your child for him/her to be rechecked by the school nurse.

**Hospital/Homebound Program**

The Hospital/Homebound Program is available for students who have a serious illness necessitating an absence of ten (10) days or more or who have a documented chronic illness necessitating frequent, intermittent absences. The parent must obtain forms from the school and have a doctor complete a statement that the student is too sick to attend school. When this form is returned to the school, a meeting will be scheduled to develop an educational service plan. The student is counted present for the time of confinement as long as s/he is served three (3) hours or more per week by the Hospital/Homebound Teacher.

Students who miss more than four weeks of school due to an illness should be referred to the student support team at the school. Modifications and adaptations in the classroom; services of the school nurse, and/or counselor; modifications in the length of day; and other alternatives should be considered in an effort to enable the student to participate in the educational process on the actual school campus. Hospital/homebound services are not a substitution for the on-campus academic curriculum. Students should be educated at school, when at all possible.

A child who returns to school will be automatically removed from the hospital/homebound program.

**Medication**

All medications, along with a completed Authorization for Administration of Medicine form, must be carried to the clinic by a parent/guardian in the original labeled bottle and logged in with the school nurse. DO NOT SEND MEDICATION TO SCHOOL WITH YOUR STUDENT. Medication brought in by students will not be given and will be held until logged in by a parent or guardian. While the student is at school, medication will be kept and administered by the school nurse or designee in the clinic or office, and the inventory will be updated as medication is taken.

**School Closings**

School closings are determined by the Superintendent, not by the local school. If bad weather causes school to be cancelled or dismissed early, public announcements will be made on the school system’s website (www.bryan.k12.ga.us). The basic premise is that school is open or will remain open unless it is specifically announced otherwise. Full-day cancellations usually are announced by 6 AM.

**Self-Administration of Medication**

Senate Bill 472 authorizes student self-administration of prescription asthma medication at school, thus relieving the school district and its employees of any liability in connection with such self-administration. In order for a student to keep an asthma inhaler in his possession, the bill requires (1) written authorization from a parent or legal guardian; (2) a physician’s written statement detailing the name and purpose of the medication, prescribed dosage, and time(s) or special circumstances for administration of the medication; and, (3) written authorization from the parent(s) or guardian(s) for the school to seek emergency medical treatment for the student when necessary and appropriate. Please contact the school nurse to obtain the appropriate form.

**Instruction**

**Curriculum**

Georgia Standards of Excellence (GSE) describe the knowledge and skills in English Language Arts and Mathematics that students will need when they graduate, whatever their choice of college or career. These sets of standards define the knowledge and skills students should have to succeed in entry-level, credit-bearing, academic college courses and in workforce training programs. The standards are based on the best national and international standards, giving our
students a competitive advantage in the global economy.

Bryan County Schools uses the Measures of Academic Progress (MAP) for academic universal screening K-12 in reading, language usage, and math. The computerized screeners are completed three times a year. MAP creates a personalized assessment experience by adapting to each student’s learning level for a measurement of student progress and growth. The Teaching and Learning Department in collaboration with leadership teams at the schools also use MAP to predict student performance on the Georgia Milestones.

The Social, Academic, and Emotional Behavior Risk Screener (SAEBRS) is utilized for behavior universal screening K-12 in Bryan County Schools. SAEBRS is a tool that measures common behavioral criteria in Social Behavior, Academic Behavior, and Emotional Behavior along with risk and protective factors. This information is used to inform student needs and recommend school supports.

**Dual Enrollment - Move On When Ready**

House Bill 149, Move on When Ready (MOWR), provides an arrangement whereby an eligible student currently entering eleventh or twelfth grade who spent the prior school year in attendance at a public high school in Georgia may take all of his or her courses at or through an eligible institution or a virtual medium approved by the State Board of Education. Through this dual enrollment, the student will receive secondary credit from his or her high school with the goal of completing graduation and high school diploma requirements. As with all dual enrollments, MOWR students are enrolled in both the high school and the postsecondary institution and earn credits through both systems. Under HB149, funding for Move on When Ready students is provided through FTE, as arranged by the Department of Education.

