

Miss Mishou's October Owl Report

"OWL" We've Been Up To

Second and Third Grade are off to a great start! I have had so much fun getting to know these amazing second grade friends and catching up with my 3rd grade friends!

Second graders are really getting good at our morning and afternoon routines! They are using "OWL" folders to keep themselves organized.

Third graders are adjusting very well to the recent change in 3rd grade. Ms. Judy is filling in for Mrs. Ziegler. We couldn't ask for a better helper! I am the teacher to contact for both 2nd and 3rd grade until further notice!

Second and third grade are working together for science and social studies this year. We are currently learning about erosion. We're exploring what it is and how it impacts our community. We have been to the boat landing and Joe Pease to check out erosion and projects being done to protect Indian Island from it!

2nd and 3rd Grade completed the Fall NWEA tests! They did an outstanding job taking the test and doing their best!

Be sure to check "OWL" folders and agendas each night for homework, papers and perhaps even notes from me! Also keep an eye on ClassTag for communication!

Important Information

Haunted Readings are Tuesday, October 25th

Halloween Party Monday, October 31st

Inservice - No School Tuesday November 1st

Halloween Party

Second grade will be having a Halloween party on Monday October 31st. I will send out a Classtag signup if you'd like to send something.

Something New

Second and Third grade are combined this year for Science and Social Studies as well as all their specials! This creates more opportunities for both groups in collaboration, teamwork, social emotional learning and more.

"Grow Wise Little Owls"