Dual enrollment provides Georgia high school students with the opportunity to take college-level courses and earn concurrent credit toward a high school diploma and a college degree. Participation in dual enrollment eases the transition from high school to college, provides students with an early start on their college careers, and offers meaningful and challenging academic experiences to qualified students. Dual enrollment can help increase the number of high school graduates who are ready to both begin college and start a career.

Any eligible high school student may enroll full-time or part-time in approved credit-bearing college-level courses that are approved by the State Board of Education. Courses may be taken before, during, or after regular school hours on the college campus, online, or at the high school. Approved courses may count toward high school graduation requirements, as well.

**HB 149 Funding** Tuition, materials and fees for full-time Move on When Ready students is provided through the student’s high school FTE funding. Under the Move on When Ready program, an eligible student enrolled in courses taken at an eligible institution for secondary credit shall not be able to apply for any other state student financial aid at said institution.

**HOPE Grant Program** The HOPE Grant program is a non-need based grant program, separate from the HOPE Scholarship, offered during the fall, winter, and spring terms of the school year at eligible high schools for Georgia residents seeking technical certificates or diplomas from TCSG and USG eligible postsecondary institutions. The Georgia Lottery for Education funds the Hope Grant program. The Georgia Student Finance Commission (GSFC) administers the program.

**Hope Grant Funding.** The Hope Grant is different from the Hope Scholarship for graduates. Eligible students seeking a technical Certificate or Diploma from a Technical College System of Georgia institution or University System of Georgia institution may receive Hope Grant funds covering the full cost of tuition, certain Hope-approved mandatory fees and a book allowance of up to $100 per quarter or approximately
$150 per semester. Applications and information for the Georgia Lottery-funded Hope Grant Program are located on the Georgia Student Finance Commission website at [www.gsfc.org](http://www.gsfc.org).

Please see your school counselor or contact the Georgia Student Finance Commission for the most current information on these programs.

**Exceptional Student Services**

The Exceptional Student Services Department meets the individual needs of students ages three through twenty-one who are eligible for services according to the Individuals with Disabilities Education Act (IDEA).

A full continuum of services is available, ranging from the least restrictive to more restrictive environments, depending on the specific needs of the student. The department also supports schools in ensuring students with disabilities appropriately access the curriculum and provide specialized instruction as determined necessary by the Individualized Education Program (IEP).

In collaboration with students, schools, families, and the community, the Exceptional Student Services Department assists students with disabilities in increasing academic performance and enhancing post-secondary options.

**Georgia Milestones Assessment “Test Out” Option for High School**

The opportunity exists for students to “test-out” of any course for which there is an associated End-of-Course-Test (EOCT) and earn credit for the course through that process (See State Board of Education Rule 160-5-1-.15).

Students must meet the following eligibility requirements to exercise this option:

- The student must not be currently or previously enrolled in the course for which the Georgia Milestones Assessment is being exempted.
- The student must have earned a grade of B or better in the most recent course that is in the same content area of the course for which the student is attempting the Georgia Milestones Assessment.
- The student must receive a teacher recommendation from the teacher in the most recent course in the same content area for which the student is attempting the Georgia Milestones Assessment.
- The student must have parent/guardian permission if the student is less than 18 years of age.
- If the student does not reach the performance level of Exceeds when attempting to test-out, they will be required to enroll and complete the associated course to receive credit and will retake the EOCT following the course.
- A $50 deposit is required for any student taking the test.

**Grading**

For students in kindergarten, student performance is assessed using the Georgia Kindergarten Inventory of Developing Skills (GKIDS).

For students in grades 1–12, student performance is graded using the following scale:

- 90% and above  A - excellent progress
- 80%-89%     B - above average
- 70%-79%     C - average progress
- Below 70%    F - unsatisfactory

**Professional Qualifications of Teachers**

In compliance with the requirements of the Every Student Succeed Act, parents are entitled to request information about the professional qualifications of their child’s teacher. The following information may be requested:

1. has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and

3. is teaching in the field of discipline of the certification of the teacher; and

4. whether the child is being provided services by a paraprofessional and, if so, their qualifications.

If you wish to request information concerning the qualifications of your child’s teacher and/or paraprofessional, please contact the school principal.

All Georgia paraprofessionals must hold a valid state license issued by the Georgia Professional Standards Commission, (based on state certification rule 505-2-.18).

Promotion Policy

Grades 1-8

To be promoted from one grade to another, a student must pass all but one subject, satisfy requirements of policy IHE, and satisfy attendance requirements. Students in grade 3, 5, and 8 must have passed the appropriate Georgia Milestones Assessment.

If a student receives services through the Exceptional Services Department or has been retained before, a special committee will determine appropriate placement.

Grades 9-12

Students must meet the following minimal number of credits to be promoted to the next grade level:

6 credits to be promoted from 9th to 10th grade
13 credits to be promoted from 10th to 11th grade
19 credits to be promoted from 11th to 12th grade

Students must also meet attendance requirements.

Student Support

Bryan County Schools uses the SST process in conjunction with a Multi-Tiered Student Support System (MTSS). Schools utilize Response to Invention: Georgia’s Student Pyramid of Interventions as a guide which can be found at http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Curriculum-and-Instruction/Documents/RTI%20document%20Full%20Text.pdf.

Requests for service for the student from the Student Support Team may include curriculum strategies and interventions, learning style assessment, behavior management techniques, achievement assessment, home-school communication, or study skill assistance.

Prior to consideration of services under IDEA, various interventions should be used documented, described, and discussed. In limited instances, the Student Support Team may make an immediate recommendation to determine eligibility. These cases are those in which the necessity for services is so clear that use of other options would be non-productive or harmful to the child and are well documented.

Title I, Parental Involvement Plan

The Board recognizes that a child’s education is a responsibility shared by the school and the family. To effectively educate students, the schools and parents must work as knowledgeable partners. Parent and family involvement is an ongoing process that assists the teachers in meeting their obligations to the child. As their child’s first teacher, the parent helps to promote clear, two-way communication between the home and the school.

The Board and all Bryan County public schools shall abide by and support all rules and regulations pertaining to Title I, Improving the Academic Achievement of the Disadvantaged, No Child Left Behind Act of 2001, Public Law 107-110, and Georgia’s ESEA Flexibility Waiver approved Feb. 9, 2012. A written plan for Title I parental involvement that establishes programs and practices to enhance parental involvement and reflects the needs of students and families will be jointly developed by parents and school staff. The plan will be unique to
each school and will include a home/school compact. The plan will support the development, implementation, and regular evaluation of the parental involvement program.

The Superintendent or his designee shall supervise the development and annual review of the Bryan County Public Schools Title I Parental Involvement Policy to be incorporated into the plan developed pursuant to 20 U.S.C.A. § 6312. The Title I Parental Involvement Policy shall be developed jointly with, approved by, and distributed to parents. The Title I Parental Involvement plan shall establish Bryan County Public Schools expectations for parental involvement and shall describe how Bryan County Public Schools will:

1) Involve parents in development of the plan required under 20 U.S.C.A. § 6312 and the process of school review and improvement;
2) Provide the coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance;
3) Build the schools’ and parents’ capacity for strong parental involvement;
4) Coordinate and integrate parental involvement strategies under Title I with parental involvement strategies under other instructional pre-K through 12 programs;
5) Annually evaluate, with the involvement of parents, the content and effectiveness of the Title I Parental Involvement Plan in improving the academic quality of the schools, including identifying barriers to greater participation (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, limited literacy, or are of any minority background). The findings of said evaluation should assist in designing strategies for more effective parental involvement, and to revise, if necessary, the Title I Parental Involvement Plan.

**Valedictorian, Salutatorian & Honor Graduate**

Class ranking for the purpose of deciding valedictorian and salutatorian shall be determined by a quality point system at the completions of four years (eight semesters) of high school. The student with the highest number of quality points will be the valedictorian, and the student with the second highest number of quality points will be the salutatorian. In the event of a tie, the student with the highest GPA for all four years (eight semesters) will be named the valedictorian. This average can be taken to the number of decimal points required to break the tie. Students who transfer into the Bryan County School System must be enrolled in a Bryan County High school for at least two consecutive semesters (entire senior year) to be eligible to be named the valedictorian or salutatorian. The distinction of Honor Graduate will be awarded to graduating seniors who have a weighted cumulative Grade Point Average (GPA) for all courses attempted of at least 4.0 on a 5.0 scale. Grades on all courses attempted will be considered in the computation, including those courses taken for high school credit in middle school, courses taken during evening school, or summer school. The divisor shall be the total number of classes attempted (A student cannot receive credit twice for the same class.).

Georgia has adopted the Interstate Compact on Educational Opportunity for Military Children (O.C.G.A. 20-17-1, et. Seq.) which may impact provisions in this Rule. See Policy JG, Educational Opportunity for Military Children, for more information.

Program offerings vary by school location. The lack of English language skills shall not be a barrier to admission or participation in the district’s activities and programs. The Bryan County School System also does not discriminate in its hiring or employment practices.

Any student or employee who believes he or she has been subjected to harassment or discrimination by other students or employees of the school district based upon his or her race, color, religion, national origin, age, disability, or sex should promptly report the same to the school principal or directly to the contacts listed below.

processing complaints, questions, or requests for additional information.

**Bryan County School System Complaint Procedure for Title II; Title IX; and Section 504**

Any employee, applicant for employment, or other person who believes he or she has been discriminated against or harassed in violation of this policy must make a complaint in accordance with the procedures outlined below.

**Complaints Procedure**

Complaints made to the School District regarding alleged discrimination or harassment on the basis of race, color or national origin in violation of Title VI; religion or sex in violation of Title VII; sex in violation of Title IX; disability in violation of Section 504 or the ADA, or on the basis of age in violation of the ADEA, will be processed in accordance with the following procedure:

Any employee, applicant for employment, or other person with a complaint alleging a violation as described above shall promptly notify, in writing or orally, either the principal for his/her school or the appropriate coordinator designated from time to time by the Board of Education. If the complaint is oral, either the coordinator or school principal to whom the complaint is made shall promptly prepare a memorandum or written statement of the complaint as made to him or her by the complainant and shall have the complainant read and sign the memorandum or statement if it accurately reflects the complaint made. If the complaint is made to a school principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint.

If the alleged offending individual is the coordinator designated by the Board of Education, the complaint shall either be made by the complainant to the Superintendent or, if the complaint is initially made to the school principal, reported by the principal to the Superintendent. If the alleged offending individual is the Superintendent, the complaint shall be made to the designated coordinator, who shall, without further investigation, report the complaint to the Board chairperson.

The coordinator or his or her designee shall have fifteen work days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator or designee shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant, the appropriate coordinator and the Superintendent or his or her designee.

If the complaint is not resolved at the conclusion of this fifteen-day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five work days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools. If the alleged offending individual is the Superintendent, the complainant may have the complaint referred to the Board of Education, rather than the Superintendent.

The Superintendent shall have fifteen work days to review the complaint and the response of the
coordinator or designee and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his or her approval of the action recommended by the coordinator or designee or the action to be taken by the School District in response to the complaint in lieu of that recommended by the coordinator or designee and the time frame in which such action shall be taken.

If the complainant is dissatisfied with the response of the Superintendent, then the complainant shall have the right, within fifteen work days of the receipt of the written response of the Superintendent, to have the complaint referred to the Board of Education. In order to have the Board review the Superintendent's decision, the complainant must file with the Superintendent a written statement setting forth the reasons he or she disagrees with the response of the Superintendent and the action the complainant is requesting the School District to take. The complainant shall also include in the written response a request that his or her complaint be referred to the Board of Education.

Within thirty work days of receipt of the written request of the complainant, the Superintendent shall present the matter to the Board of Education at its regular meeting or at a special meeting called for that purpose. The Board shall review the original complaint, the response of the coordinator or designee, the response of the Superintendent, and the response of the complainant. In addition, the Board may, but is not required to, hear directly from any individuals with knowledge of any relevant facts relating to the complaint.

The Board of Education will either uphold the recommendation of the Superintendent or require the School District to take some other action in response to the complaint. A copy of the action of the Board will be furnished to the complainant, either as a part of the minutes of the Board of Education or as a separate written statement. The Board shall be the final reviewing authority within the School District.

This policy is not intended to deprive any employee of any right they may have to file a grievance pursuant to any other policy of the local Board of Education, specifically the policy designed to implement Official Code of Georgia Annotated 20-2-989.5, where appropriate. This policy is not intended to provide an alternative process for resolving evaluation and employment disputes where there already exists a due process procedure mandated by state law or State Department of Education regulations, specifically including, but not limited to, hearings to be conducted pursuant to the Fair Dismissal Act of Georgia. The complainant retains at all times the right to contact the Office of Civil Rights, the Equal Employment Opportunity Commission or any other appropriate state or federal agency with regard to any allegations that the system has violated the statutes described above.

No reprisal shall occur as a result of reporting unlawful discrimination or harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.

The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible and in compliance with law, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding
consideration.

The School District does not discriminate on the basis of race, color, national origin, religion, age, disability, or sex in its employment practices. It is the policy of the Board of Education to comply fully with the requirements of Title VI, Title VII, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA), the Age Discrimination in Employment Act (ADEA) and all accompanying regulations.

The following person has been designated as the employee responsible for coordinating the Board's efforts to implement this non-discrimination policy.

**Family Educational Rights and Privacy Act (FERPA)**

Parents have certain rights with respect to student educational records pursuant to the Family Educational Rights and Privacy Act (FERPA). These rights transfer to the student when the student becomes an “Eligible Student” upon reaching the age of 18 or attending a school beyond the high school level. The rights of Parents and/or Eligible Students are summarized as follows:

- The right to inspect and review student educational records maintained by the school. A Parent or Eligible Student seeking to inspect and review educational records should submit a written request to the Principal of the school in which the student is enrolled or last attended.
- Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal or appropriate school official, clearly identify the part of the record they would like changed and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request.
- The right to notice of what information the school has designated as directory information and a reasonable time after such notice to inform the school that the designated information should not be released without prior consent. See the following section for information on the release of directory information.
- The right to consent to the disclosure of personally identifiable information contained in student educational records (other than directory information), except to the extent FERPA authorizes disclosure without consent. Disclosures for which the consent of the Parent or Eligible Student is not required include the following:
a) to school officials with a legitimate educational interest. A school official is any school employee or any contractor, consultant, volunteer, or other person who performs school system services or functions that would otherwise be completed by school employees. A legitimate educational interest is a need that arises out of a school official’s role in providing educational services, including instruction, evaluation, therapy, etc., to a student, or out of the performance of administrative, supervisory, clerical, or other responsibilities prescribed by the school system;
b) to other school systems in which the student seeks or intends to enroll as long as the disclosure is for purposes related to the student’s enrollment or transfer;
c) to specified officials for audit or evaluation purposes;
d) in connection with the student’s application for financial aid;
e) to state and local officials pursuant to State law;
f) to organizations conducting studies on behalf of the school;
g) to accrediting organizations;
h) to parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
i) to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other persons; and
j) in compliance with judicial order or pursuant to any lawfully issued subpoena when the educational agency makes reasonable effort to notify the Parent or Eligible Student in advance of the compliance. In limited circumstances, an order or subpoena may require the District to disclose information without notifying the Parent or Eligible Student.

- A Parent or Eligible Student who believes his or her rights under FERPA may have been violated may file a complaint by writing to the Family Policy Compliance Office. Complaints must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA occurred. Complaints should be sent to:
  Family Policy Compliance Office
  U.S. Department of Education
  400 Maryland Avenue, SW Washington, D.C. 20202-5920

**Harassment Statement**

It is the policy of the Bryan County Board of Education not to discriminate on the basis of gender, age, race, ethnicity, color, disability, religious belief, or national origin in educational programs and activities, nor in admissions to facilities operated by the Bryan County Board of Education, or in the employment practices of the school system. It is the express policy of the Bryan County School Board to comply with all laws and regulations relating to discrimination now in effect or hereafter enacted.

The Bryan County Board of Education does not and will not tolerate harassment of our students or employees. The term “harassment” includes, but is not limited to, slurs, jokes, and other verbal, graphic, or physical conduct relating to an individual’s race, ethnicity, color, gender, religious belief, nationality, citizenship, age, or disability. “Harassment” also includes sexual advances, requests for sexual favors, unwelcome or offensive touching, and other verbal, graphic, or physical conduct of a sexual nature.

Violations of this policy will subject an employee to disciplinary action up to and including immediate employment termination. Students violating this policy may be disciplined up to and including expulsion from school.

**Student Complaints and Grievances**

The Bryan County Board of Education is committed to providing an environment free of sexual harassment and all forms of harassment and discrimination on the basis of race, color, religion, gender, age, nationality, or disability. If a student believes he or she is being mistreated on account of race, color, religion, gender,
nationality, or disability, the student may utilize the following three-step procedure.

**Step I:**
If a student has a complaint of discrimination or unfair treatment, they should report their concern to the principal, the local school’s Title IX coordinator, teachers, counselors, or other school administrators. If a student is not satisfied with the complaint’s resolution, the student or their parent may request a meeting with the principal, following which, the principal will inform the parent in writing of their decision regarding the complaint.

**Step II:**
If, after meeting with the school principal, the student is not satisfied with the principal’s decision, a written appeal may be submitted to the Grievance Coordinator, Dr. Trey Robertson, within 10 working days of the receipt of the principal’s decision.

The appeal must cite specific reasons for reconsideration of the complaint, stating precisely the source of dissatisfaction, and be limited to the matter under review.

**Step III:** For assistance with the student complaint or grievance process, you may contact the district Division of Operations & Student Services, Bryan County Public Schools.

*Retaliation on account of filing a complaint at any level is strictly prohibited.*

**Parents and Protection of Pupil Rights Amendment (PPRA)**
The Protection of Pupil Rights Amendment affords Parents and Eligible Students rights and protections regarding instructional materials used in educational programs, surveys administered to students, and the conduct of certain physical examinations. The rights and protections established by the PPRA include:

- **Instructional Materials.** The Parent or Eligible Student has the right to inspect any instructional material used as part of the educational curriculum for the student; and

- **Surveys.** The Parent or Eligible Student has the right to inspect any survey created by a third party, prior to the administration or distribution of the survey and the right to opt the student out of participation in any such survey. In addition, before a student may be required to submit to a survey revealing “Protected Information,” the written consent of the Parent or the consent of the Eligible Student is required. Finally, a minor student may not volunteer to submit to a survey revealing “Protected Information” without providing the Parent of the student with prior written notice of the administration of the survey and an opportunity to opt out of the survey. “Protected Information” falls into the following categories:

  1) Political affiliations or beliefs of the student or student’s parent;
  2) Mental and psychological problems of the student or the student’s family;
  3) Sexual behaviors and attitudes;
  4) Any self-incriminating behavior;
  5) Critical appraisals of other individuals with whom respondents have close family relationships;
  6) Legally recognized privileged or analogous relationships, such as those of with lawyers, physicians, and ministers;
  7) Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program); or
  8) Religious practices, affiliations, or beliefs of the student or parents.

**Physical Examinations.** Parents have the right to notice of any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student. Exceptions include hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law.

The Bryan County Board of Education has developed and adopted policies regarding these rights, as well as
arrangements to protect students' privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution procedures.

The Bryan County Board of Education will notify parents and eligible students of these policies at least annually and after any substantive changes. Individual schools will directly notify parents and students, at least annually, at the start of each school year of the specific or approximate dates of the collection, disclosure, or use of personal information for marketing, sales or other distribution and the opportunity to opt of said services.

**Release of Directory Information**

FERPA permits the District to disclose information designated as Directory Information without the consent of the Parent or Eligible Student. Directory Information is data which is generally not considered harmful or an invasion of privacy when distributed.

Among the purposes that the Directory Information exception facilitates is the release of student information in athletic and extracurricular programs, yearbooks, honor roll and other recognition lists, graduation programs, media releases, etc.

Bryan County Public Schools has designated the following information as “Directory Information”: name, address, telephone number, date of birth, electronic mail (e-mail) address, photograph, audio recordings, video recordings, grade level, years of attendance, participation in officially recognized activities and sports, weight and height of members of athletic teams, and honors and awards received. Unless the Parent or Eligible Student decides to opt out of Directory Information disclosure, the items as indicated above may be distributed to appropriate legitimate agencies identified by the District, including, but not limited to, PTA, colleges, and military recruiters. You have the right to refuse this disclosure. In order to opt, you must notify your student’s principal in writing within 10 days of receipt of this handbook.

The written notice must include:

(1) the name of the student;

(2) a statement that the parent/guardian or eligible student is opting out of the disclosure of Directory Information under FERPA; and

(3) signed and dated by the parent, guardian, or eligible student. *

*Please note that your written notice will be effective for the current year only and must be renewed on an annual basis should you wish to continue to opt out of the release of directory information.

**Section 504 of the Rehabilitation Act of 1973**

Section 504 is a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive Federal financial assistance from the U.S. Department of Education. Section 504 provides: "No otherwise qualified individual with a disability in the United States . . . shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance . . . ."

To be protected under Section 504, a student must be determined to: (1) have a physical or mental impairment that substantially limits one or more major life activities; or (2) have a record of such an impairment; or (3) be regarded as having such an impairment. Section 504 requires that school districts provide a free appropriate public education (FAPE) to qualified students in their jurisdictions who have a physical or mental impairment that substantially limits one or more major life activities.

**CHILD FIND RESPONSIBILITY:** Under Child Find for Section 504, a school district is obligated to identify students who are disabled and may need related services or accommodations because of their disability. Section 504 eligibility and the need for an
accommodation plan are separate determinations. OCR (Office of Civil Rights) has indicated that a student does not have to demonstrate a need for related services or accommodations in order to be Section 504 eligible. Even if a student does not need a 504 Accommodation Plan, he/she can be determined eligible and receive procedural safeguards, periodic reevaluation, manifestation determination and the nondiscrimination protections of Section 504. Should the need for 504 Accommodation Plan develop, the team would reconvene and develop an appropriate plan.

EVALUATION AND ELIGIBILITY DETERMINATION: An evaluation under Section 504 is not necessarily a comprehensive evaluation as required under Individuals with Disabilities Education Act (IDEA). Section 504 evaluations draw upon a variety of sources and may include cumulative record and work sample review; observational data; interviews with student, parent and/or school personnel; and/or administration of formal assessment measures. A physician’s medical diagnosis alone is insufficient to suffice as an evaluation. Although a medical diagnosis is one source of data to consider, it is neither required nor sufficient for establishing eligibility under Section 504. The Section 504 team may request medical documentation to assist in determining eligibility. The 504 team should always include persons knowledgeable about the student, interpretation of evaluation data, and the placement options available.

SECTION 504 ACCOMMODATION PLAN (504 PLAN): A student who is eligible for Section 504 and requires related services or accommodations in order for his/her educational needs to be met as adequately as those of nondisabled peers will have a Section 504 Accommodation Plan developed. The goal of the plan is to provide reasonable accommodations that ensure a student with a disability has the opportunity to participate and access the general education curriculum and extracurricular activities to the same extent as a nondisabled peer. This does not guarantee equal outcome, but provides equal opportunity, so that if appropriate effort is applied, a student will benefit the same as nondisabled peers. The 504 Plan will be developed by the Section 504 team and will be based upon the individual student’s educational needs and least restrictive environment. For a diabetic student, whose endocrine system does not function properly and is at risk of serious health problems, and even death, if not properly treated, the 504 Plan may include, but is not limited to: monitoring of blood glucose levels, permission to carry and use blood glucose monitoring supplies, snacks, water, and insulin as per the student’s Diabetes Medical Management Plan (DMMP), and frequent restroom breaks.

STUDENTS WITH DIABETES: Students with school-developed health plans may need to be referred for 504 evaluations. It is the responsibility of the school nurse or another BCS staff member to initiate the Section 504 referral; it is not the responsibility of the parent to do so, although they may also initiate the referral. After a 504 evaluation and eligibility determination, a 504 Accommodation Plan may be written to reflect needed accommodations, including those indicated in the student’s Diabetes Medical Management Plan (DMMP). It is important to note that a diabetic student need not exhibit limitations in learning in order to be referred for a Section 504 evaluation.

TRAINING TO ADDRESS MEDICAL NEEDS: Bryan County Schools will provide training by qualified medical personnel to staff who educate, serve, supervise, or transport students. Training for staff (includes, but is not limited to, administrators, school nurses, teachers, paraprofessionals, bus drivers, cafeteria staff, substitute teachers, substitute paraprofessionals, substitute bus drivers, and staff supervising students on field trips or other off-campus locations), will address the needs of students with medical conditions requiring school-developed health plans and/or Section 504 Accommodation Plans. Detailed information will be provided with regard to addressing the needs of students with diabetes, including diabetic and emergency care and a review of
a protocol reflecting required written notification by the school nurse to the parent/guardian one week in advance of a student needing medical and other related supplies. If supplies are not received within three calendar days, then the school nurse will follow-up with a phone call or email (parent-provided email address). All notifications must be documented by the school nurse.

If a parent, guardian, or adult student has a question about their rights under Section 504, they may contact the district’s designated Section 504 representative at 912-851-4000.

**Sexual Misconduct**

“20-2-751.7(a) The Professional Standards Commission shall establish a state mandated process for students to follow in reporting instances of alleged inappropriate behavior by a teacher, administrator, or other school employee toward a student which shall not prohibit the ability of a student to report the incident to law enforcement authorities. Each local school system shall be required to implement and follow such state mandated process and shall include the mandated process in the student handbooks and in employee handbooks or policies.”

a) Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse of sexual misconduct by a teacher, administrator or other school system employee is urged to make a verbal report of the act to their teacher, counselor, or an administrator at their school.

b) Any teacher, counselor, or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make a verbal report of the incident immediately to the school principal or principal’s designee, and shall submit a written report of the incident to the school principal or principal’s designee, within 24 hours. *If the principal is the person accused of the sexual abuse or sexual misconduct, the verbal and written reports should be made to the superintendent or the superintendent’s designee.*

c) Any school principal or principal’s designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 shall make a verbal report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe that a child has been abused. The report should be made by telephone and followed by a written report, if requested, to a child welfare agency providing protective services, as designated by the Department of Human Resources, or, in the absence of such agency, to an appropriate police authority or district attorney.

Reports of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the investigation of the alleged sexual misconduct indicates a reasonable cause to believe that the report is valid, the school principal or principal’s designee shall make an immediate written report to the superintendent.

“Sexual Abuse” means a person’s employing, using, persuading, inducing, enticing or coercing any minor who is not that person’s spouse to engage in any sexual act as defined in O.C.G.A. 19-7-5.

“Sexual Misconduct” includes behavior by an educator that is directed at a student and intended to sexually arouse the educator or the child. Sexual misconduct by an educator may include, but is not limited to, the following behavior:

1) Making sexual comments, jokes or gestures;
2) Showing or displaying sexual pictures, photographs, illustrations, or messages;
3) Writing sexual messages/graffiti on notes or the Internet;
4) Spreading sexual rumors;
5) Unnecessarily supervising students as they dress, shower or use restroom areas at school;
6) Flashing or “mooning” students;
7) Touching, excessively hugging or grabbing students in a sexual manner;
8) Forcing a student to make a sign of physical affection or any movement sexual in nature;
9) Talking or asking about a student’s developing body, sexuality, dating habits, etc.;
10) Talking repeatedly about sexual activities or sexual fantasies;
11) Making fun of the student’s physical attributes; or
12) Calling the students by a sexual name.
